August 16, 2018

Dear Parent/Guardians,

We welcome your children back to school!! The parent gradebook portal will open to parent/guardians on September 12th.

There is a new site to log in to. <https://www.wengage.com/Pawhuska>
If you had grade book access in the past you do not need to re-apply for new access. If you did not have access, please do the following.

Please email the following information to: parentportal@pawhuskadistrict.org

Parent/Guardian Name

Student Name

Grade or building student is enrolled

These instructions are also on our website at: www.pawhuskadistrict.org

Non-custodial parents: please make sure that the custodial parent has informed your child's school that you have access to your child's grade. This helps you obtain access easier. This does take time if you have more than 1 child, we will link those students together and you will be able to check each student with 1 username and password.

Once access is set up, you will receive a return email with instructions with website and user name.

Please note: some email addresses send our access replies straight to your SPAM, so please look through your spam folder for an email from Parent Portal.

Sincerely,

Pawhuska Public Schools

Parent Portal Administrator
