Counselor’s Corner

The start of the 2nd Six Weeks was September 30, 2019 • this grading period is shorter (only five weeks), so make sure that you keep up with your work and grades! The six weeks ends on November 1, 2019. Do you have any questions that the counselor could answer for you? Let me know and I’ll try to answer the question or find the answer for you. Feel free to ask about academics, programs, graduation plans, camps, etc.

Social Skill of the Month: Respecting your elders. An elder is an adult or someone that is older than you. Use your manners when speaking to them. Use proper names or Yes, sir/ma’am. Being polite goes a long way. If you see a teacher in need, offer to help. Opening a door or carrying something for them is showing a form of respect to an adult. Always use the magic words - please and thank you.
