Hello Friends,

I work with the [Silicon Valley Community Foundation](http://siliconvalleycf.org) and we are partnering with Annie's Homegrown on the [Grants for Gardens program](#). You are receiving this email because a grant has been recommended to support your school garden. We are excited to help in this wonderful initiative and looking forward to supporting the great work you are doing.

As for next steps, there is no action needed from you. The Silicon Valley Community Foundation's grants compliance team will move forward with verifying your school's eligibility to receive charitable funds and will be mailing checks out shortly. We anticipate every check to be mailed within the next two weeks and **delivered by the end of April 2017**. If you have not received a check after this timeframe then please reach out to GrantsAdmin@siliconvalleycf.org who will help locate your school's check. If you believe you are receiving this email incorrectly, please feel free reach out to me.

Again, we are proud to be a part of this great program. Have a great day! ☺

Best,

Jonathan
