Unionville is graced with many attractive older homes, which have been refurbished to reflect the city's history, as well as numerous new homes. Community organizations work on projects to enhance the quality of life for all residents. Without these outstanding volunteers, our community would not be what it is today.

The rolling hills of Putnam County that first attracted residents to our area still serve as the base of our agricultural economy. Our citizens share great pride in our farms and the beauty of our landscape and natural woodlands. Unionville is the largest town in the county and also the county seat. Unionville has been designated as the "Hunting Capital of Missouri" as many people come to the area for the bountiful hunting opportunities. The Putnam County Courthouse located in the center of the Unionville town square and the majority of buildings on the square are listed on the National Historic Register. Other communities in Putnam County include Lake Thunderhead, Lemons, Powersville, Livonia, Lucerne, Worthington, Omaha, Hartford, Martinstown and Graysville.
