

Elementary BOE Report 3/26/2018 – Jason Townsend

Kindergarten roundup will be on April 11th. This event is important to help parents and families know what will be coming in the fall for their first time students. It also helps us get an idea on how many students we can expect.

State Assessments are beginning next week in the elementary school. They will run through the first few weeks of April. The most important thing we communicate to our students is to try their best and that is enough.

Spring Break was great for all! The best feeling in the world is to see the excitement our students have when seeing their teachers and staff as they come back. It is a clear indication that good things are happening.
