Philosophy of De Queen Public Schools

Mindful of the expansion and fluidity of our complex social processes and the continually changing situations thus created, it shall be the responsibility and challenge of this school to provide a thorough comprehensive and a functioning appreciation of the achievements of the objectives of society. Full consideration must be taken to assure each student a preparation that will result in as complete an understanding of the main features of social and vocational attainment as his/her potential allows. The focus of this school’s program shall always be in perspective with the criteria created by the advance of the aggregate environment—resultant in each student’s full realization of his/her intellectual and physical needs.

Vision Statement

To Empower All Students for the Choices and Challenges of the Twenty First Century

*Respect Self, Others, and the Environment

*Think Critically

*Communicate Effectively

*Work Cooperatively

*Participate Responsibly and Productively

De Queen School District desires all students and staff to become lifelong learners. The district believes that technology should empower all learners to access information from a variety of sources, to become critical analyzers of information, to understand new information in relation to their own knowledge and beliefs, and to communicate information and ideas to others. Information technology includes important tools that can help lifelong learners prepare for the choices and challenges of the twenty-first century.

Mission Statement

The mission of De Queen School District is to provide our students with the skills and knowledge they will need to succeed and excel in every aspect of their lives.

Belief Statements

We believe every child has the ability to learn and meet high expectations. It is our mission to provide a safe learning environment for all children so that they may succeed.

We believe that a quality education is the foundation for building common ground in our diverse community. Education will also foster unity and understanding among various groups.

We believe our students deserve the highest quality of education and feel that this will help each student fulfill their goals and dreams.

We believe well educated students become leaders in the community and will be able to join a globally competitive workforce.
District Objectives

The goals of the De Queen School District are:

1. to recognize and adjust our methods and contents of instruction to help students to enjoy the present as well as to prepare them to meet the continuing and rising demand created by our advancing society;

2. to give students the opportunity to equip themselves with the basic skills necessary to pursue their own choice of training or vocation;

3. to favor student activities that, through leadership as well as participation within a group, visibly tend to develop concepts of government, to offer guidance to careers, and to broaden the student’s social and physical developments;

4. to upgrade the academic standards to an advancing minimum by enriching the educational processes;

5. to create an atmosphere in which the students feel free to confer with their teachers concerning both their academic and social problems;

6. to keep ourselves always educationally prepared to teach the students through the best techniques and methods of each area of instruction and to guide them toward responsibility for their own learning;

7. to continue a teacher-administrator relationship in which the teacher is accepted as a qualified instructor in his/her area and is allowed freedom of instruction and of class procedures;

8. to share responsibility with home, church, and other community agencies for a more enriched educational program;

9. to prepare better citizens who will upgrade the society which constitutes the community;

10. to create attitudes exhibiting a respect for others, tolerance of others’ beliefs, a recognition of the dignity of all labor, a motivated understanding of their problems, and realization of the common aspects of shared problems;

11. to increase awareness of health, safety, and sanitation through courses in health education, physical education, driver education, and athletic activities as well as through practices in cafeteria services, bus transportation, health services, and the school plant.

12. to regularly compile statistical information of graduates and former students in order to maintain a progressive evaluation and improvement of the school program.

13. to give students an opportunity to develop their talents in music, art, and drama and to help them come to an appreciation of all art forms so that their lives can be enriched.

Note: Last revision April 29, 2017 at Closing the Achievement Gap Taskforce Stakeholders Meeting

De Queen School District will work with all students, staff, parents and other community members to provide a supportive learning environment and appropriate opportunities for students to become educated, confident, and responsible citizens now and for the future.

The De Queen Schools District and community realizes that learning may occur at different rates for individual students. However, all students are expected to achieve at the proficient or advanced level on all assessments. The De Queen School District is committed to helping students reach this expectation and close any achievement gaps among students. We expect every student to graduate from high school prepared for additional educational opportunities and/or successful careers.

MEMBERSHIP AND COMPLIANCE

The De Queen School District is a member of the Arkansas School Board Association, the Arkansas Activities Association of Secondary Schools, and the De Queen-Mena Educational Cooperative. The school strives to operate within the rules and guidelines of these organizations.

The De Queen School District will comply with all Federal laws, the laws of the State of Arkansas, and with the mandates of the State Board of Education.

DISTRICT ORGANIZATION

De Queen Schools will be divided into five areas of student service on the De Queen Campus; K-2, 3-5, 6-7, 8-9, and 10-12. The schools will offer the prescribed courses of study approved by the Arkansas State Department of Education. In addition, the schools offer special education courses including honors courses, a gifted/talented program, and classes for learning disabled and handicapped students, Advanced Placement courses, ELL courses, migrant remediation courses, and an ALE.

Students are offered a full complement of academic and activity courses to aid them in pursuing either a college preparatory, vocational, or terminating type of education. Any activities under the auspices of the school and approved by the Board of Education which contribute to the overall development of the child will be considered a part of the curriculum. The total curriculum will be organized in agreement with the philosophy of the school and with the need of the children uppermost in mind. The curriculum shall be flexible, and the process of revision and improvement continuous.

ESEA

ESEA legislation is designed to improve student achievement by increasing federal involvement in public education both at the state and local level. Under ESEA, parents have a right to know the professional qualifications of their children’s teachers. Parents may request the following information about a child’s teachers:

- Whether the state of Arkansas has licensed or qualified the teacher for the grades and subjects he or she teaches. The district is required to send a notice to parents if the teacher is not fully licensed for the subject and grade level assigned. If parents do not receive notice, they should assume the child’s teacher is fully licensed.
- Whether the teacher is teaching under an emergency permit or other provisional status through which state licensing criteria have been waived.
- Whether the teacher has advanced degrees and the teacher’s major program of study.
- Whether any instructional aides or paraprofessionals provide services and their qualifications.
PARENT INVOLVEMENT

De Queen Public Schools welcomes parents to participate in academic activities. Each campus will hold a parent conference each semester. Dates are available on the district's web page. It's important that parents can work with the faculties throughout the year. Closing the achievement gap is a priority at De Queen Public Schools. Each campus will hold parent involvement nights for academic purposes. The dates for Parent Involvement Nights will be posted on the district web, local radio station, newspaper announcements, letters, or alert now. We look forward to working with you to make the best education possible. Parents are asked to sign a compact and return it to the campus your child attends.

Arkansas Statute Act: 1423

SPECIAL EDUCATION

The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, required under the Individuals With Disabilities Education Act (“IDEA”), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in state and federal statutes which govern special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district’s obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding handicapped students. The Special Education Coordinator is located in the district administration office and can be reached by phone at 870-584-4312. Among the coordinator’s responsibilities shall be ensuring district enforcement of the due process rights of handicapped students and their parents.

II. Special Education records MUST BE destroyed by the School System at the request of the parent if the student has left the School System or the records are no longer needed to provide special education services.

Title IX

It is the intent of the Board of Education of the De Queen School District of De Queen, Arkansas, to comply with Title IX of the Education Amendment of 1972. Title IX prohibits sex discrimination in any education program or activity receiving federal financial assistance.

