

Inclement Weather/School Closing Procedures

School closings will be announced as soon as the decision is made. Every effort will be made to announce any closing by 6:00 A.M. Elkins School District uses School Messenger, a parent notification program to call, email and/or text all contact numbers. School closings are also reported to the following media services:

Television Stations:

- KFSM Channel 5 CBS
- KNWA Channel 24/51 NBC
- KHOG Channel 29/40 ABC

Radio Stations:

- KIX 104
- KEZA 107.9

If “limited bus service” is announced over the radio, television, or through the School Messenger System, the buses will not travel down any spurs. A “spur” is defined as a road which requires retracing of the bus route to get back to the main route.

Please note:

The primary school building has been designated as the staging area for all K-12 students. This area will also be used if a student cannot be taken home due to bad or icy roads. These students will be brought back to the primary school building, and parents will be notified at that time.
