"Alpine ISD will provide our children with learning experiences to be responsible, productive, and successful citizens of an ever changing world."

February 23, 2018

Dear Alpine ISD families,

We have continued to receive non-credible reports of threats against campuses, based on false information and rumors, including on social media. One of those rumors was reported to and investigated by law enforcement overnight, and was not substantiated. The Alpine Police Department and the Brewster County Sheriff's Office have issued statements regarding this incident and there was no threat made to Alpine ISD.

Continued circulation of false information causes disruption to the educational environment at our campuses. While we certainly understand that everyone is concerned about the safety of our students and staff, be assured that the safety of the students and staff is the District's highest priority. To that end, the District uses an alert system to notify parents, staff and stakeholders when an emergency exists. You may also sign up for Remind notifications for each campus via the following:

- Alpine Elementary School - @892cf8
- Alpine Middle School - @alpinemi
- Alpine High School - @bd48c0

I urge you to rely on official notifications from the District or other governmental entities for accurate information regarding any emergencies at the District.

The District remains watchful for any threats and encourages everyone to report any concerns directly to the District by calling 432-837-7700, the Brewster County Sheriff's Department by calling 432-837-3488, or the Alpine Police Department by calling 432-837-3486.

Thank you for your cooperation and your support of Alpine ISD.

Becky Watley
