

Elementary BOE Report -11/27/2017

From: Jason Townsend

The Veteran's Day breakfast was well attended. Miss Luce and her parents did a great job of preparing breakfast and organizing music for the event. The students had decorated the cafeteria and wrote letters to the Veterans. There was a feeling of thankfulness throughout the building on that day.

The 5th grade students presented their music program "Rock Around the 50's". The students really got into listening to music from the different eras/decades. Many of the parents made comments that their children came home wanting more of that type of music. It is great to see them expanding their horizons!

The WES flight crew is gaining new members every month! The students are so excited to hear their names called and to get their certificates. Every two weeks each teacher selects a student to be a member of the "flight crew". They select the student based the character trait month, the manner of the week, and the skills they are working on in Lion's Quest. We also select two staff members every two weeks who are going above and beyond for our students.

The district site council met this past week. It was good to hear some of the great things going on in the Wellsville School district. We are very fortunate to have great schools in our community.

Thanksgiving is an awesome time of year. Our staff has many wonderful things to be grateful for, first foremost – our students. We are looking forward to moving into the festive holiday season and doing all the fun things that goes with it.
