DISTRICT & SCHOOL DESCRIPTION

Soledad Unified School District is located in the heart of the Salinas Valley, approximately 120 miles south of San Francisco. The city is surrounded by a rich agricultural area producing a large portion of the nation's fruits and vegetables. The city of Soledad was established by Catalina Manzaneli de Munrás in 1873. She named the township Soledad in honor of the brave padres who had founded the mission across the river. The mission was named honoring Nuestra Señora de la Soledad (Our Lady of Solitude). The town was incorporated May 9, 1921. The district currently operates five elementary schools, one middle school, one high school, and one continuation high school which serve almost 5,000 students in grades K-12.

Main Street Middle School provides a safe, standards-based learning environment for students in grades 7-8. During the 2020-21 school year, 792 students were enrolled. Student demographics include 19.3% receiving special education services, 18.9% qualifying for English learner support, 94.4% enrolled in the free or reduced-price meal program, 0.8% migrant, and 5.3% homeless youth.

Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS) for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical sequences or programs of student.

Regular school-to-home communication, provided in both English and Spanish, keeps parents up to date on student progress and school issues. A monthly newsletter, flyers, and ParentSquare are just a few of the ways that parents are kept informed of school events and activities. A calendar of events is published at the first of the year; general information can be found on the school website and the school marquee.

Parents seeking more information or who are interested in participating in any of the activities listed above may contact the parent liaison at (831) 678-6340 for more information on how to become involved.

Note: The above events were planned for the school year and will occur as Department of Public Health allows due to the ongoing COVID-19 pandemic.

STUDENT ACHIEVEMENT

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

PHYSICAL FITNESS

In the spring of each year, Jack Francioni Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test measures each student's ability to complete six fitness tasks in six major areas. Students

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years."

The Soledad Unified School District administered i-Ready local assessments for English Language Arts and Mathematics in lieu of administering the CAASPP test for the 2020-21 school year, and the results are shown in this report.

SCHOOL FACILITIES & SAFETY

Main Street Middle School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Main Street Middle School's original facilities were built in 2018; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

The custodial staff and district's maintenance department work together and communicate at least every other day to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Soledad Unified School District has established a comprehensive set of cleaning standards to ensure campus facilities are maintained in good repair and kept safe for students and staff. Parents may request to view approved cleaning standards by contacting the district's Director of Maintenance and Operations through the district office.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. Maintenance and Operations employs an electronic, web-based work order system that enables school staff to communicate its maintenance needs. Teachers and school staff relay requests for unscheduled special projects directly to school office staff who complete and submit a work order request to the Director of Maintenance of Operations. The director evaluates, prioritizes, and then forwards the request immediately to custodians for resolution. Custodians are qualified to perform minor and routine maintenance. Larger and more specialized projects are typically outsourced to third party contractors. Emergencies and urgent situations are typically resolved immediately.

All staff share the responsibility to report safety hazards or other conditions that need immediate attention. Graffiti and signs of vandalism are removed prior to students arriving on campus. The principal communicates with Maintenance and Operations staff as needed to manage safety concerns, cleaning practices, and maintenance needs.

CAMPUS SUPERVISION

As students arrive on campus in the morning, during recess and lunchtime activities, and upon release after school, administration and school

staff monitor entrance gates and the playground in order to ensure a safe environment is provided at all times.

To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrive, wear a visitor's badge while on campus, and return to the school office upon departure to sign out indicating they are leaving the campus.

SCHOOL SITE SAFETY PLAN

A Comprehensive School Site Safety Plan is in development in collaboration with local law enforcement and fire protection agencies and district administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, sexual harassment policy, procedures for safe arrival and departure from school, and dress code policy. Main Street Middle School's plan will be completed and shared with staff by February 2022. An updated copy of the school site safety plan is available to the public for viewing at the Soledad Unified School District office and the school office.

SCHOOL INSPECTIONS

Schools are required by state law to conduct an annual comprehensive inspection of school facilities, paying close attention to designated areas identified by state legislation and the Office of Public School Construction guidelines. The district's maintenance department inspects Main Street Middle School on an annual basis in accordance with Education Code §17592.72(c)(1). Main Street Middle School uses a school site inspection survey to identify unsafe or hazardous conditions and facility improvement needs. The most recent school inspection took place on May 13, 2021. During fiscal year 2020-21, all restrooms were fully functional and available for student use at the time of the inspection.

CLASSROOM ENVIRONMENT

CHRONIC ABSENTEEISM

The chart in this report identifies the chronic absenteeism rates by student group for Main Street Middle School for the 2020-21 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

CLASS SIZE

The Class Size Distribution table in this report illustrates the distribution of class sizes by grade level, the average class size, and the number of classes that contain 1-20 students, 21-32 students, and 33 or more students.

MONTEREY COUNTY WILLIAMS FACILITIES INSPECTION

On an annual basis, representatives from the Monterey County Superintendent of Schools visit Soledad Unified School District's schools that are in the API Decile Ranks 1-3. The inspection is designed to evaluate and verify that school facility conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. Data collected during the 2020-2021 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

CURRICULUM & INSTRUCTION

PROFESSIONAL DEVELOPMENT

Soledad Unified School District combines efforts with school site administration to provide training and curriculum development which revolves around the California State Standards. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

During the 2020-21 school year, Main Street Middle School sponsored professional development training activities for professional development and grade level collaboration. Additionally, grade levels participate in Professional Learning Communities (PLC's) each week in grade level teams to determine the next approach to the curriculum, review student successes and needs, and to review district assessments. Teachers also use this time to develop essential standards-based lesson plans. Site-based professional development topics are based upon student achievement levels and teacher needs as well as follow-up training on districtwide programs.

During the 2019-20, 2020-21, and 2021-22 school years professional development activities available in the Soledad Unified School District covered topics that are identified in the chart located in this document.

Teachers are encouraged to attend professional training programs offered by the Monterey County Office of Education and other local agencies for specialized training in their instructional areas and curriculum.

Teachers that are new to the profession as well as the district receive intensive support and training through the Monterey County Office of Education's New Teacher Induction Program (formerly known as BTSA - Beginning Teacher Support and Assessment). For beginning teachers and new teachers recruited from out-of-state, the New Teacher Induction Program provides support and skill-building assistance through formative assessment and individualized support. After successful completion of the two-year program, teachers may apply for their clear teaching credential.

INSTRUCTIONAL MATERIALS

All textbooks used in the core curriculum throughout Soledad Unified School District are aligned to the California State Standards. Instructional materials for grades K-12 are aligned to state content standards and, when possible, are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education.
