

Pawhuska Public Schools
VISION 20/20
Goal's Framework

Mission

The philosophy at Pawhuska Schools are that students are progressing towards being college and career ready when they can effectively learn and communicate through various types of media, collaborate, and persevere to solve problems while being resourceful, innovative, and socially conscious thinkers in a global society.

Vision and Values

Our children are creative thinking high-achievers, and confident in their own abilities. They are committed to life-long learning and responsible citizenship. They are unique individuals who take pride in developing their own full potential. Our diversity gives us strength and promotes equity for all. Our learning environment is based on high expectations and clear standards. Families, school, and community work together to benefit all children which fosters respect for one another.

We embrace a rapidly changing world and look to our community and district for support. Students are provided the tools and strategies to become self-sufficient and technologically proficient, accessing information from all over the world. Students are motivated to meet high academic standards, which include art, music, and physical fitness. Students appreciate all cultures and languages and do not take note of individuals' economic status.

Board, Superintendent, Administration approved initiatives based on board priorities and District Leadership Team

1. College and Career Readiness: Academic improvement, truancy, curriculum, instructional technology
2. Curriculum and Instruction and Student Life: Social Media (digital citizenship), Service Learning, Social Worker, Health and Wellness
3. Community Support: Collaboration with community based organizations that include integrating education as a core condition of living and commerce

Three top goals of administration (draft)

1. Truancy and absenteeism is reduced
2. College and career readiness goals will be achieved through increased literacy rates, career planning, and assessment scores (i.e. Pre-ACT, ACT)
3. Technology: The administration will be a part of creating a district technology plan to be administered at all grade levels for students and staff.
#pawhuska1:achieve

Indian Camp Mrs. Hester

1. Truancy- Increase student attendance -set baseline and then target goal
2. Increase Reading Skills- From (BOY-46%) on APP to (EOY-75%) -collect baseline data 2017-18
3. Increase the use of technology based curriculum

Elementary Mr. Cowan

1. Truancy- Increase student attendance -set baseline and then target goal
2. Communication - Establish communication with stakeholders about the day to day activities of the school.
3. Increase the use of technology based curriculum

