

JUNE 10TH – JUNE 14TH

ENGINEERING FOR

KIDS

Experiences will be different than the last 2 years

3rd Annual STEM Summer Camp

STEM Camp is offered to 2nd - 5th grade students from 9 am – 12 pm and students entering 6th - 8th grades from 1 pm – 4 pm. Our camp is a full week of learning programming basics to code robots, games, along with designing and launching rockets and other problem-solving and project-based learning experiences for \$120.

Campers will receive a camp shirt and show off many of their created products at the “STEMmerweek Engineering Expo” on the last day of camp.

Register by May 15th to guarantee your spot and t-shirt!

Go to <http://bit.ly/STEMmer19> to enroll.

Program Robots

Engineer LEGO Robots

Design and Launch Rockets

Register before May 1st and Save \$20

Proceeds go to HS Students going on International STEM Tour 2020