Box 950, De Queen, Arkansas, 71832. The Board will notify the complainant of the date, time, and place of the hearing before the Board. Students will be included in the drills to the extent that is developmentally appropriate to the age of both the students and grade configuration of the school.

Drills may be conducted during the instructional day or during non-instructional time periods.
Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of an earthquake or terrorist attack that might include the use of biological or chemical agents. Students shall be included in the drills to the extent practicable.

**CANCELLATION OF SCHOOL**

Cancellation of school takes place only during extraordinary circumstances such as extreme weather, equipment failure, or public crisis. The school board and administrators are aware of the hardships which can be caused by an abrupt cancellation. Therefore, school will not be canceled unless a significant safety risk has been created by unusual circumstances. Every practical means is used to notify parents of an impending cancellation, including a phone notification system, radio, TV, and newspapers. In the unusual circumstance where school must be canceled during the school day, teachers will determine that all students have satisfactory transportation before releasing them from school.

**RESIDENCE REQUIREMENTS**

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

**ENTRANCE REQUIREMENTS**

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a
transfer student under the provisions of policy 4.4, or participate under a school choice option and submit
the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in
which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or
state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5)
years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency
requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and
who has not completed a state-accredited kindergarten program shall be evaluated by the district and may
be placed in the first grade if the results of the evaluation justify placement in the first grade and the
child’s parent or legal guardian agrees with placement in the first grade; otherwise the child shall be
placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during
the school year in which the child is seeking enrollment and the child has successfully completed a
kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary
school in another state for a period of at least sixty (60) days, who will become age six (6) years during
the school year in which he/she is enrolled in grade one (1), and who meets the basic residency
requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they
were attending in their previous school (mid-year transfers) or as they would have been assigned in their
previous school. Home-schooled students shall be evaluated by the District to determine their appropriate
grade placement.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or
his/her parent or legal guardian presenting for enrollment.

Prior to the child’s admission to a District school:

1. The parent, guardian, or other responsible person shall furnish the child’s social security number, or if
   they request, the district will assign the child a nine (9) digit number designated by the department of
   education.

2. The parent, guardian, or other responsible person shall provide the district with one (1) of the
   following documents indicating the child’s age:

   a. A birth certificate;
   b. A statement by the local registrar or a county recorder certifying the child’s date of birth;
   c. An attested baptismal certificate;
   d. A passport;
   e. An affidavit of the date and place of birth by the child’s parent or guardian;
f. United States military identification; or
g. Previous school records.

3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school district to enroll as a student until the time of the person’s expulsion has expired.

4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health. To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30 days to receive his/her initial required immunizations and 12 months to be up to date on the required immunizations for the student’s age.

A student enrolled in the District who has an immunization exemption may be removed from school during an outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of Health. The student may not return to the school until the outbreak has been resolved and the student’s return to school is approved by the Arkansas Department of Health.

Uniformed Services Member’s Children
For the purposes of this policy,
"active duty members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;
"uniformed services" means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services;
"veteran" means: a person who served in the uniformed services and who was discharged or released there from under conditions other than dishonorable.

This policy applies to children of: active duty members of the uniformed services; members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:
1. be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. enter the District’s school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student;
6. make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

COMPULSORY ATTENDANCE REQUIREMENTS
Every parent, guardian, or other person having custody or charge of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1 RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions.

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (4.6 HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).
ATTENDANCE REQUIREMENTS FOR STUDENTS IN GRADES 9 - 12

Students in grades nine through twelve (9-12) are required to schedule and attend at least 360 minutes of regularly scheduled class time daily. Part of this requirement may be met by students taking post-secondary courses. Eligible students’ enrollment and attendance at a post-secondary institution shall count toward the required weekly time of school attendance. Each credit hour shall count as three (3) hours of attendance time. This means a three (3) hour course shall count as nine (9) hours of the weekly required time of attendance.

Extracurricular Classes

Students may be assigned to no more than one (1) class period each day for organized and scheduled student extracurricular classes that the student shall be required to attend and participate in for the full class period. Extracurricular classes related to a seasonal activity shall meet for an entire semester whether or not the season ends prior to the end of the semester. For the purpose of this policy, extracurricular classes is defined as school sponsored activities which are not an Arkansas Department of Education approved course counting toward graduation requirements or classes that have not been approved by the Arkansas Department of Education for academic credit. Such classes may include special interests, fine arts, technical, scholastic, intramural, and interscholastic opportunities.

ABSENCES

If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will not be accepted. Excused absences are outlined as:

1. The student’s illness or when attendance could jeopardize the health of other students. A maximum of seven notes written from parents are allowed per semester. Doctor’s notes will be accepted throughout the semester.

2. Death or serious illness in their immediate family;

3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;

5. Attendance at a medical appointment;

6. Exceptional circumstances with prior approval of the principal; or

7. Participation in an FFA, FHA, or 4-H sanctioned activity;

8. Participation in the election poll workers program for high school students.

9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.

10. Absences granted, at the Superintendent’s discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and twelve (12).

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

It is the Arkansas General Assembly’s intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

**Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent or legal guardian, presented in the timeline required by this policy, shall be considered as unexcused absences. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has two unexcused absences, his/her parents, guardians, or persons in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student reaches ten unexcused absences, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.
In High School, a written statement presented for an absence having occurred more than two (2) school days prior to its presentation will not be accepted. Whenever a student reaches ten (10) unexcused absences they will lose credit in the course without the opportunity to make up the days. The student will have an opportunity to make up the course through credit recovery the following semester. Each parent note will excuse only one day of absence. His/her parents will meet at the school with the Principal/Assistant Principal when their child reaches five (5) unexcused absences. When a student reaches or exceeds 5 unexcused absences, he/she will be given opportunities to make up unexcused absences by attending morning detention. One day of morning detention will make up one period of an unexcused absence. The student will still earn zeros on all work missed due to the unexcused absence. A chance to make up the unexcused absence will hopefully keep the student from losing credit.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district’s administration for special arrangements to address the student’s unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement’s requirements. The agreement shall be signed by the student, the student’s parent, guardian, or person in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a “C” average for the previous semester or similar equivalent grading period for which grades are reported as part of the student’s permanent record.

**STUDENT TRANSFERS**

District-to-district student transfers are not accepted by the De Queen School Board. The De Queen School Board and Administration has the right to review and accept or reject requests for transfers, both into and out of the district, on a case by case basis for extreme hardship cases.

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.
Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school.

Any student transferring from home school or a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person’s expulsion has expired.

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student’s parents. The District and the resident district may enter into a written agreement with the student or student’s parents to provide transportation to or from the District, or both.

Transfers from Non-Accredited Schools and Home School

Students transferring into the De Queen school system from a non-accredited or private school will be required to take a nationally recognized achievement test. Placement will be determined by administrative and counseling staff after consideration of these test scores. After testing, students who are placed as freshmen may transfer no credits toward graduation; sophomores may transfer a maximum of 7 credits; juniors may transfer a maximum of 14 credits, and seniors may transfer a maximum of 21 credits.