High School Mr. Walker

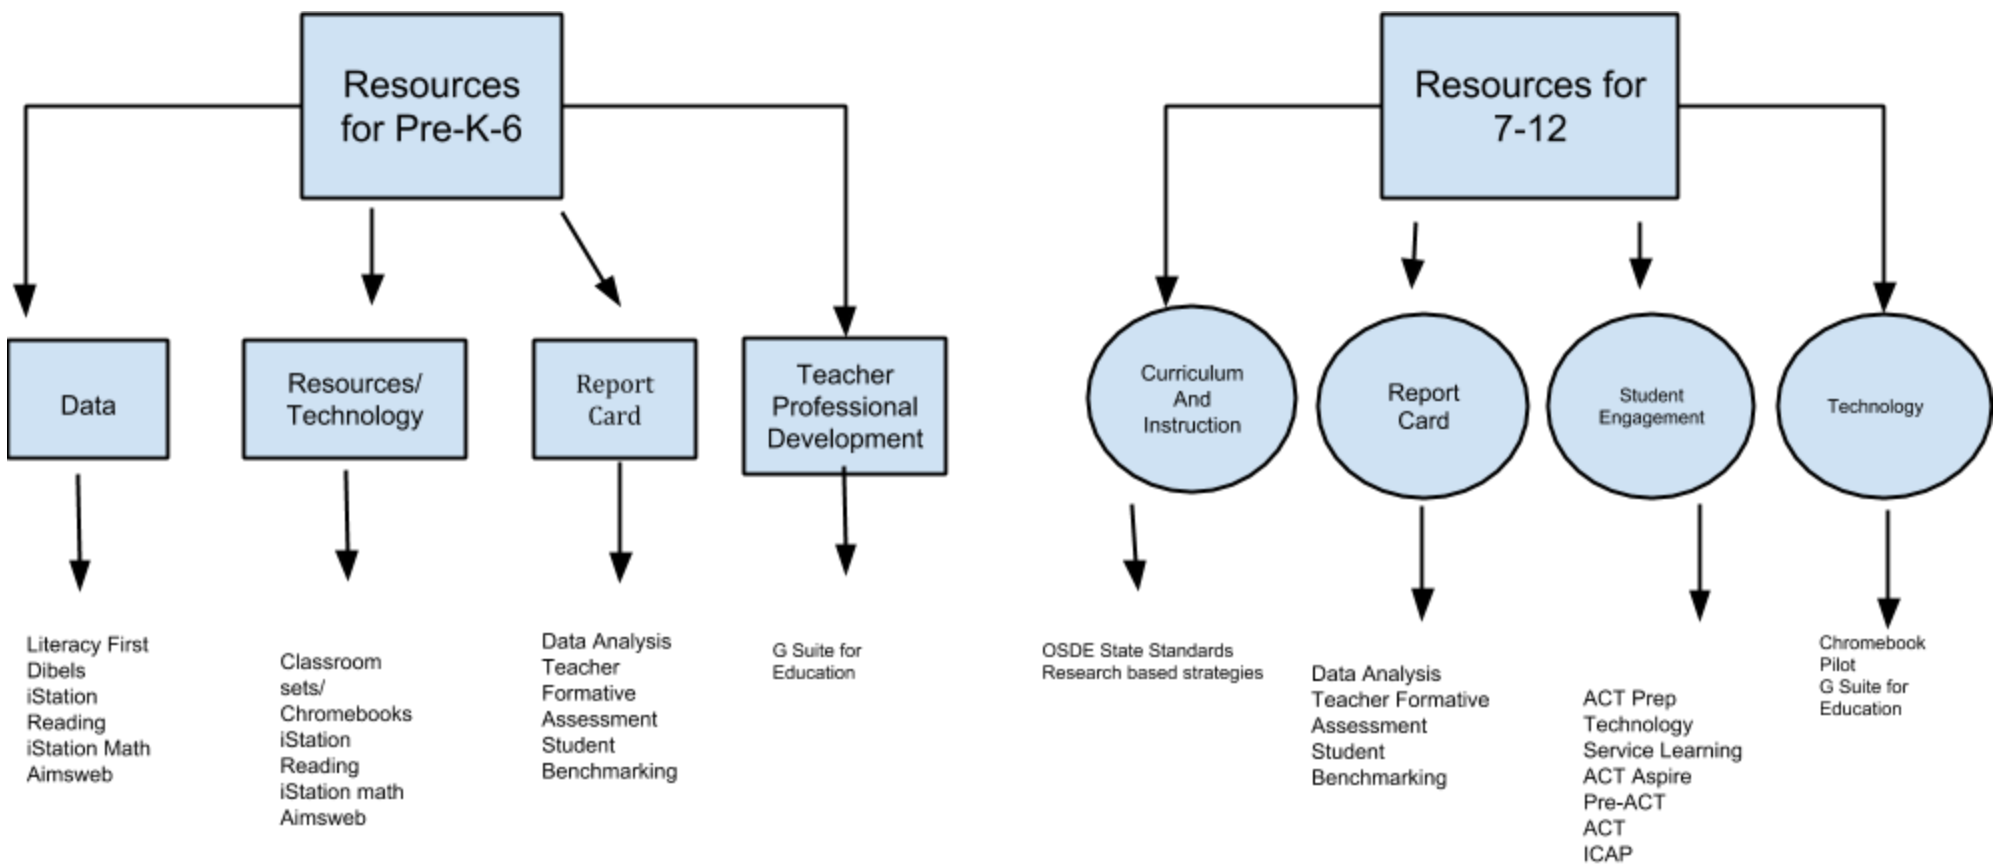

1. Recruit, hire, and align student activities and athletics staff
2. Maintain student facilities for activities and athletics.
3. Increase effectiveness of discipline and conduct administration and monitoring

High School Ms.Lee

1. Truancy: Improve Attendance Rate -set baseline goal and Target goal
2. Increase Test Scores -collect baseline data 2017-18: OSDE assessment Pre-ACT assessment
3. Increase Use of Technology Based Curriculum

HOW WILL WE DO THIS?
