

**Instructional Fees  
Purpose Statement  
2022-2023**

In an effort to support instructional costs, the district collects instructional fees in accordance with Iowa Code and school board authority. The district takes the economic base of our community into consideration and strives to keep instructional fees appropriate. We offer support to families that demonstrate financial hardship and complete a free & reduced meal application.

The following are some of the items that are supported by instructional fees at our schools in accordance with Iowa Code.

- Textbooks
- School supplies
- Summer school programs
- Driver education programs
- Transportation fees for resident students who are not otherwise entitled to free transportation
- Eye protective devices
- Ear protective devices
- School meals
- Nonresident student tuition
- Technology

While all of the items listed above may not be applicable to your child(ren), they are reflective of costs incurred by the district and acceptable instructional fees in accordance with Iowa Code. If you need financial assistance, please complete the free & reduced meal application. Failure to pay fees may result in the district turning accounts over to a collection agency; which is something we would like to avoid.
