

JOSH ADAMS HIGH SCHOOL PRINCIPAL'S REPORT DECEMBER 11, 2017

I. FINALS

Finals will be administered on December 19-20. Teachers are instructed to give a comprehensive, written final or a project final. Since we wanted to make these finals more rigorous we wanted a longer class period for them to have to take the final. Therefore, we came up with a schedule that would allow us to do that. Since we only have 7 classes, we have the last block set up for any students that missed to make up finals. If the High School students have taken their finals and have a permission slip signed, they are free to leave after their last final. Bus students and students that don't have their permission slip signed will meet in their seminars. The finals schedule is below.
