Goals for Student Success

GOAL #1

Building a Strong Foundation Pre-K to 3rd Grade

Each student in Pre-kindergarten through 3rd Grade will develop foundational academic and social-emotional learning skills necessary for future success.

GOAL #2

Supporting Every Student's Wellbeing & Inclusion

Each student will feel safe, supported as learners, and experience inclusive classrooms and school communities that nurture their sense of belonging.

GOAL #3

Centering Student Voice, Empowerment & Leadership

Each student will be empowered to use their voice and exercise choice within their classroom and school communities.

GOAL #4

Ensuring Equitable Access to High-Quality Academics

Each student will engage in rigorous learning and receive the necessary support and resources to ensure their success in the academic pathways of their choosing.

GOAL #5

Preparing Every Student for Their Future

Each student will graduate with the skills necessary to thrive in a diverse and rapidly evolving world.

Our Four Pillars

PILLAR A: *Teaching & Learning*

Culturally-Responsive, Student-Centered Teaching & Learning

We ensure that each student will experience equitable access to culturally sustaining and responsive, rigorous instruction that equitably supports their continuous learning, growth and achievement.

PILLAR B: *Schools Can't Do It Alone*

Collaboration with Families & Community

We cultivate and sustain authentic partnerships with families and community by building trust, seeking understanding and promoting meaningful collaboration to strengthen student success and well-being.

PILLAR C: *Investing in People*

Professional Learning, Growth & Wellness

We support all staff through building inclusive, supportive, and efficacious environments that nurture each staff member's development and grow our collective capacity to effectively serve each student.

PILLAR D: *Managing the Whole*

Comprehensive Systems of Excellence

We are a proactive, responsive, interdependent community that believes in and strives to embody high expectations, shared responsibility and personal and collective accountability for effective processes, practices and programs that will result in student growth and achievement.

About Our Plan

Hello, I am superintendent James Owens, on behalf of the Centennial School District Board of Directors it is my sincere pleasure to introduce you to the Centennial School District four-year Strategic Plan, Roadmap '27.

The Centennial School District's Strategic Plan was developed during a months-long process throughout the 2022-2023 school year. Its primary aim is to align all stakeholders in a shared vision, common goals, and unified direction for our District's educational efforts for the next four years.

Community-wide engagement has been vital to the Strategic Planning process. Therefore, we designed the process in ways that embraced the diverse voices and perspectives of our students, parents, staff, and community members, capturing their vision, hopes, and dreams for students in Centennial. This included multiple engagement sessions with our district community, inviting their feedback and uniting around our values, identifying our priorities, and collaborating on the best strategies to achieve the outcomes we desire for our students.

As an accompanying part of the process, the District commissioned a comprehensive Equity Audit at the District, department, and school level to assess the extent of equitable access, opportunity, and outcomes for our students to remove barriers and plan for improvement. The audit involved surveying students, families, and staff, reviewing data, and two-day school site visits conducted by the National Center for Urban School Transformation at San Diego State University that included observation of student learning and staff work sessions, as well as facilitation of student, parent, and family focus groups. The tremendous input that each of these groups provided played a pivotal role in the development of our plan. This defined Centennial's long-term priorities, goals, and objectives in developing Roadmap '27 as we aligned to advance the performance and academic success of our students' experience in Centennial schools.

On behalf of the Centennial School District students, staff, community, and school board, we invite you to join us in this important work as we lift all students, every day!

Sincerely,

JAMES OWENS
