Dear Leary Parents,

It is with great excitement that I welcome everyone back for another year at Leary ISD. This summer seemed to go by extremely fast, and we are ready to have students back in our classrooms and hallways!

The start of every school year is an opportunity for a new beginning and the start of something special. We have added some great new teachers and staff members to go along with the wonderful ones we already have. I am taking on new responsibilities myself and am thrilled to be in my new role as the Superintendent of Leary ISD. I strongly believe that good things are in store for our school, and I know that with your help, we can work together to make 2018-2019 an incredible school year.

It is an honor and a privilege that you choose to share your children with us at Leary ISD. We will continue to work hard to make our school a place where your child wants to come each day. Please don't hesitate to reach out to me with questions, comments or concerns. Thank you for your support!

Sincerely,

Jennifer Dear
