## School Accountability Report Card

### Reported Using Data from the 2016-17 School Year

#### Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)

<b>Mathematics (grades 3-8 and 11)</b>	21	19	20	18	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

#### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-18)

Parents have many opportunities for involvement in the school. They include but are not limited to the following:

School Site Council: SSC includes faculty, parents, staff, and principal who meet regularly to create and/or revise the School Plan for Student Achievement; This is done with the input and assistance from all stakeholders and groups. During the writing or revising of the SPSA, the Council reviews data, programs, schedules, professional development, policies, and implementation of the current plan. English Learner Advisory Committee: ELAC includes parents of English learners, community members, and staff; This committee meets to advise the administration on services provided to students learning English; a second language. This committee also reviews the SPSA and offers advice regarding the plan to the School Site Council.

"Back To School" Night & TITLE I MEETING: Parents are invited to visit their child's class to learn about the standards and curriculum that will be taught throughout the year. Parents are given a copy of their child's fall assessment results and are informed about the many ways they can help their child to meet grade level benchmarks.

**Parent-Teacher Conferences:** Conferences are held twice a year. At conferences parents have the opportunity to meet with each of their child's teachers to review grades and collaborate together as a team how they can best help the child meet grade level standards.

**Student Success Team:** SST meetings are held to provide an opportunity for information gathering and intervention for students who are at-risk. Parents, students, respective teachers, counseling and administrative staff come together to review each case individually and form an action plan for student success.

**Individual Education Planning:** IEPs are held on behalf of Special Education Students to review current performance and set new learning goals. In addition to parents: the student, their teacher, their Special Education service provider, and an administrator attend each meeting.

**Family Literacy & Math Nights:** (Literacy) Parents are invited to into classrooms to hear about the latest in regards to the importance that literacy plays in their children's lives. In addition, parents are given strategies regarding how they can help their children discover a love of reading. (Math) Parents are invited to discover the new strategies in mathematics instruction as well as tips they can use at home to assist their children in seeing that math is a creative and beautiful subject.

**Parent Volunteers** are invited to volunteer their help and expertise by working in their child's classroom, the office, library, cafeteria, and/or computer lab. Volunteers are appreciated every day and are recognized once a year at a special event held in their honor and attended by all Rose Ferrero Staff.

**Parent Education:** These topics may include, but are not limited to the following: - gang awareness - parenting classes - health and nutrition - educational support.

**Migrant PAC:** Parents of Migrant students are invited to attend a district parent meeting once a month where they learn about the services available to Migrant students. Parents also give input about the Migrant Program and ways to best serve our Migrant students.

**Award and Recognition Assemblies:** Parents are invited to attend all student recognition assemblies throughout the year. Several students from each class are recognized for a variety of academic & social accomplishments.

**"Open House":** Towards the end of the school-year, parents are invited to an "open-house," in which teachers open their classrooms so that parents of all students can visit any of the classrooms to see what the students have been working on throughout the year, and especially the end-of-year projects.

Information about any of our parent activities and trainings are provided in a WEEKLY Bobcat Bulletin that has news and parent education, provided every Tuesday in English and Spanish..

**Professional Development (Most Recent Three Years)**

Rose Ferrero staff members are provided with a variety of professional development opportunities. The staff development plan is created with the input of staff, the School Site Council, and is based on the needs of our staff as determined by on-going data analysis. Staff development occurs on 6 full training days, on early release Wednesdays, and at Tuesday Staff Meetings. Rose Ferrero is following the Professional Learning Communities model of collaboration. Each group focuses on student learning in general and specifically during their daily 40 minute intervention time. Working together, the faculty answers the question of what is to be done when students don't learn. Each new teacher receives assistance and support from a mentor teacher who has been trained through the BTSA Program.