Students as per the Home School Act 42 have the legal right to receive instruction through home schooling. However, the local school district has the responsibility of determining whether or not credit is to be given should a student desire to receive public school credit toward graduation. The following procedures have been established:

1. Students will be given a general achievement test to determine if the student is eligible to be considered for grade level placement. If the student has participated in a nationally recognized test, testing results from that test may be used in lieu of an individualized achievement test.

2. If a student is eligible as demonstrated by grade level testing to earn credit for specific classes in grades 9-12, specific tests will be given to the student in each of the four core subject areas in which the student requests the credit. (For example: if the student requests a credit in Algebra I, then the student will be given a test that covers the objectives found in a year-long algebra class, etc.) Sixty per cent (60%) achievement will be required for passing the test for credit. No letter grade will be issued, only “CR” for "credit earned."

3. Any student desiring to re-enter school claiming to have been in home schooling must have proof that application for home schooling has been filed. Copies of home schooling applications are kept on file in the Superintendent's office if the student does not have a copy of the application available.

4. A sheet will be added to the enrollment form so that when students enroll from home schooling to public school, the counselor will know what courses the student has had and the student's last grade placement in public school.

5. The district will continue to require any student who desires to be a senior to be enrolled in a full class schedule. Thus, if a home school student enrolls as a senior, the student will be required to take
a full day’s classes regardless of how many credits the student has at the time of enrollment. The student will also be required to be enrolled two consecutive semesters to be considered a senior.

6. Should a student not achieve at grade level on a general achievement test, grade placement will be determined by the principal after review of standardized test data.

7. Act 1117 of 1999 states any home-schooled student who enrolls or reenrolls in a local school district must attend classes for at least nine (9) months immediately prior to graduation before the student can become eligible to receive a high school diploma from the district.

Any student aged 15 by September 15 will not be placed below the eighth grade.

De Queen Schools will accept only 1 respective credit per year in English, science, and math from a student who is transferring from a non-accredited private school or home school. Courses that transfer in from non-accredited private schools or home schools will be given grades of S (satisfactory) or U (unsatisfactory). These transfer grades will not be used in computing grade point, class rank, honor graduates, or qualifications for National Honor Society.

**SCHOOL CHOICE**

**Standard School Choice**

Exemption

By March 31 of each year, the Board shall determine if the District is subject to a desegregation order or mandate of a federal court or agency remedying the effects of past racial segregation. A District that determines it is subject to such an order or mandate may declare an exemption from the provisions of the School Choice Act of 2013 (the Act) codified at A.C.A. § 6-18-1901 et seq. If the District determines it is eligible for exemption, it will notify the Arkansas Department of Education (ADE) by April 1 whether or not it will declare an exemption from the Act. If the District has previously declared an exemption from the Act and chooses to no longer exercise its exemption option, it shall notify the ADE by April 1 of the District's decision to participate in the school choice provisions of the Act. If the District chooses to exercise its exemption option, it should notify the superintendents of each of its geographically contiguous school districts of its decision. Each decision regarding exemption is binding for one-year from the date the District notifies the ADE of the declaration of exemption.

**Definition:**
For the purpose of this policy, "sibling" means each of two (2) or more children having a common parent in common by blood, adoption, marriage, or foster care.

**School Choice Transfers Out of the District**

The District shall date and time stamp all applications for school choice transfer out of the District as they are received in the District's central office. By August 1, the District shall approve all such applications.
unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than 3% of the previous year's student enrollment. By June 1 of each year, the ADE shall determine and notify the District of the net number of allowable choice transfers. For the purpose of determining the 3% cap, siblings are counted as one student.

If, prior to August 1, the District receives sufficient copies of requests from its students to transfer to other districts to trigger the 3% cap, it shall notify each parent from which it has received a school choice application and the district the student applied to transfer to that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of what applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.

Any applications for transfer out of the District which are denied due to the 3% limitation cap shall be given priority for a choice transfer the following year in the order in which the District received the original application.

School Choice Transfers into the District
Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards the District will use in determining whether to accept or deny a school choice application from another district's resident student. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. In determining the capacity of the District to accept choice applications, the Board of Directors shall consider the probable, locally generated growth in student enrollment based on recent District enrollment history.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program. Such pronouncements shall be made in the spring, but in no case later than April 1.

Application Process

The student's parent shall submit a school choice application on a form approved by the ADE to both the student's resident district and to this district which must be postmarked or hand delivered on or before the June 1 preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications as they are received in the District's central office. Applications postmarked or hand delivered on or after June 2 will not be accepted. Statutorily, preference is required to be given to siblings (as defined in this policy) of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.
The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than 3% of its past year's student enrollment due to choice. As such, any District approval of a choice application prior to August 1 is provisional pending a determination that the resident district's 3% cap has not been reached.

The superintendent will consider all properly submitted applications for School Choice. By August 1, the superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating:

- A reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

- Instructions for the renewal procedure for succeeding school years.

Students whose applications have been accepted and who have enrolled in the District, are eligible to continue their enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements and the renewal procedure for succeeding school years is followed. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy or who chooses to return to his/her resident district voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling, as defined in this policy, of a student who continues enrollment in this District may enroll in the District until the sibling of the transfer student completes his/her secondary education. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under school choice if its acceptance would exceed the capacity standards specified by the Board of Director's resolution. However, the
decision to accept or reject an application may not be based on the student’s previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the district.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within 10 days of receiving the rejection letter from the District.

Facilities Distress Choice Applications
There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following three differences.

- The transfer is only available for the duration of the time the student's resident district remains in distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into the District

For the purposes of this section of the policy, a “lack of capacity” is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the ADE Rules for the Standards of Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District’s school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student who is enrolled in or assigned to a school classified by the ADE to be in academic distress is eligible to transfer to the school closest to the student’s legal residence that is not in academic distress. The student’s parent or guardian, or the student if over the
age of eighteen (18), must successfully complete the necessary application process by July 30 preceding the initial year of desired enrollment.

Within thirty (30) days from receipt of an application from a student seeking admission under this policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student’s enrollment under Opportunity School Choice is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

**Transfers out of the District**

If a District school or the District has been classified by the ADE as being in academic distress the District shall timely notify the parent, guardian, or student, if the student is over eighteen (18) years of age, as soon as practicable after the academic distress designation is made of all options available under Opportunity Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the ADE as a public school or school district in academic distress.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.
SCHOOL CHOICE CAPACITY RESOLUTION

Whereas:

- The Board of Directors of the De Queen School District has approved by a vote of the Board, the following enrollment openings available to school choice applicants for the 2014-2015 school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.

- Applicants, whose applications fit an enrollment opening as provided for in policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District.

- Whereas, this district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction than originally applied for, or special services, and this could lead to an application having been provisionally accepted, but ultimately denied, if capacity has been reached in the appropriate class, course or program of instruction, or if additional staff would have to

- The district reserves to itself the ability to decline to accept under school choice any student, otherwise eligible, whose acceptance would require the district to add additional staff, for any reason.

