Quotation prepared by: Matt Cline \_\_\_\_\_

**REMARKS:**

- Fair-Play's Gen3 wireless operates on a 900MHz FCC licensed spread spectrum, and shall not interfere with wireless LANs and personal computing devices that use the 2.4 GHz ISM band
- Installation includes removal and disposal of existing scoreboard and front catwalk, painting existing structure white, installing new scoreboard, top sign, bottom sign, new field timers with new steel and footings, and connecting to owner-provided electrical disconnect
- Modifications to the existing football scoreboard electrical supply, if required, is not included

**Current "Tax Exemption Certificates" required when placing orders for materials only**

**Proposals with labor (installation/repairs) are subject to Sales Tax unless a "Project Tax Exemption Certificate" is provided when placing the order**
