

Superintendent Report
February 27, 2017

State testing is getting ready to be administered for the 16-17 school year. The state testing has been drastically reduced this year by over 60%. This is because of our commissioner moving in a direction of soft skills with an emphasis in reading and math. These tests will also take less time to take as these have been cut back as well. We are looking forward to seeing how the difference in time could affect our students testing.

Winter activities are coming to an end very quickly. Sub-state basketball at the high school level are the week of February 27. We will be having two home games Monday and Tuesday. After that we will be traveling to Mission Valley High School in Eskridge. Wrestling state is in Hays February 24-25. Spring is coming very quickly and with that comes the end of the school year.

Spring break is just around the corner. It is a good time for our staff and students get prepared mentally for the last semester of the 16-17 school year. Before we know it graduation will be here and summer. Always an exciting time to be in a school.