COURSE ENROLLMENT OUTSIDE OF DISTRICT

Enrollment and attendance in vocational-educational training courses, college courses, school work programs, and other department-sanctioned educational programs may be used to satisfy the student attendance requirement even if the programs are not located at the public schools. Attendance in such alternative programs must be pre-approved by the school’s administration. The district shall strive to assign students who have been dropped from a course of study or removed from a school work program job during the semester into another placement or course of study. In the instances where a subsequent placement is unable to be made, the district may grant a waiver for the student for the duration of the semester in which the placement is unable to be made.

In any instance where a provision of a student’s Individual Education Plan (IEP) conflicts with a portion(s) of this policy, the IEP shall prevail.

K-5 students must be checked out by a parent or the parent’s designee in the principal’s office. A middle school, junior high or high school student who must leave class or school before regular dismissal time must check out in the office by having a parent or guardian contact the office in person or by phone to notify an office employee of said approval. Students who do not follow check out procedures will be considered truant. Truant students may have car privileges suspended. Students claiming college days must bring verification from a college official or the absence will be classified B.

HOMELESS STUDENTS

The De Queen School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include coordinating with the state educational liaison for homeless children and youth to ensure that homeless children are not stigmatized or segregated on the basis of their status as homeless and such other duties as are prescribed by law and this policy.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district’s school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. It is the responsibility of the District’s local educational liaison for homeless children and youth to carry out the dispute resolution process.

To the extent feasible, the District shall do one of the following according to what is in the best interests of a homeless child. For the purposes of this policy “school of origin” means the school the child attended when permanently housed or the school in which the child was last enrolled.)

1. continue educating the child who becomes homeless between academic years or during an academic year in their school of origin for the duration of their homelessness;
2. continue educating the child in his/her school of origin who becomes permanently housed during an academic year for the remainder of the academic year; or
3. enroll the homeless child in the school appropriate for the attendance zone where the child lives.
If the District elects to enroll a homeless child in a school other than their school of origin and such action is against the wishes of the child’s parent or guardian, the District shall provide the parent or guardian with a written explanation of their reason for so doing which shall include a statement of the parent/guardian’s right to appeal.

In any instance where the child is unaccompanied by a parent or guardian, the District’s local educational liaison for homeless children and youth shall assist the child in determining his/her place of enrollment. The Liaison shall provide the child with a notice of his/her right to appeal the enrollment decision.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the Liaison), to and from the child’s school of origin.*

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and

(a) are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;
(b) have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
(c) are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
(d) are migratory children who are living in circumstances described in clauses (a) through (c).

**STUDENTS WHO ARE FOSTER CHILDREN**

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the ADE, and individuals involved with each foster child to ensure that he/she is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records. The foster children liaison can be reached at 870-584-4312, 101 N. 9th St., De Queen, AR 71832.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise, ensure that the foster child remains in his/her current school, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.
Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

### PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
- After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
  - Detrimental to the educational achievement of one or more of the siblings;
  - Disruptive to the siblings’ assigned classroom learning environment; or
  - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

**Students have the right to:**

1. Pursue, through study and self application, a quality education at public expense and to attain personal goals through participation in the entire school program.
2. Participate in school activities without being subject to unlawful discrimination on any basis. Where access to participation in programs or activities is on a competitive basis, each student has the right to compete on an equal basis.

3. Practice freedom of speech, freedom of expression of ideas and freedom of the press.

4. Express views or protest symbolically so long as the manner of expression does not interfere with the orderly operation of the school or the rights of others.

5. Participate or refrain from participating in patriotic exercises.

6. Be secure in their persons, papers and effects against unreasonable searches and seizures; have privacy in regard to their personal possessions, unless there is reasonable suspicion that the student is concealing materials prohibited by law.

7. Determine their own dress, except where such dress is unsafe or unclean or is so distracting as to clearly interfere with the learning and teaching process.

**Students have the responsibility to:**
1. Attend classes daily, be on time to all classes and obey school rules.

2. Foster good human relations within the school by practicing courtesy and tolerance in their dealings with each other and members of the school staff, and to respect the dignity and worth of other individuals.

3. Refrain from libel, slanderous remarks and obscenity in verbal and written expression.

7. Observe the basic standards of cleanliness, modesty, and good grooming, and wear clothing which contributes to their own health and safety, as well as that of others.
PRIVACY OF STUDENTS’ RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students’ education records are available for inspection and copying by the parents of any his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student’s records transfers to the student. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (hereinafter "PII") from the education records of each student.

Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is not considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker’s temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.
For purposes of this policy, the De Queen School District does not distinguish between a custodial and noncustodial, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student’s records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person’s status as parent or guardian, alone, enables that parent or guardian to review and copy his child’s records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent or guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the Superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student’s records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student’s record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing. Any appeal above that level will be subject to the procedure set out in federal law and/or regulation.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. “Directory information” includes, but is not limited to, a student’s name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information” also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student’s ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student’s name and photograph will only be displayed on the district or school’s web page(s) after receiving the written permission from the student’s parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal’s office no later than ten (10) school days after the beginning of each school year.
or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

(Not to be filed if the parent/student has no objection)

The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, etc., is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters _____
Deny disclosure to Institutions of postsecondary education _____
Deny disclosure to Potential employers _____
Deny disclosure to all public and school sources _____
Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), AND result in the student’s directory information not being included in the school’s yearbook and other school publications.

Deny disclosure to all public sources _____
Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student’s directory information to be included in the school’s yearbook and other school publications.

STUDENT PUBLICATIONS AND THE DISTRIBUTION OF LITERATURE

Student Publications
All publications that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored publications. School publications do not provide a forum for public expression. Such publications, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial control of the District’s administration whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations.

1. Advertising may be accepted for publications that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorse such things as tobacco, alcohol, or drugs.

2. Publications may be regulated to prohibit writings which are, in the opinion of the appropriate teacher and/or administrator, ungrammatical, poorly written, inadequately researched, biased or prejudiced, vulgar or profane, or unsuitable for immature audiences.

3. Publications may be regulated to refuse to publish material which might reasonably be perceived to advocate drug or alcohol use, irresponsible sex, or conduct otherwise inconsistent with the shared values of a civilized social order, or to associate the school with any position other than neutrality on matters of political controversy.

4. Prohibited publications include:
   - Those that are obscene as to minors;
   - Those that are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, which are made with knowledge of their falsity or reckless disregard of the truth;
   - Those that constitute an unwarranted invasion of privacy as defined by state law,
   - Publications that suggest or urge the commission of unlawful acts on the school premises;
   - Publications which suggest or urge the violation of lawful school regulations;
   - Hate literature that scurrilously attacks ethnic, religious, or racial groups.

Student Publications on School Web Pages
Student publications that are displayed on school web pages shall follow the same guidelines as listed above plus they shall
   - Not contain any non-educational advertisements. Additionally, student web publications shall;
   - Not contain any personally identifying information, as defined by “Directory Information” in Policy 4.13 (Privacy of Student Records), without the written permission of the parent of the student or the student if over eighteen (18);
   - State that the views expressed are not necessarily those of the School Board or the employees of the district.
Student Distribution of Nonschool Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same nonschool literature, publications, or materials (hereinafter “nonschool materials”), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of nonschool materials shall have school authorities review their nonschool materials at least three (3) school days in advance of their desired time of dissemination. School authorities* shall review the nonschool materials, prior to their distribution and will bar from distribution those nonschool materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of nonschool materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of nonschool materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur;
5. Not inhibit a person’s right to accept or reject any literature distributed in accordance with the regulations.
6. Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 10 days.

