

Elementary Report – August 2017 – Jason Townsend

We have several new families coming to our district this year. They have all been complimentary on our facilities and the staff they have interacted with throughout the enrollment process. It is nice to hear they are having a positive experience even before school starts.

Meet your teacher was last Wednesday. It was well attended. There is a lot of positive energy in the elementary students, families, and staff.

Mr. Henn gave a very positive message in his introductory remarks. He emphasized choosing to stay positive, associating with positive people, and doing positive things. All of these things are important when growing a strong organization. It was a great kick off to the school year and set the expected tone for the year.

There are several positive things going on in the elementary school this year. I am looking forward to including some updates on those in future board reports. It is great to be back and it is great to be an eagle.
