WELLNESS POLICY

The Magdalena School District's motto is "Students are our number one priority." The Magdalena Municipal Schools recognizes that student wellness and proper nutrition are related to students' physical well being, growth, development, and readiness to learn. Developing a comprehensive school district wellness policy is essential to the academic success and lifelong well being of students in New Mexico. Healthy students make better learners, and better learners make better communities.

The Magdalena Schools Board of Education is committed to providing healthy school environments that promote student wellness, nutritious foods and beverages, physical education, nutrition education, and regular physical activity as part of the total learning experience. A healthy school environment provides students with the skills, social support, and environmental reinforcement they need to adopt long-term, healthy eating, physical activity and other health-promoting behaviors that can improve student achievement. We also recognize that a true wellness environment is one in which we celebrate and support our diverse cultures.

Wellness policy goals shall be considered and supported in planning all school-based activities (such as advertising of foods and beverages, school events, celebrations, field trips, and assemblies) in order to provide consistent wellness messages conducive to healthy eating and physical activity.

At Magdalena Schools we are committed to wellness policies to the extent that we are able while keeping in mind that we also have fiscal responsibility to provide for all of the school district's needs and to focus on meeting AYP.

WELLNESS POLICY

Family, School & Community Involvement

Definition:

Family, school and community involvement means an integrated family, school and community approach for enhancing the health and well-being of students by establishing a district School Health Advisory Council that has the responsibility to make recommendations to the local school board in the development or revision, implementation and evaluation of the wellness policy.

Goal:

The goal of family, school and community involvement within a coordinated school health approach is to create a total school environment that is conducive to student health and academic achievement. This inclusive atmosphere features a shared responsibility that supports healthy children and families. Effective partnerships between families, schools and communities support the development and the maintenance of this comprehensive learning environment.

Position / Activities:

The district has established a School Health Advisory Council that consists of parent(s), school food authority personnel, school board member(s), school administrator(s), school staff, student(s), community member(s), and a representative from each of the components of the coordinated school health program.

Components of Coordinated School Health:

Nutrition; Physical Activity & Education; Health Education & Life Skill; Staff Wellness; Family, School & Community Partnerships; Health & Safe Environment; Social & Emotional Well-being; and Health Services.

The Magdalena School Health Advisory Council shall have the responsibility to make recommendations to the Board of Education in the development, revision, implementation, monitoring and evaluation of the school district wellness policy.

The School Health Advisory Council shall meet for this purpose a minimum of two times annually, and report to the board of education a minimum of one time per year.

The School Health Advisory Council shall be responsible for the following:

- Create guidelines to provide physical activity opportunities to students, before, during and/or after school.
- Create nutrition guidelines for a la carte offerings minimally meeting guidelines as stated in the competitive food sales rule.
- Create guidelines for school-sponsored fundraisers during normal school hours minimally meeting guidelines as stated in the competitive food sales rule.
- Create guidelines for school sponsored fund raisers before and after school hours ensuring that at least 50% of the offerings shall be healthy choices as stated in the competitive food sales rule.
- Create guidelines for a planned, sequential K-12 physical education curriculum that provides the optimal opportunity for all students to learn and develop skills, knowledge and attitudes necessary to personally decide to participate in lifetime healthful physical activity and is aligned to the physical education content standards with benchmarks and performance standards as set forth in 6.30.2.20 NMAC.

MAGDALENA MUNICIPAL SCHOOL DISTRICT

WELLNESS POLICY

- Create a plan addressing the behavioral health needs of all students in the educational process by focusing on students' social and emotional well being.
- Create a school safety plan at each school building focused on supporting health and safe environments and including but not necessarily limited to prevention, policies and procedures, and emergency response.
- Create a plan addressing the health services needs of students in the educational process.
- Create a plan addressing the staff wellness needs of all staff that minimally ensures an equitable work environment and meets the American with Disabilities Act Part III.
- Create a plan for measuring implementation and evaluation of the wellness policy.
- Designate one or more persons within the school district, or at each school, as appropriate, charged with operational responsibility for ensuring that each school fulfills the district's wellness policy. In APS, a District Wellness Coordinator will assist in the implementation, integration, evaluation, and coordination of school wellness policies and programs.
- Review contracts with outside vendors that encourage healthful eating and reduction of school/district dependence on profits from foods of little nutritional value.
- Increase community awareness of student health needs.
- Partner with community to support policies and programs.
- The SHAC will develop and submit a wellness policy implementation plan.

