

CP Telephones

CP

Liberal USD 480 is committed to respecting the student classroom time as it is understood that good schools focus sharply on learning. Classroom interruptions by school personnel will be kept to a minimum. To accomplish this, the following practices will be observed.

1. Use of the school telephone will not be allowed during classroom time for incoming or outgoing calls except in cases of extreme emergency (i.e. fights, death of a family member, severe accident of a family member, life threatening care of a student/teachers, etc.).
2. Intercom usage will be kept to a minimum and will be done during homeroom times or those few minutes right when a class starts or right before it ends.
