Pinnacles High School School Accountability Report Card Reported Using Data from the 2014-15 School Year Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements (Most Recent Year)

Currently the facilities are in good working condition. The restrooms are in good working order.

Pinnacles High School was moved to a new facility on October 26, 1992. It consists of two classrooms and an office. A basketball/volleyball court is adjacent to the classrooms for use in physical education classes. On the same site is an adult education classroom, and a learning center, Two student restrooms and one staff restroom are in good working condition.

The facility is clean. The students take pride in the building as is evidenced by the lack of graffiti in and around the facility. There have been only two cases of graffiti in the bathrooms during the past year. This is also partly due to reward and ownership procedures that have been established by the teachers and the administration of the school. The students are rewarded for keeping their bathrooms clean, by being given special bathroom decorations and non-toxic products such as hand lotions.

The district has been researching the purchase of land and other options to expand the school site, as an increase in classroom and office space is needed. In 2007 Pinnacles installed 3 benches by the student restrooms and 2 new basketball backboards. In 2007 Pinnacles' side wall by the boy's restroom was replaced due to rot.

The school was completely landscaped in 1993-94 by students in the Community as School Program in partnership with the landscape architect and Director of Maintenance and Operations for the district. In 2009 the students obtained 50 plants from a local nursery and planted those plants throughout the campus. The students are also growing several bushes and trees in wood boxes along the fence. Over the summer, several student volunteers helped to repaint the railings, lines on the basketball court and in the parking lot. They also painted the doors and painted over chipped paint areas along the outside walls. Another group of students helped to redecorate classrooms and to organize the books on the bookshelves.

Pinnacles High School is a safe school. The school has maintained a strong working relationship with the Police department in Soledad and their response to any emergency is immediate.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure sufficient service and that emergency repairs are given the highest priority. Custodial staff is assigned to clean the school daily and any concerns are addressed in a timely manner.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems.

The school buildings, grounds and restrooms are well maintained and fully functional. In Summer, 2005 the entire school was painted and installations were new linoleum in the staff bathroom, new carpets in Rooms 5 and 6 and a new phone system. In Summer, 2006 three new benches were added to the student outside eating area. In Fall, 2007 an outside wall was repaired by the girl's bathroom. In Winter, 2007 the school's roof was re-tarred to protect classrooms from leaks during the rains. In Fall, 2008 a shade structure was installed to protect students from the elements in the outside eating area. In Summer, 2009 Promethean interactive white boards were installed in all Pinnacles' classrooms.

The administration conducts monthly school walk-throughs to look for and to mitigate safety hazards and to resolve repair issues. Students help to keep the campus clean by raking leaves and picking up garbage on a daily basis. On most days, our campus is very clean and beautiful.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

A parent/guardian must attend the initial enrollment conference at the school with their student. School Site Council meetings are held quarterly. An English Language Advisory Council (ELAC) is also held quarterly. Parents/guardians are encouraged to request appointments with the principal or counselor whenever they have a concern about their student. Progress reports are distributed quarterly by mail. Student Study Team meetings are held by request of staff or parents/guardians. All parents are invited and encouraged to attend by formal written invitation and personal phone calls. Parents/Guardians are encouraged to visit the school and to become involved in all activities. Teachers send out mid-quarter progress reports and when students are falling behind Parents/Guardians are asked to participate in a meeting. All Parents/Guardians are encouraged to either call or email her or her child's teacher whenever they would like a progress. Our Principal and counselor make home visits to check up on students and to assist families with information and referral to social service agencies.

State Priority: Pupil Engagement

School Safety Plan (Most Recent Year)

Schools have developed comprehensive safety plans that meet state requirements. The plans include procedures for handling disasters, safe entry and exit of students, serious disciplinary problems, sexual harassment, child abuse reporting and school dress codes. Schools have revised, as an on-going process, their comprehensive safety plans, to meet state requirements. Staff is provided on-going training and information about current health or safety threats and revised emergency procedures as necessary. Parents/guardians are sent updated information on how to plan and prepare for an emergency and are invited to trainings and workshops related to disaster preparedness and safety. The administration conducts monthly school walk-throughs to look for and to mitigate safety hazards and to resolve repair issues.

Professional Development (Most Recent Three Years)

Staff development is provided on four district wide professional development days, as well as site based training days. Content is consistent with the district intervention plan. Teachers are setting higher expectations and outcomes. Professional development focuses upon the transition to the Common Core State Standards. Teachers participate in writing performance assessment focused upon student writing in response to literature. Friendly collaboration with all staff is a definite advantage at our school site to ensure the success of all our pupils. On-going staff development is furthered through monthly staff meetings and occasional release days which address the ongoing training in the Data Works model of Explicit Direct Instruction.

All teachers possess the Cross-cultural Language and Academic Development certificate or the SB 1969 Specially Designed Academic Instruction in English certificate. The Pinnacles High School schedule allows and one hour daily for teacher preparation, curriculum development, parent contact and collaborative planning.