Nutrition

Definition:

Nutrition means programs that provide access to a variety of nutritious and appealing meals and snacks that accommodate the health and nutrition needs of all students. Nutrition Education aims to teach, encourage and support healthy eating by students. Nutrition Education and healthy eating will allow for proper physical growth, physical activity, brain development, ability to learn, emotional balance, a sense of well being, obesity prevention and the ability to resist disease.

Goal:

The goal of nutrition is to promote the role of nutrition in academic performance and quality of life, and to ensure the adoption of school policies that provide adequate nutrition opportunities.

Position / Activities:

- All foods and beverages made available through vending machines, a la carte, student stores, food vendors, snack bars, and school-sponsored fundraisers before, during and after normal school hours shall minimally meet nutrition standards set forth in Subsections A, B and C in the New Mexico Public Education Department's Competitive Foods Nutrition Regulations (6.12.5.8 NMAC). See Addenda: Nutrition Rule and Nutrition Rule Grid.

MAGDALENA MUNICIPAL SCHOOL DISTRICT

WELLNESS POLICY

- Foods and beverages sold or served in the school meal programs shall be in compliance with the Dietary Guidelines for Americans and the USDA regulations for the National School Lunch and Breakfast Programs set forth under the 7 CFR Part 210 and Part 220, and are supervised by the NM Student Nutrition Bureau of the NM Public Education Department.

Nutrition Education

Definition:

Nutrition Education aims to teach, encourage and support healthy eating by students.

Goal:

To develop a policy ensuring nutrition education is provided in Magdalena Municipal Schools in order to positively influence students' eating behaviors and to assist them in developing lifelong healthy eating habits.

Position / Activities:

Magdalena School Board supports Nutrition Education activities that are:

- Sequential and interdisciplinary
- Age appropriate and provides students the skills needed to choose foods that support the development of healthy bodies;
- Aligned with the NM health education content standards with benchmarks and performance standards as set forth in 6.30.2.19 NMAC;
- Supportive of the positive nutrition environment referenced in the student nutrition policy.

Physical Activity and Physical Education

Definition:

Physical activity means body movement of any type that includes recreational, fitness and sport activities. Note: physical activity is a component of, but is not a substitute for, quality physical education. Physical education is an instructional program taught by a certified physical educator and focuses on developing skills, knowledge, and attitudes necessary to personally decide to participate in a lifetime of healthful physical activity.

Physical education is one source, but should not be the only source of physical activity before, during and/or after school.

Goal:

The goal of physical activity within the coordinated school health approach provides students with increased opportunities to engage in moderate to vigorous physical activity before, during and/or after school.

MAGDALENA MUNICIPAL SCHOOL DISTRICT

WELLNESS POLICY

Position / Activities:

- Magdalena Schools will encourage and offer opportunities for all students to participate in before, during and/or after school physical activity programs outside of physical education programs (i.e., 10-minute “brain breaks” integrated into curriculum, recess, intramurals, clubs, and at the secondary level, interscholastic athletics etc.).
- Those opportunities will offer diverse and developmentally appropriate activities for all students of a competitive and non-competitive nature.
- Magdalena Schools will provide education on the health benefits of physical activity that align with the New Mexico health education content standards with benchmarks and performance standards as set forth in 6.30.2.19 NMAC.
- Magdalena Schools will provide equipment and space for physical activity after lunch.

Health Education / and Life Skills

Definition:

Health Education means the instructional program that provides the opportunity to motivate and assist all students to maintain and improve their health, prevent disease, and reduce health related behaviors.

Goal / Policy:

The goal of health education within the coordinated school health approach is to provide students with increasingly sophisticated health related knowledge, attitudes, skills and practices.

Position / Activities:

Magdalena School Board supports Health Education activities that are:

- Sequential and interdisciplinary
- Age appropriate and provides students the skills needed to maintain and improve their health, prevent disease, and reduce health related behaviors.
- Aligned with the NM health education content standards with benchmarks and performance standards as set forth in 6.30.2.19 NMAC
- Supportive of the positive health environment referenced in the student wellness policy.

Behavioral Health / Social and Emotional Well Being

Definition:

Social and Emotional well being means services provided to maintain and / or improve student's mental, emotional, behavioral and social health.

MAGDALENA MUNICIPAL SCHOOL DISTRICT

WELLNESS POLICY

Goal / Policy

Magdalena Schools supports collaboration with students, parents, staff and the community to influence student success by building awareness and promoting strategies to maintain and/ or improve student mental health.

