Eufaula School officials are in the process of investigating an incident that occurred in the field house after football practice yesterday. The process includes issues of student discipline and possible personnel issues, both of which, by law, are confidential issues, and we will not be able to make any further comments at this time. The safety of our students is always our greatest concern, and we will be working with our local law enforcement officials to determine all the facts in this matter.

Respectfully,

Monty Guthrie
Superintendent, Eufaula Public Schools
