

PTO Meeting Minutes
7 p.m. January 18, 2018
McCormick Elementary

Members present: Amber Krause (President), Janelle Corkill (Secretary), Jenny Sump (Treasurer), Jodee Webster, and Anthony Meals.

Treasurer's report

The current account balance is \$4,276.23. The balance includes the middle school game gates (4 games at about \$250/game) and the quarterly check received from Dillons, which was a little over \$200. Library fund with January's \$500 addition is \$1,007.99.

Library

Discussion was had about what else we can do for the library. Culling the old books that are worn out and replacing them is a need. Maybe adding some books that teachers use for biography projects. Anthony will check on the Farm Bureau books/grant for some nonfiction, ag-oriented books. Ask Mrs. Gude about planning a summer work day.

Water bottle filler installation

Ready to be installed and pending Luke Dumler's availability. One will be installed at the elementary and one at the middle school. Thanks, Luke!

PTO membership

There's a growing need to define the PTO membership – both for communication and for voting and decisions made by the organization. One option Amber presented is to use a sign-up form for parents to become members. Members would then receive email updates and minutes from the meetings. This is the first time we've discussed this and will table for additional discussion.

Funding requests and proposals

We've received a lot of requests this year. We viewed examples of a funding request forms that we would like to implement online.

Boots and Bling planning, April 7, 2018

Update on planning. Discussions were had about a silent auction item, final meal decisions, additional sponsors needed, and selling tickets at the basketball games and P/T conferences in February.

The next PTO meeting is 7 p.m., Thursday, February 22 at Blue Valley High School.