The Superintendent, along with the student publications advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and timelines for the review of materials.

CONTACT WITH STUDENTS WHILE AT SCHOOL
Note: With the exception of De queen Elementary, no school within the De Queen School District will make delivery of items or messages to students after 2:20 p.m. each school day
CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent’s custody of the student. It shall be the responsibility of the custodial parent to make any court ordered “no contact” or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child’s classroom, or otherwise have contact with their child during school hours and the prior approval of the school’s principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Unless prior arrangements have been made with the school’s principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school’s property on normal school days during normal hours of school operation.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of the state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s
parent, legal guardian, or other person having lawful control by court order, or person acting in loco
parentis notice that the student has been taken into custody by law enforcement personnel or a state’s
social services agency. If the principal or designee is unable to reach the parent, he or she shall make
a reasonable, good faith effort to get a message to the parent to call the principal or designee, and
leave both a day and an after-hours telephone number.

VIDEO SURVEILLANCE
The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and
welfare of its students, staff, and visitors while at the same time safeguarding district facilities,
vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of
video/audio surveillance cameras, automatic identification technology, data compilation devices, and
technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that
students, staff and visitors have no reasonable expectation of privacy anywhere on or near school
property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or
dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and
visitors that video cameras may be in use. Parents and students shall also be notified through the
student handbook that cameras may be in use in school buildings, on school grounds and in school
vehicles. Students will be held responsible for any violations of school discipline rules caught by the
cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished
by either deletion or copying over with a new recording.

Videos, automatic identification, or data compilations containing evidence of a violation of student
conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no
longer subject to review or appeal as determined by board policy or student handbook; any release or
viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently)
surveillance cameras and equipment, automatic identification, or data compilation devices shall be
subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT
De Queen Public Schools will not release any information from a student’s record without written
permission from the parent or eligible student, except for the following;

1. To school employees who have a need to know:

2. To other schools to which a student is transferring;
3. To post-secondary schools in which a student has enrolled;

4. To certain government officials who need to know to carry out lawful functions;

5. To sponsors of financial aid to a student;

6. To organizations doing certain and specific studies for the school;

7. To individuals who have obtained orders or subpoenas;

8. To persons who need to know in case of health and safety emergencies.

Parents of a student may inspect that student’s records and challenge any records that may be misleading, inaccurate, or otherwise inappropriate. If the student or the parent of a student wishes to contest a part of or all of said record, he/she must state said complaint in writing to the school principal asking that the record be changed. If the complaint fails, an appeal may be made to the superintendent and then to the board of education. When any student has reached the age of 18 or is attending an institution of post-secondary education, the law states that “the rights accorded to and the consent required of the parent of the student shall thereafter only be accorded to and required of the eligible student.”

RECORDS FOR NON-CUSTODIAL PARENTS

Any non-custodial parent who has been awarded visitation rights by the court with respect to a child shall, upon request, be provided a copy of the current scholastic records of such child by the school district attended by the child.

REPORTING CHILD ABUSE

The De Queen School District will abide by Act 397, which holds a person civilly liable for failure to report a case of suspected child abuse.

Any person having reasonable cause to suspect that a child has been subjected to physical abuse, sexual abuse, or neglect, or observes the child being subjected to conditions or circumstances which would reasonably result in abuse is required by law to report that suspicion to the authorities. In the De Queen School system, these steps are to be followed:

1. Notify the principal immediately.

2. The person who is aware of a child’s physical or sexual abuse or neglect is required to notify social services and/or law enforcement agencies.
PARENTAL NOTIFICATION

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

RELEASE OF DIRECTORY INFORMATION

Directory information includes: name, address, date of birth, place of birth, race, sex, parent’s name, and parent’s occupation. Directory information may be released without prior consent of the student’s parent or guardian if the following steps are taken:

1. Notice of intention to release information and identification of information to be released must be given.

2. Student, parent, or guardians know they have the right to refuse to permit release.

3. A time limit (10 days) is given for refusal to permit release.

STUDENT VISITORS

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.
**VISITORS**

Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school administrators and all visitors must first register at the office.

**FORMER STUDENT PRIVILEGES**

The board retains the right to grant certain privileges to students who have transferred from the De Queen School System to return for De Queen School activities. These requests will be acted upon individually.

**TEXTBOOKS AND SUPPLIES**

Textbooks and some supplemental materials are chosen from an approved list published by the State Department of Education. Texts are adopted according to cycles established by the State Department of Education.

Lists of supplies required of kindergarten and elementary students are published annually by the school.

**SELECTION OF INSTRUCTIONAL MATERIALS**

The primary objective of the school's instructional materials is to implement, enrich, and support the educational program of the school. The school is responsible for providing a wide range of materials on all levels of difficulty, with diversity of appeal, and the presentation of different points of view.

The De Queen Board of Education is legally responsible for all matters relating to the operating of the school district. All instructional materials purchased by the school district for use in the instructional program shall be approved by the board of education. (See Ark. Stats. 800-509).

The responsibility for reviewing and selecting instructional materials is delegated to an instructional materials selection committee comprised of professionally trained personnel employed by the school system.

Selection of materials involves many people, including principals, teachers, supervisors, and media specialist. Advisory persons may be chosen from among the patrons of the community. The instructional committee is responsible for recommending instructional materials which:

1. Provide information and experiences that will enrich and support the curriculum, taking into consideration the varied interests, abilities, and maturity of the pupils served.
2. Provide information and experiences that will stimulate growth in factual knowledge, literary appreciation, aesthetic values, and ethical standards.

3. Provide a background of information which will enable pupils to make intelligent judgments in their daily lives.

4. Provide information on opposing sides of controversial issues so that young citizens may develop under guidance the practice of critical analysis of all media.

5. Provide information representative of the many religious, ethnic, and cultural groups and their contribution to our heritage and its role in the modern world.

6. Place principle above personal opinion and reason above prejudice in order to assure a high-quality, comprehensive collection.

GOVERNANCE

Each student shall take at least six academic courses per semester. The maximum number of subjects a student can take for high school credit at any one time is nine. This includes correspondence courses and or college courses.

With the principal’s permission, a student may drop a course, add a course, or have his/her schedule adjusted. A student who withdraws from a course after 8 weeks will receive an F in the course. A student’s schedule may be changed at the discretion of the principal. A student may not add a course after two school days.

With permission from the principal, school counselor, and the instructor, a student may elect to repeat a course in which he/she made a grade of D or F. In this case, the student’s transcript will reflect that the credit will be given once a passing grade has been achieved, but the grades from both the original endeavor and the repeated course will be figured into the grade point average.

A student who has failed a course may earn credit by repeating the course, an appropriate correspondence course, or by submitting a passing grade on the same course from an accredited college or university.

