## Pleasant Grove Learning Options

### **Option 1 – Traditional, In-Class Learning**

*All students will automatically be enrolled in traditional, in-class learning that will begin on August 31, 2020. If you would prefer that your child be enrolled in one of the other options listed on this page, please contact the office for more details at your earliest convenience.*

In this plan, students remain full-time students at Pleasant Grove Public School with access to all programming options such as counseling, library use, and breakfast and lunch.

Students will meet with certified teachers daily according to the school calendar to receive instruction, complete assignments, and receive feedback on their learning.

Students will be provided a Chromebook or iPad for daily use with teachers in the Odysseyware or grade appropriate learning management system.

A full offering of our district's extracurricular activities will be available to students.

### **Option 2 – Virtual Learning**

*To be enrolled in Option 2 or Option 3, please contact Mrs. Templeman for more information and to receive a Virtual Student Contract.* This option is available for all students grades Pre-K through 8<sup>th</sup> grade allowing all students to remain enrolled in Pleasant Grove Public School.

Using the Odysseyware or grade appropriate learning management system, students enrolled in this option will have access to learning anywhere and anytime that they want to learn as long as they have access to the Internet. Certified teachers will work with students daily to meet their learning needs.

A Chromebook or iPad will be checked out to each virtual student by the district for use as needed.

Students will continue to have access to all school services as needed such as counseling and breakfast and lunch.

### **Option 3 – Virtual Learning with Participation in Athletics for 5<sup>th</sup> – 8<sup>th</sup> Grade Students**

Students enrolled in this option will have all of the virtual learning options listed above. In addition, students in Grades 5-8 will be able to participate in athletics.

Daily attendance in athletics will be required in order to participate, but all other classes will be conducted in the virtual setting.
