John McNamara
Superintendent

April 17, 2020

Dear Wantagh Community,

Yesterday, Governor Cuomo extended school closures for all New York State schools through **Friday, May 15, 2020**. We will continue to follow guidance about re-opening our schools based on the ever-evolving situation with the spread of the coronavirus (COVID-19).

During this period of closure remote learning opportunities will continue for our students. You can find additional information on our [remote learning web page](#). Meals are available for free for district students and can be picked-up daily between 8:00 AM and 10:00 AM from Monday through Friday at Wantagh Elementary School. The district has also partnered with SCOPE to offer child care for essential employees. You can go to [our district website](#) to find out the details and to register for this program.

I will continue to update you as we work through this challenging situation. I know how difficult this time has been on our entire school community, but particularly our students. If we can assist you in any way, please contact us. We will all get through this together.

Sincerely,

John C. McNamara

Superintendent of Schools