Seniors transferring into De Queen Schools may take by correspondence or college those courses which they are unable to schedule for graduation. Unusual circumstances that would justify changes in attendance or course requirements may be considered by the principal.

Unsatisfactory conduct as determined by board policy may prevent a student’s being awarded a diploma.

CCCUA will offer the Secondary Vocational Center Career Program classes. College courses taken (other than for the purpose of making up credits) will count as elective credit.
COMMON CORE CURRICULUM

De Queen Primary began implementation of the Common Core Standards in the 2011-2012 school year. De Queen Elementary and Middle grades implemented the Common Core Standards in 2012-2013. Full implementation will occur in 2013-2014.

CURRICULUM GRADES K-8

The Core Curriculum for Grades K-8 shall encompass all types of developmentally appropriate learning experiences and provide for differences in rates of learning among children. It shall emphasize overarching processes of reasoning and problem solving, communicating, connecting (linking knowledge, skills, and other understandings within and across disciplines to real-life situations), and internalizing (acting on the learning to make it meaningful, useful, and worthwhile). English Language Acquisition Standards shall also be used for all English Language Learners (ELL) students at all grade levels. (9.03.1.9)

Reading, writing, and mathematics shall be incorporated into all curriculum areas.

All students shall receive instruction in each content area annually. (9.03.2)

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. De Queen High School requires a minimum of 24 units to graduate—two units above the state minimum of 22 units required for graduation for a student participating in either the Smart Core or Core curriculum. The additional required units may be taken from any electives offered by the district. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements. Students must pass four (4) years of English - 9th, 10th, 11th, and 12th. Students may choose to take Composition I and II and/or World Literature I and II in order to obtain concurrent credits.

SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are 18 years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, both a Smart Core Informed Consent Form and a Smart Core Waiver Form will be sent home with students prior to their enrolling in seventh grade, or when a 7-12 grade student enrolls in the district for the first time and there is not a signed form in the student’s permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students’ permanent records. This policy is to be included in student handbooks for grades 6-12 and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel
shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means.

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district’s students.

The first year of this policy’s implementation all employees required to be licensed as a condition of their employment shall receive training regarding this policy so that they will be able to help successfully implement it. In subsequent years, administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district’s annual professional development shall include the training required by this paragraph.

The Core and career focus units must total at least twenty-two (22) units. The district requires 2 additional units which may be taken from any elective offered for credit by the district, thus making a total of 24 units to graduate.

**ACT 660**

Any student in grades nine through twelve (9-12) participating in, and successfully completing, an organized physical activity course in his or her school shall be eligible to receive one-half (1/2) unit of physical education credit required for graduation. To graduate from De Queen School District, a total of 24 credits are required.

**ADVANCED CLASSES**

Students are placed in advanced classes based upon achievement which includes classroom performance and assessments. Students who fail either the first or third nine weeks will be dropped from the advanced class. Students who make a D or F in an advanced class at semester will be dropped from the class.

**ADVANCED PLACEMENT/IB COURSES**

The Arkansas Advanced Placement Incentive Program was established in 1995. The program was designed to improve the course offerings available to high school students throughout the state. De Queen Public Schools will offer advanced placement courses. Students taking AP, IB and State approved honor courses shall receive weighted credit as described in this policy. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student’s grade for any course in which the student fails to take the applicable AP exam. Students who do not take the AP exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP course.

De Queen School District will accept the Uniform Grading Scale and numeric values for advanced and honors classes established by ACT 6-15-902 when students transfer into the district. The weighted AP, IB, and state approved honor courses will be added to the final transcript.

**CONCURRENT CREDIT POLICY**

The State Department of Education has mandated that students may take college courses and receive high school credits. College courses will count in grade point averages. To receive high school credit for college courses, a student must provide an official transcript sent from the college within 30 days. One semester of college credit will be equivalent to one semester high school credit. Grades for college courses will be added to the high school transcripts at the end of the semester they are taken. College courses taken (other than for the purpose of making up credits) will count as elective credits. GPA weights are the same as local credits.
COURSE REQUISITES

I. English

A student who has failed an English course may;

1. Take the course in summer school, or night school, if offered.
2. Take the course by correspondence, or college, or
3. Repeat the course at De Queen High School.

Note: Any student who gets behind by two semesters may not proceed to the next level until he/she has made up the deficiencies to less than two Semesters. In case of extenuating circumstances, a decision will be made on an individual basis.

II. Mathematics

Math courses should be taken in the following order:

1. Algebra I
2. Geometry
3. Algebra II
4. Math Electives

Successful completion of Algebra II is a prerequisite for senior level math electives.

Transfer students may be exceptions to this rule at the discretion of the principal.

III. Science

Successful completion of biology is a prerequisite for chemistry.

Successful completion of chemistry is a prerequisite for senior level science electives.

IV. Physical Education

P.E will be offered as a full year course. Athletics may be substituted for physical education.
Schedule
Each principal will furnish the office of the superintendent a copy of the program of each teacher in his/her school. In general there is a standard schedule for all the pupils in the class. In the elementary school the daily program is usually developed by the principal and the teacher. The elementary school teacher, in developing a daily program, should consider the following factors:

1. Sufficient time will be provided in the program to instruct the students adequately in the courses required.
2. A minimum of seven hours overall time per school day will be provided for all elementary students. There will be a minimum of six hours instruction time.
3. The schedule will be sufficiently flexible to provide adequate instruction time within the classroom.
4. There are days when the daily program must be changed by the classroom teacher for special events or activities.

CLASSROOM ORGANIZATION
To the extent that the revenue of the district makes it possible, the district will adhere to the policies concerning teacher-pupil ratio outline by AdvancED and the State Department of Education. In kindergarten, the student/teacher ratio shall be no more than 20 students to one teacher in a classroom, and no more than 22 students to one teacher and one teacher assistant. The average ratio in grades one through three shall be no more than 23 students per teacher, with no more than 25 students per teacher in any classroom. In grades four through six, the average student/teacher ratio shall be no more than 28 students per teacher in any classroom. In grades 7 through 12, a teacher shall not be assigned more than 150 students daily, and any individual academic class shall not exceed 30 students except in special cases or for courses that lend themselves to large group instruction.

GIFTED/TALENTED PROGRAM
De Queen Public School offers a Gifted/Talented program through an enrichment program in grades K-2, a pull-out program in grades 3-5, and through acceleration in programs, pre-advanced placement (Pre-AP), and advanced placement (AP), and advanced math and English classes in grades 6-12. A G/T Coordinator oversees the program curriculum, record keeping, and compliance and acts as a liaison with parents and community. Monthly meetings are held to address GT students’ affective needs.

STUDENT ACCELERATION
The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. It can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and
motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the District’s Gifted and Talented Program Coordinator who shall convene the individuals necessary to make an informed decision which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District’s Gifted and Talented Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator. The District’s GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

**REQUIREMENTS FOR PARTICIPATION IN GRADUATION**

Only students who are in attendance at the completion of the second semester of their senior year will be eligible to participate in graduation exercises. Students who intend to receive a diploma will be required to participate in graduation exercises or to be excused in writing by the administration. Students who have 18 credits at the end of seven semesters but have not met requirements for graduation may participate in graduation exercises and receive a certificate of attendance. Students who have attended school in De Queen in the ninth and tenth grades and have successfully completed two years at the Arkansas School for Mathematics and Science will be allowed to participate in graduation exercises at De Queen High School and received a certificate of attendance. Nothing precludes a student who has met all graduation requirements from graduating early.

