## **Professional Development through Podcasts**

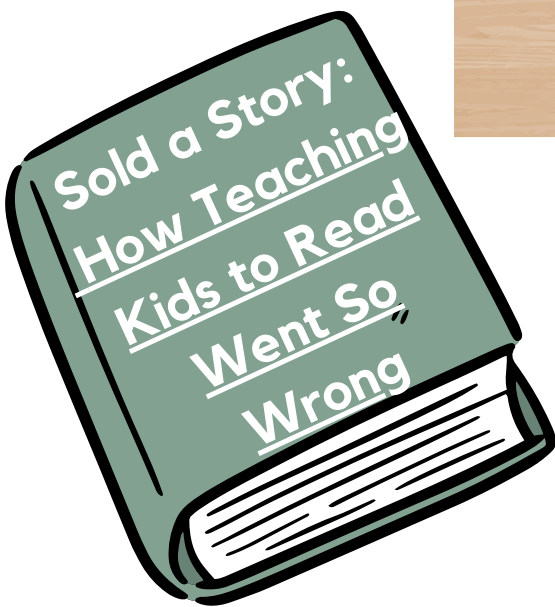

**"Learning is the only thing the mind never exhausts, never fears,  
and never regrets." --Leonardo da Vinci**

In education, we encourage our students to learn each day, and we must keep learning each day as well. Learning from others can be accessed even on the go. Look over or better yet, take a listen, to these podcasts to learn something new for your classroom or even just for you!

## **SUPPORT SPOTLIGHT: THE IT DEPT. PLUS TECH TIPS**

### **Adam Bell, Director of Technology**

Responsible for the day to day operations of the technology department and managing the district technology budget. Advise district administration on technology decisions, laws pertaining to technology in education and best practices.

**Tech Tip: Call Miles**

### **Miles Edge**

**Specialty:** Server/Network planning and maintenance education and best practices

**Tech Tip:** Stay aware of your tech surroundings. Keep an eye out for emails with suspicious "from" addresses, website ads that look like content or download buttons, and web addresses that are similar to a real web address.

### **Deven Busse**

**Specialty:** Network and security infrastructure implementation and maintenance

**Tech Tip:** I encourage you not to hesitate in seeking assistance in areas where your expertise may be limited. It is a common understanding that no individual can claim mastery in every domain.

### **Jeff Higley**

**Specialty:** Server Administration/ Hardware repair

**Tech Tip:** If you are not sure about a computer situation its always better to ask, and don't click on random email links or pop ups. Always run updates on your computers.