Position / Activities

- Magdalena Schools will continue to fund staff in the position of counselors, social workers and school psychologists when funding is available. These staff members give both direct services and are available for consultation. (See also: Health Services)
- The schools will continue to support our mental health professionals in their efforts to coordinate with outside agencies such as MCH, Socorro DWI, Alamo Navajo Behavioral Health, and our Behavioral Health Team.

School Safety plan / Healthy and Safe Environment

Definition:

Healthy and safe environment means the physical and esthetic surroundings and the psychosocial climate and culture of the school. It supports a total learning experience that promotes personal growth, healthy interpersonal relationships, wellness and freedom from discrimination and abuse.

Goal / Policy

Magdalena Schools support the goal of a healthy and safe environment to promote a climate and culture before, during and after school for students, teachers, staff, parents and community members that assures academic achievement.

Position / Activities

- Magdalena Schools has a District wide School Safety Plan that supports a healthy and safe environment and that includes attention to prevention, policies and procedures and emergency response plans.
- Magdalena Schools perform at least 12 emergency drills per year that consist of 9 fire drills, 2 shelter in place drills, and 1 evacuation drill.
- Magdalena Schools have utilized an extensive recovery plan (as in the case of the accidental death of one of our teachers) and will continue to utilize this important aspect of a healthy and safe environment on the future.
- All schools abide by district policy that creates an environment free of tobacco, alcohol and other drugs.
- Personnel strive to ensure that all school buildings and grounds, structures, busses and equipment meet current safety standards and are kept inviting, clean, safe, and in good repair.

MAGDALENA MUNICIPAL SCHOOL DISTRICT

WELLNESS POLICY

Health Services

Definition:

Health services means services provided for students to apprise, protect and promote health. These services are designed to ensure access or referral to primary health care or behavioral health services or both, foster appropriate use of primary health care services and behavioral health services, prevent and control communicable disease and other health problems, provide emergency care for illness or injury, promote and provide optimum sanitary conditions for a safe school facility and school environment and provide educational and counseling opportunities for promoting and maintaining individual, family and community health.

Goal / Policy

Magdalena Schools support the goal of providing coordinated, accessible health and mental health services for students, families and staff

Position / Activities

- Magdalena Schools has a full time registered nurse on site to provide health services to students and staff members. There are also Occupational Therapy, Speech and Language Pathology, and Physical Therapy professionals providing services at the schools and this will continue as long as there is funding available. (See also Behavioral Health)
- Magdalena School health services provide a linkage to school and community health resources (e.g., primary care, public health, community health agencies and faith based groups, etc.).
- Magdalena School health services include but are not limited to preventive services, behavioral health services, screenings and referrals; evaluations and assessments; first aid and emergency care; follow-up care; school safety; health education and ancillary services (e.g., speech therapy or physical therapy and or occupational therapy).
- Magdalena School health services are provided in partnership with students, parents, staff and communities.

Staff Wellness

Definition:

Staff wellness means opportunities for school staff to improve their health status through activities such as health assessments, health education, and health related fitness activities. ...

Goal / Policy;

Magdalena Schools support and promote activities for staff that are designed to promote the physical, emotional, and mental health of school employees as well as to prevent disease and disability. Magdalena Schools complies with the Americans with disabilities Act, Part 3

MAGDALENA MUNICIPAL SCHOOL DISTRICT

WELLNESS POLICY

Position / Activities:

- The Magdalena School District has a nurse's office that is available to all staff. Staff is encouraged to utilize the services available including assessments, prevention activities, coordination with local primary caregivers and mental health providers, and health education.
- Magdalena School District has a break room reserved for staff that was recently remodeled
- Flu shots are offered yearly at school for staff depending on the availability of vaccine
- Magdalena Schools has a Bloodborne Pathogen Program. All staff members are required to participate. The program includes the offer of free Hepatitis B immunizations.
- The Magdalena School District makes its facilities (such as weight room) available for all staff.
- **Aerobics classes for staff biweekly**

Other School-Based Activities Designed to Promote Student Wellness

Wellness policy goals shall be considered and supported in planning all school-based activities (such as advertising of foods and beverages, school events, celebrations, field trips, and assemblies) in order to provide consistent wellness messages conducive to healthy eating and physical activity.

Plan for measuring implementation and evaluation

The district School Health Advisory Council shall assist school district leaders with general oversight, planning evaluation, and periodic revisions of all aspects of the district's school health program. Magdalena Schools will submit required monitoring and evaluation documentation to the district and the Public Education Department, as requested.

The school Superintendent is charged with operational responsibility for ensuring that the schools fulfill the district's wellness policy.
