

Meals for Virtual Students

Each site will hand out meals for virtual students daily. They will receive both breakfast and lunch in the sack. Some items will need to be baked at home, some items will come ready to eat.

If you have students attending different school sites, you may pick them all up in one location. If you will be picking up a secondary at an elementary site, or an elementary at a secondary site, please email me: nedwards@harrahschools.com, we can make sure to have the appropriate meal at that location. They will be charged as free/reduced or paid, whatever the student's status has been determined by the free/reduced application.

Meals can be picked up OUTSIDE of the cafeteria door between 9:30 am and 10:00 am. There will be an employee there with meals and a rooster to mark names that pick up meals.

If you have any questions, please contact:
