Why would you recommend Fannindel High School?

"Fannindel High School is a small school that benefits from its size. The small class sizes make it possible for students to get the individualized attention whenever it may be needed. Fannindel supports secondary education through dual credit opportunities in high school and the Doc Pickard Memorial Scholarship for Fannindel graduates."

Fannindel ISD was able to support Grant's recent summer engineering internship in Australia with our district's Doc Pickard Memorial Scholarship. All Fannindel Graduates are eligible for this scholarship*, upon a successful application process, to help pay for college. Interested in becoming a Fannindel Falcon? Contact us today at 903-367-7251 or visit us online at www.Fannindelisd.net. GoFalcons!

Fannindel High School Salutes Grant Childress!

**Please contact Fannindel High School for full details regarding the Doc Pickard Scholarship*
