2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Hawes School is a Learning Community -- where all participants -- students, staff, and parents are responsible. We share the commitment that ALL students succeed in a rigorous curriculum. The following vision/mission is our foundation for creating a safe, friendly, and joyful learning environment. WE BELIEVE that, with strong home and school support, all students can successfully acquire the skills needed to become lifelong learners.

WE BELIEVE in a school climate that is built upon a foundation of teamwork collaboration, and mutual respect among all groups. We are a professional learning community. WE BELIEVE that an environment that supports risk-taking, creativity, and openness to new ideas and technologies is essential to our vision of success. WE BELIEVE that positive self-esteem and a strong sense of social responsibility are goals for every student. WE BELIEVE that students will love learning and be challenged to reach their highest potential when their natural curiosity and creativity are stimulated. WE BELIEVE in aiming for the remarkable. We will set ambitious goals and strive to achieve them. The hawk's flight symbolizes our vision for children... to soar, to experience joy and freedom, and to apply strength, grace, and a keen eye to a noble purpose.

Dr. Ralph E. Hawes Elementary School, a high-performing California Distinguished School 2020 and California Promising Practices Award 2022, serves students in Transitional K through 5th grade. Our school facilities include enhanced learning space in all classrooms with 1:1 technology and mobile furniture. Our updated facilities include a modernized library, a STEM lab, and updated playground facilities. As a school with a strong PTSA, we are able to provide enhanced learning opportunities for all of the diverse needs of our students. At all grade levels, we have classes for students with special needs, depending on their Individualized Education Plan (IEP), that include full-day Specialized Academic Instruction (SAI) classes, pull-out SAI support, occupational therapy, adaptive PE, speech and language services, and counseling. Additionally, beginning in 2nd grade, we provide GATE instruction within-cluster classes for eligible students. Vocal music instruction is provided to all classes by a credentialed music teacher. The PTSA also provides programs that enrich the daily program such as assemblies, community events, field trips, Red Ribbon Week Activities, and more.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Pursuant to the settlement of Williams vs. the State of California, Huntington Beach City School District thoroughly inspected each of its school sites at the start of the 2022-23 school year to determine whether or not each school had sufficient and good quality textbooks, instructional materials, and/or science laboratory equipment.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom. Additionally, all textbooks and instructional materials used within the District must be aligned with the California State Content Standards and frameworks, with final approval by the Board of Education.

Textbooks and instructional materials used in the district in the core subject areas of English-Language Arts, Mathematics, Science, and History-Social Science.

School Facility Conditions and Planned Improvements

Hawes School, built in 1974, consists of a main building with administrative offices, computer lab, indoor courtyard/lunch area and 23 classrooms. The site has 13 portable classrooms, including a library, that were added during the 1990's. The YMCA also has two portable buildings used for before and after school child care. The site has a solar array on the field at the edge of the playground area in the back of the school providing shade for students and the site has been retrofitted with energy efficient interior and exterior lighting.

Improvements this year included upgrades made to MERV 13 air filters per CDC guidelines and any necessary repairs to existing facilities.

Facilities are inspected continuously by custodial and maintenance personnel and work orders are submitted as needed.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	80	N/A	68	N/A	47
Mathematics (grades 3-8 and 11)	N/A	71	N/A	60	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Collaboration, involvement, and support of our parents and community are integral to our work at Hawes Elementary School. Volunteers contribute more than 20,000 hours of support time during the school day and after school to ensure that all students have a quality experience at Hawes. Our PTSA continues to contribute time and resources to numerous programs and activities. This support includes a new playground structure on both the kindergarten and main playgrounds; an electronic marquee in the back of the school, funding for field trips and the purchase of instructional supplies; PTA sponsored events such as the school garden, assemblies, 100-mile running club, Red Ribbon Week, Earth Day, school-wide assemblies, art assemblies, and in-class lessons and more.

Parent volunteers assist and support instruction in the classroom, with rainy day schedules and activities on the playground, and other tasks associated with classroom instruction.

Classroom teachers have received funding for instructional materials through Donorschoose.org, the Huntington Beach Assistance League, PTSA and other grant opportunities.

Local businesses have supported the school program by providing a portion of sales to our school. Local businesses include Kohl's, Corner Bakery, Market Broiler, Z Pizza, First Day School Supplies/Spirit wear and the Skating Center in Fountain Valley.

