FROM: JOSH ADAMS, PRINCIPAL

I. VETERANS DAY PROGRAM

The Veterans Day program as usual was a success. Mr. Averill from the Wellsville Retirement Center was the featured speaker. It's always great for our students to see the veterans and participate in this program.

II. SCHOOL PLAY

This year's play was "The Nerd." The kids worked very hard and did a great job on it. We have some very talented actors at Wellsville High School.

VIII. AMERICAN ENTERPRISE DAY

The high school FBLA organized and hosted "American Enterprise Day" for the Wellsville fifth graders on Thursday, November 16. The workshop included: You be the Jury, Landing that job, Communication is key, Logos, slogans and jingles, dress for success, marketing your product, ethics in action, risk vs return, making the most of your choices and dining etiquette. Our students did a good job of teaching the younger kids.

IX. BLUE CROSS BLUE SHIELD GRANT:

Chris Rose applied for this grant and received it. This is a \$1000 grant that will be used to buy fitness equipment for his PE classes. This is the second time he has received this grant to update our weight room.

X. MATH CONTEST

Mr. Chaney took 10 of our math students to compete in the Washburn math competition on November 14th. It was a great experience for our kids.