**COLLEGE ENTRANCE REQUIREMENTS**

Students who meet the requirements for graduation from De Queen High School will meet the entrance requirements for most colleges. However, many colleges have their own particular entrance requirements. Therefore, under the guidance of the school counselor, it is the responsibility of the
individual student to find out the entrance requirements of the college he/she plans to attend and to
plan his/her high school courses accordingly. Students who do not plan to go to college should take
courses that will prepare them for the occupation they plan to follow.

GRADUATION REQUIREMENTS FOR FORMER STUDENTS

Former students returning to De Queen High School to receive a diploma must meet the credit
requirements for the year in which they apply.

GRADING

A system of marking and grading is necessary to provide information concerning the learning progress of
pupils. The purposes are:

1. to give information for pupil guidance and counseling;
2. to show the achievement of a pupil in relation to others;
3. to assist in grouping, retention, transfer, and grade placement;
4. to inform parents of the progress of their children; and
5. to help the administration evaluate the effectiveness of the school program.

Students will receive A for excellent, B for good, and C for satisfactory. D indicates the need for
improvement, and F indicates unsatisfactory work. In special classes, a reporting system of
“Satisfactory” or “Unsatisfactory” may be made to parents.

Grading will not be used as a disciplinary measure. Grades assigned to students reflect educational
objectives only.

PERIODIC GRADE REPORTS

Grades must be current on Friday at 3:30 pm. The third week of each marking period, parents of
students in danger of failing (with Ds or Fs) will be contacted. The fifth week of each marking period all
parents will receive progress reports.

Report cards will be given at the end of each nine weeks. Parent-teacher conferences will be scheduled
so that parents of all students may come to school to discuss their child’s progress. In grades
Kindergarten-5th, teachers shall meet with parent(s) or guardian(s) of each student at least once a
semester through Parent/Teacher conference, telephone conference, or home visit. Grade 6-12, one
Parent/Teacher conference will be scheduled per semester.

All parental contacts or attempts to contact must be documented by teachers.
Parents of students in kindergarten will receive at least eight progress reports during the year. The first two reports will indicate progress on those skills which every student is expected to master at the kindergarten level as set forth by state frameworks. The balance of the progress reports will identify the same basic skills as the first two reports, plus other listed skills which have been introduced by the teacher during that reporting period. All reports will reflect how well the child is mastering the presented material. Each progress report will also report on the social adaptation of the child to the school community (Citizenship).

Student Academic Improvement Plans (AIP) will be made for those students who do not score proficient or above on the State Augmented test. All parents will be informed of their child’s AIP. Parents must sign the AIP.

Supplementary notes of communication, suggestions for improvements, parental conferences, room meetings, and similar means of keeping in touch with parents are encouraged. Parents are invited to visit the schools to confer with teachers and principals relative to instruction of their children. Except for emergencies, parents will be expected to arrange such conferences by appointment in advance. Parents are encouraged to visit classes, but are expected to make arrangements through the office of the building principal before attending classes.

**HOMEWORK POLICY**

The De Queen School District maintains that homework can be an important activity to help students learn. Whenever homework exists in the school system, it will be included as an integral part of the instructional program to supplement and/or complement learning concepts and objectives. **Homework will not be used as a disciplinary or punitive measure.** When homework is given by the teacher, it is expected to be completed on time. Homework should be age appropriate in subject matter and length of time required for completion. De Queen Schools recognize that homework assignments vary from daily assignments to extended projects. Class loads of high school students vary as well. Extended projects may require progress assessments along the way which may or may not be counted as homework.

Homework should be a positive experience and provide students the opportunity to:

1. reinforce skill development,
2. manage learning time away from the school setting,
3. communicate to parents learning activities provided during the school day, and
4. involve others in helping them to learn.

In the De Queen School District, all homework assignments will be:

1. directly related to the curriculum and the current learning objectives:
2. explained thoroughly in terms of content, process, and expectations:
3. reasonable, and will not preclude pupils from assuming other homework and community responsibilities: and

4. designed to encourage and support efforts to develop the skills to learn independently.

(Recommendations)

1. Each teacher giving homework assignments from classroom sets of books should make provisions for books to be taken home.

2. Teachers should present copied materials that can be seen clearly and have instructions to be used in completing them.

3. Homework assignments should emphasize the application of concepts and skills previously introduced.

4. Homework should be considered in the grading of students but not necessarily determine whether a student passes or fails.

5. Homework should provide immediate feedback to the teacher on areas of weakness in the students’ understanding of concepts and/or acquisition of skills.

6. The type of homework assigned should be varied.

Parents are notified of this policy each year through its inclusion in this Student Handbook.

Addition to homework policy for grades 6-9:
If the student fails to complete the assigned homework, he/she will be assigned lunch detention to complete the assignment(s) and will continue in lunch detention for three days or until the assignment(s) is/are completed whichever comes first. If the student fails to attend lunch detention, he/she will be assigned ISS until the assignment(s) is/are complete, along with assignments for the day of ISS. Students will receive a reduced credit of 90% of what the student scores on the late assignment(s).

MAKE-UP WORK
Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.

2. Teachers are responsible for providing the missed assignments when asked by a returning student.

3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.

5. Students shall have one class day to make up their work for each class day they are absent.

6. Make up work which is not turned in within the make-up schedule for that assignment shall receive a zero.

7. Students are responsible for turning in their make-up work without the teacher having to ask for it.

8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.

9. As required/permited by the student’s Individual Education Program or 504 Plan.

Work may not be made up for credit for absences in excess of the number of allowable absences in a semester unless the absences are part of a signed agreement as permitted by policy 4.7—ABSENCES.

A student will have the same number of class periods as he/she was absent to make up class work. For example, a student missing one period has only one period and then the work is due the next period in that class. However, the teacher may, in extenuating circumstances, extend that time up to five days. The principal has the right to adjust or amend this policy. A student may be required to take a test the day he/she returns if the test was announced before his/her absence. The make-up test must be over the material originally covered and must be administered during the school day or in the Study Hall, if provided. It is the student’s responsibility to make arrangements to make up any class work that is missed.

**SEMESTER EXAMS**

Semester tests must be given during the designated time of the test schedule unless an exception is granted based on state assessments or district interim assessments determined by the building principal.

In grades 6 through 12, a teacher may choose to exempt a student from semester tests if the student has:

1. Average of 90%
2. With no more than five absences (Approved student personal days do not count. The principal has discretion to determine extenuating circumstances which might warrant exceptions.)
3. No out of school suspensions or expulsions

Students who are not exempt must take the semester test in order to receive credit in a course. All semester tests must be curved. No semester test will be curved more than 10 percentage points or a maximum curved score of 90%.
All High School, Junior High and Middle School courses will have final exams except the following:

PE, athletics, yearbook staff, and rotating classes.

