

DATE (email received)	FROM (CONTACT)	SERVICE PROVIDER NAME	QUESTION	ANSWER (FROM SCHOOL DISTRICT)	DATE: ANSWERED	DATE: POSTED TO WEBSITE
12/22/2020	Laura Clark	CDWG	1. How many fiber strands are requested for each fiber run? Please break out each run if not all the same.	6 strands minimum all runs the same	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	2. At the Middle School:		12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	a. Are there existing, usable cable pathways between MDF and IDF locations? If not:	Yes, conduit exists on most runs, but I cannot verify if existing conduit is usable. I recommend site inspection to verify	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	i. Will you allow the new appropriately rated fiber to be installed attaching to the covered walkways, not in conduit.	Yes if appropriately rated fiber	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	ii. Or, is new conduit cable pathways required to be provided as part of this proposal?	Not required if appropriately rated fiber is used	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	b. Within each building, are there accessible above ceiling spaces to route new fiber cables, or will new below ceiling conduits be required as part of this proposal?	Within each building accessible ceiling spaces exists. (Suspended ceiling) Conduit not required	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	2. At the High School:		12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	a. Is there an existing overhead or underground cable pathway from the HS MDF to the HS Gym1 IDF, or will new cable pathways be required as part of this proposal? If required, which type of cable pathway is requested?	Yes, conduit exists on most runs, but I cannot verify if existing conduit is usable. I recommend site inspection to verify. Vendor to determine appropriate pathway per situation	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	b. Are there existing, usable cable pathways between MDF and IDF locations? If not:			
12/22/2020	Laura Clark	CDWG	i. Will you allow the new appropriately rated fiber to be installed attaching to the covered walkways, not in conduit.	Yes if appropriately rated fiber	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	ii. Or, is new conduit cable pathways required to be provided as part of this proposal?	Not required if appropriately rated fiber is used	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	c. Within each building, are there accessible above ceiling spaces to route new fiber cables, or will new below ceiling conduits be required as part of this proposal?	Within each building accessible ceiling spaces exists. (Suspended ceiling) Conduit not required	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	3. Are you requesting fiber patch cords to be included for each fiber run?	Yes	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	a. How many patch cords for each end?	1 patch cord per end	12/28/2020	12/28/2020
12/22/2020	Laura Clark	CDWG	b. What lengths for each end?	2 meters minimum each	12/28/2020	12/28/2020
