1/21/2022

Dear Ellensburg School District Students and Staff

With the recent changes from the Washington Department of Health (DOH) regarding COVID-19 guidance, Ellensburg School District (ESD) has developed a simple electronic tool to report a variety of COVID situations with guidance for monitoring, isolation, and quarantine. This ESD Wellness Tool will assist students and staff to report: (1) close contact status and (2) positive COVID-19 test status.

When an individual experiences a COVID exposure or positive test result, this short electronic form will provide instructions in the moment and timelines for return to school or Test to Stay requirements. As circumstances require reporting, students or staff must use their building-specific Wellness Screening form located in the "News" section on the front page of each school's webpage. Go to www.esd401.org and select your school from the drop down menu.

You can also find each buildings Wellness forms here:

- Valley View: <https://forms.gle/wXqipVPyKtf8Vd5t6>
- Mt. Stuart: <https://forms.gle/dwmEJSFVTDndx7Xe6>
- Lincoln: <https://forms.gle/8yWMhpxVk1deGhs88>
- Morgan Middle School: <https://forms.gle/ErwXGFTpwLDqhJqM8>
- Ellensburg High School / Excel High School / Positive Learning Center (PLC): <https://forms.gle/8Hb8ez2rbZuBQdcW9>
- Early Learning Center: <https://forms.gle/ygHWiJSLVCQM14fu9>

With the increasing positive COVID cases in our community, this reporting tool will allow our health professionals to best monitor and support our buildings. Thank you for supporting ESD's efforts to keep schools open!
