OPTION A: Journal Entry

Write a journal entry about what you did today. Your journal entry must be at least ten (10) sentences long.

Example:

Friday, December 1, 2017:

Today, we did not go to school because there was too much snow. When I woke up, everything was white outside. My brother said, "let's go outside and have a snowball fight!" Our mom said, "Make sure you wear your coats!" So my brother and I put on our coats and went outside. My brother said, "Wow! There must be a foot of snow here!" Then he picked up a snowball and threw it at me. He ran down the street, laughing. I tried to chase him, but I slipped on the ice. He was going to help me up, but he had to jump out of the way when I threw a snowball at him. We kept throwing snowballs at each other until we got too cold. Then we went inside and had hot chocolate. It is the first snow of winter. I hope it doesn't melt too soon!

OPTION B: Photo Journal

Use a camera or photo app (Snapchat, phone camera, etc) to take at least ten (10) pictures of what you do today. Write a one (1) sentence caption for each picture. You may add emojis or hashtags if you want, but part of the caption must be a complete sentence. Save your pictures and bring them to school when we return to share them with the class.
