# X2E

## VARSITY AND YOUTH HELMETS

The 2014 X2E features the same Adaptive Head Protection<sup>®</sup> technology as previous versions, with two exciting improvements derived from the development of the EPIC helmet.

The X2E utilizes optimized shock absorbers that are specifically tuned for each location in the helmet and maximize the space for enhanced performance.

The X2E also features new comfort pads made of waterproof TPU. The new pads are more comfortable, durable, easier to clean and more hygienic.

The X2E Youth helmet features the same Adaptive Head Protection technology as the Varsity helmet in an ABS shell.

### AWARE-FLOW<sup>®</sup> SHOCK ABSORBERS