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.34	1.14	2.45
Expulsions	0.00	0.01	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The Comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187). The plan provides students and staff with a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status and assessment of school crime; identification of strategies and programs that provide and maintain a high level of school safety; child abuse reporting procedures; disaster procedures, routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment and discrimination policy; policies and procedures for the prevention of bullying; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures.

The school evaluates the plan annually and makes any modifications as needed. Safety procedures, including elements of the Safe School Plan, were reviewed with school and district staff during the winter of the 2022-23 school year. The plan was reviewed and updated with staff and School Site Council in early 2023.

The district progressively addresses structural needs at each school to ensure facilities are safe and comply with education codes as well as building and safety regulations. One automated external defibrillator (AED) was installed in the administration building. Through a partnership with PTA, Hawes school has shaded lunch tables in both the main lunch area and several installations of new playground equipment. A \$169 million bond (Measure Q) approved in November 2016 provides the necessary funding for District-wide modernization efforts. All learning spaces at Hawes were renovated and modernized along with permanent campus perimeter fencing which was completed during Winter 2019.

2021-22 Types of Services Funded

Hawes Elementary School offers a variety of services for our students in order to meet their unique needs and to ensure that they reach their full potential.

Beginning at the kindergarten level, the school provides special education services for those who are eligible to receive this service. Special education support services continue through all grades and include speech and language, adaptive PE, occupational therapy, social skills training, counseling, and academic support through a variety of on-site providers.

For students identified and who meet eligibility criteria, Hawes provides Gifted and Talented Education (GATE) instruction through cluster classes in grades 2 - 5. Instruction within these classes focuses on teaching grade-level standards through the use of Sandra Kaplan's depth and complexity icons.

Students who are eligible for English language support receive services within the classroom during the regular teaching day. Intervention, vocabulary development, and intervention materials are used to enhance learning and academic growth for these students.

Intervention support is utilized within the classroom through small group instruction and one-on-one instruction to support struggling learners. Intervention materials are used to support English learner students, as well as students in grades 2-5 who need remediation support in English-Language Arts and Mathematics. MyOn! and RazKids is used as an intervention support program for students in grades K-1. Accelerated Reader supports growth in reading comprehension, while ST Math supports student achievement in the mastery of math standards. Additional intervention materials are used to support other students who are not meeting grade-level benchmarks.

Students are encouraged to participate in our school's extracurricular and enrichment activities that are an integral part of the educational program. Some of these enrichment programs are provided by the PTSA and include art, chess, Legos, Spanish, cooking, tennis, and coding.

A school-wide positive behavior system is in place and students are rewarded for making a positive contribution to the school and their classroom. Students are recognized regularly for earning Rockin' Hawks. Monthly assemblies recognize students for effort as well as incorporate character development and school spirit.

Student Council organizes skits for assemblies and community service projects and leads the school in several important events and programs.

Professional Development

Huntington Beach City School District regularly collaborates with all levels of district and school site staff when developing professional development offerings. Instructional program improvement is driven by student needs and guided by state standards and frameworks. District and school administrators use site trend analysis, state testing, district-level assessments, teacher response, and administrator observations to identify more effective methods and strategies to achieve positive results for teachers and students. The Assistant Superintendent of Educational Services and principals meet monthly to analyze current instructional programs, instructional materials, implementation timelines, and student achievement. Feedback is gathered at the site level through direct input and staff observation. Periodic Curriculum Development Committees are formed to address identified areas of need and focus. A minimum of 10 professional development days were available and held during the school year which involved curriculum based training for Discovery Education (NGSS), Creating with Canva, math, Second Step, Canvas Studio, Tech Refresher, Marzano's New Art and Science of Teaching, and Thrivers.

In alignment with the district's long-range curriculum plan, staff development opportunities are available for teachers, support personnel, administrators, and classified staff at Hawes School. Teachers combine their knowledge of how students learn with the best teaching practices found in state frameworks and task force reports to provide a rigorous and comprehensive core curriculum for all grades. The school has focused extensively on reading and language arts by utilizing the district's Literacy TOSAs for job-embedded professional development which include co-planning lessons and units of study, modeling and feedback of instructional reading strategies, data analysis of local assessments for target instruction, and professional learning communities.

A portion of our school funding is used to enable staff members to attend teaching seminars and other events designed to enhance their teaching techniques and expand their knowledge base. Teachers new to the profession are supported by peer coaching and are encouraged to attend in-services offered by Orange County Department of Education. Classified staff and instructional assistants are provided training and development opportunities at the school, district, and county levels. In-services for classified staff are geared to their specialty areas.
