

WJRC Director's Report for February Board Meeting

Our WJRC basketball leagues wrap up this week. It has been a great year for our basketball leagues. We've had several compliments on the school facilities and formation of the leagues. After the season, we will send out a survey to all coaches/players' families to hear their feedback on how the league went this year.

We have met with the Athletic Director and spring baseball/softball staff to discuss the upcoming season and preparation of the complex. We are in the process of installing new batting cages for the complex. This project would give the community a better set of batting cages to use. The project should complete by mid-March.

WJRC has also been doing some updates around the park. We have installed more trees throughout the park and will work on the landscaping around the complex. The goal is to have all of improvements done by the beginning of May.
