- WMS Communications
 - Our Wellsville Middle School Facebook page has 169 followers. With 172 students, it makes us feel like we are reaching a high percentage of our parents and grandparents with information they want and need. Our weekly newsletter continues to go out every week to the parents who have provided us their email address. The newsletter is also posted on our Facebook page for those that do not receive it via email. For those that do not have Facebook or an email we post a hard copy of our newsletter on the "community" bulletin board outside the WMS office.
