

2014-2015 School Rating Report

5106001 - DEER ELEMENTARY SCHOOL
5106000 - DEER/MT. JUDEA SCHOOL DISTRICT

**School Letter
Grade**

C

211 Points Earned

Grade Range: K - 6 **Superintendent:** RICHARD DENNISTON **Principal:** JUNIOR EDGMON

| | School Statistics | District Statistics | State Statistics |
|--------------------------|-------------------|---------------------|------------------|
| Enrollment | 102 | 355 | 476083 |
| Econ. Disadvantaged | 83.33% | 75.77% | 61.83% |
| Proficient/Advanced ELA | 22.81% | 27.69% | 33.9% |
| Proficient/Advanced Math | 17.54% | 17.71% | 24.59% |

How did we get this grade?

**Weighted Performance
Score: 62.5**

**School Value-Added
Growth: 77.9**

The 2015 A - F School Rating formula includes up to four components: Weighted Performance Score, Growth Score, Four-Year Adjusted Cohort Graduation Rate (where applicable) and Gap Adjustments (where applicable). In addition to these components, schools may earn Challenge Points that are added to schools' overall score when applicable.

Measures Affecting School Grade

- Weighted performance score lowered this school's score.
- Lower than expected average growth value decreased this school's score.

Statewide School Rating Distribution

This school's grade is better than **23.64%** of schools in the state

Last year's letter grade: **B** (252 points earned)

What do the chart colors in "How did we get this grade" section mean?

- **Blue** = score contributed (approximate) value of A to overall school rating.
- **Green** = score contributed (approximate) value of B to overall school rating.
- **Yellow** = score contributed (approximate) value of C to overall school rating.
- **Orange** = score contributed (approximate) value of D to overall school rating.
- **Red** = score contributed (approximate) value lower than D to overall school rating.

What are challenge points?

The challenge points are calculated separately for math and ELA. The points are based on the difference between expected current year school performance considering the school's level of challenge and the actual current year school performance. If the difference is positive the school outperformed expectations and earns Challenge Points.

- Schools receive 3 Challenge Points for math and/or ELA if the school has a positive difference that is in the top quartile among all schools.
- Schools receive 2 Challenge Points for math and/or ELA if the school has a positive difference that is in the third quartile among all schools.

Challenge points provide schools with an opportunity to earn extra points for outperforming expectations.

School Value-Added Growth Score (VAS)

The school growth score is based on a value-added growth model. Student growth scores describe the change in a student's achievement over time and whether the student performed as well as expected based on how the student performed in earlier years. Using a student's score history helps separate the effects of non-school related factors on the student's change in achievement so that the student's growth expectation is more precise. The student's predicted score for 2015 is subtracted from his/her actual score in 2015 to generate the value added growth score. If the student has a VAS of zero (Actual - Predicted = 0), the student's score met expected performance. If the student has a VAS greater than zero, they exceeded expectations.

What does the school growth score tell us?

- On average, did the students' change in performance meet the growth expectation?
- By how much did the actual growth differ from the expected growth?

School VAS scores in math and ELA are averaged to produce a value that describes the average student growth for the school across both subjects and transformed to fit on the uniform grade scale.

School Growth Score = (school Value-Added Score*35) + 80.85

Minimum School Growth Score = 70

Average School Growth Score = 80.85

Maximum School Growth Score = 95

Thus, for this transition year, only schools with less than expected average growth values score a C value for this component. For details please refer to Appendix A of the Rules Governing the Public School Rating System.

2014-2015 School Letter Grade Detail Report

School Letter Grade

C

211 Points Earned

5106001 - DEER ELEMENTARY SCHOOL
5106000 - DEER/MT. JUDEA SCHOOL DISTRICT

Grade Range: K - 6 Superintendent: RICHARD DENNISTON Principal: JUNIOR EDMON

| | School Statistics | District Statistics | State Statistics |
|--------------------------|-------------------|---------------------|------------------|
| Enrollment | 102 | 355 | 476083 |
| Econ. Disadvantaged | 83.33% | 75.77% | 61.83% |
| Proficient/Advanced ELA | 22.81% | 27.69% | 33.9% |
| Proficient/Advanced Math | 17.54% | 17.71% | 24.59% |

Letter Grade Component Scores

Component One: Weighted Performance

| Performance Level and Multiplier | ELA - Students | Math - Students | Total Points | ELA + Math - Students |
|----------------------------------|----------------|-----------------|--------------|-----------------------|
| Did Not Meet | 7 | 8 | 0 | 15 |
| Partially Met | 13 | 22 | 17.5 | 35 |
| Approaching Grade Level | 24 | 17 | 30.75 | 41 |
| Met Grade Level | 11 | 9 | 20 | 20 |
| Exceeded Grade Level | 2 | 1 | 3 | 3 |
| Totals | | | 71.25 | 114 |

Weighted Performance Points Earned = (71.25/114)*100 = 62.5

Component Two: School Value-Added Growth

School Growth Score = (School Value-Added Score * 35) + 80.85 = 77.9

| Growth Details | ELA | Math | Weighted Avg of ELA + Math |
|--------------------------|---------|---------|----------------------------|
| Value-Added Growth Score | -0.0791 | -0.0892 | -0.0842 |

Component Four: Gap Adjustment

| Achievement Gap (Literacy and Math) | | | | | |
|-------------------------------------|-------------------|------------------------|--------------|--------------|------------------|
| Non-TAGG Proficiency Rate: | NA | TAGG Proficiency Rate: | 18.09 | | |
| Gap Size: | N < 25 | | | | |
| Adjustment: | 0 | | | | |
| | Largest Gap | Large Gap | Average Gap | Small Gap | Smallest Gap |
| Gap Adjustment | -6 | -3 | 0 | +3 | +6 |
| Achievement Gap Range | 30.64% or greater | 24.43-30.63% | 19.79-24.42% | 14.88-19.78% | Less than 14.88% |
| Graduation Gap Range | 16.21% or greater | 10.75-16.20% | 6.90-10.74% | 3.66-6.89% | Less than 3.66% |

Challenge Points Earned

| | | | |
|-----------------------------|----------|------------------------------|----------|
| ELA Challenge Point: | 0 | Math Challenge point: | 0 |
|-----------------------------|----------|------------------------------|----------|

Schools earn extra points for current year performance when the performance of students in the school exceeds the expected performance considering schools' level of challenge. See page two for explanation.

Overall School Score

| Schools without Graduation Rate | Overall school Score = (1.5)(Weighted Performance + Gap Adjustment) + (1.5)(Growth Score) + (Challenge Points in Math &or ELA) |
|---------------------------------|--|
| Score for This School | (1.5)(62.5 + 0) + (1.5)(77.9) + (0) = 211 |
| Point Ranges for Grades | |
| A: 270 to 300 | B: 240 to 269 |
| C: 210 to 239 | D: 180 to 209 |
| E: 150 to 179 | F: less than 180 |

Overall School Scores are rounded to the nearest whole number.

2014-2015 School Letter Grade Detail Report

ELA Possible Challenge Points--Outperforming Expectations Based on Poverty

Math Possible Challenge Points--Outperforming Expectations Based on Poverty

Your school is indicated by a green or red square.

- Green indicates above expected performance given level of challenge.
- Red indicates at or below expected performance given level of challenge.
- The solid line indicates expected performance given poverty level of school.
- The blue line separates quartile 4 (top 25%) and quartile 3 (next 25%).