In Middle School, Junior High and High School, the semester test grade shall count 1/5 of the semester grade.

A student receiving a semester grade of 60% or above will be considered as having successfully completed the course.

**ACTIVITY CURTAILMENT**

No school activities, events, or functions will be scheduled for the week of semester tests or during state mandated testing. Activities may resume following the last scheduled test of the semester.

**PROCEDURES FOR COMPUTING GRADE POINT AVERAGE**

In determining grade point average, academic courses taken in grades 9-12, and some courses in 8th grade, are considered. Grade points are computed to three places to the right of the decimal using the following numerical conversion: A=4, B=3, C=2, D=1, F=0. The grade point values for AP, IB, and approved department of education honor courses shall be one point greater than for regular courses (with exception that an F shall be worth 0 points) provided appropriate teacher training and student testing has occurred.

**PERMANENT RECORDS**

Permanent school records, as required by the Arkansas Department of Education, shall be maintained for each student enrolled in the District until the student graduates or is beyond the age of compulsory school attendance. A copy of the student’s permanent record shall be provided to the receiving school district upon the transfer of the student to another district.

**HONOR ROLL**

Students with no grades lower than B at the end of each grade period will be named to the school’s Honor Roll for that period. Students in grades 6-12 who are listed on the Honor Roll will be given free passes to athletic events for the next semester’s grading period.

**HONOR GRADUATES**

To be eligible for status as an Honor Graduate, a student must have at least a 3.5 cumulative grade point on a 4.0 scale and be actively pursuing a high school diploma. In order to be eligible, a student must at the end of the first semester of the year they intend to graduate. Final grade points will be computed
at the completion of the senior year—eight semesters. Final ranking will be recorded on permanent records. To be declared Valedictorian or Salutatorian, a student must have received all semester grades of his/her junior and senior years from De Queen High School, and **will be declared based upon their cumulative records at the end of the first semester of the year they intend to graduate.** The student must be pursuing the college core curriculum. Early graduates are not eligible for Valedictorian or Salutatorian honors.

**CLASS RANK**

Class rank will be determined by grade point averages ranked in numerical order of the official office computer, except in cases of students who have all A's with the same number of state-mandated weighted classes. Students who have all A's in both non-weighted classes and the same number of weighted classes will have the same rank regardless of the total number of credits. For example, a student who has 2 weighted credits and 25 non-weighted credits will not be ranked above a student who has 2 weighted credits and 27 non-weighted credits.

**Example:**

<table>
<thead>
<tr>
<th>Student A</th>
<th>Student B</th>
</tr>
</thead>
<tbody>
<tr>
<td>27 total credits</td>
<td>29 total credits</td>
</tr>
<tr>
<td>4 x 25 = 100</td>
<td>4 x 27 = 108</td>
</tr>
<tr>
<td>5 x 2 = 10</td>
<td>5 x 2 = 10</td>
</tr>
<tr>
<td>110/27 = 4.074</td>
<td>118/29 = 4.068</td>
</tr>
</tbody>
</table>

Student A and Student B will have the same rank.

**NATIONAL HONOR SOCIETY**

Any junior who has successfully completed 5 semesters or any senior who has completed 7 semesters of the college core and is currently enrolled in college core and who maintains at least a 3.50 grade point average on a 4.00 scale becomes eligible for nomination as a member of National Honor Society. Selection is by faculty vote and on a point system which considers scholarship, service, leadership, and character.

**PROMOTIONS AND RETENTIONS**

Promotions and retentions are based on an evaluation of academic, physical, social and emotional growth. The primary reasons for considering retention are: (a) failure to master the current grades’ student learning expectations as set forth by state standards, (b) indifference or lack of effort on the part of a capable student, (c) physical or social immaturity, and (d) frequent or long absences. Retention is usually considered as a more positive alternative during kindergarten, first and second grades. Parents can assume that their child will be promoted unless the alternative of retention has been discussed during the school year.

The promotion of a student in grades kindergarten through fifth be determined by the teacher and the administration, who will consider grades and attendance. If, in the teacher’s opinion, a student is in
danger of being retained, the committee of teachers of that student’s grade level will meet and decide whether or not the child will be retained, placed, or promoted.

The promotion of a sixth, seventh or eighth grade student is based on his/her attendance and successfully completing 7 of 12 semesters of required courses. Failing grades may be made up only through an accredited summer school program or correspondence courses. The promotion of pupils in grades 9 through 12 will be determined by the number of credits a student has earned. A sophomore must have 6 credits; a junior must have 12 credits; a senior must have 18 credits.

ACT 35

Student proficiency levels indicated by state assessments will be reported as Exceeding, Ready, Close, In Need of Support. Each student who does not score Exceeding or Ready will be given an Academic Improvement Plan (AIP) that will indicate areas in need of improvement. Students in grades one through six identified for an AIP who do not participate in the program shall be retained. Retention for failure to participate in the AIP shall expand by at least one grade level for each subsequent academic year after implementation.

Students will be provided intensive reading instruction utilizing the Direct Instruction Reading program which will systematically, explicitly, and coherently address the five essential elements of reading. Each student in Kindergarten, determined by the Qualls Early Learning Inventory to have substantial reading difficulty, will have an Intensive Reading Improvement Plan (IRI). Students in grades 1 and 2, determined by the State Board of Education’s performance levels to have substantial reading difficulty, will have an IRI. The Dynamic Indicators of the Basic Early Literacy Skills will be used to diagnose specific reading difficulties experienced by student in Kindergarten, first, and second grades.

To determine grades, the following percentages are used in all schools (Ark. Act 576, 1993).

90-100 = A
80-89 = B
70-79 = C
60-69 = D
Below 60 = F

Students may be given and “I” (incomplete) at the end of a grading period due to inadequate make-up work. Resolution of a grade of incomplete should follow the make-up policy or the grade on the work missed will become a zero.

Kindergarten uses a “Report Card Checklist” to administer grades each nine weeks. Teachers will use this checklist to determine each child’s level of mastery on Kindergarten skills. A child can receive:
M = Mastery of the skill
S = Satisfactory of the skill
N = Needs improvement of the skill

ACT 2243

Students in grades three through eight (3-10) identified as not passing the state mandated assessment and who fail to participate in the subsequent academic improvement plan shall be retained and shall not be promoted to the next appropriate grade until the student is deemed to have participated in an academic improvement plan or the student passes the benchmark assessment for the current grade level in which the student is retained. Any student required to take an end-of-course assessment that is identified as not meeting the satisfactory pass levels for a particular assessment shall participate in his or her remediation activities as required in his or her individualized academic improvement plan in the school year the assessment results are reported in order to receive credit on his or her transcript for the course related to the end-of-course assessment.

Students who are identified as not meeting the satisfactory pass levels for the Algebra end-of-course assessment will not receive credit on their transcript for the course until the students have participated in remediation through an individualized academic improvement plan. Students in remediation for Algebra will be required to pass a subsequent end-of-course assessment in order to receive credit for the course. See the testing schedule at the front of this handbook for dates of Algebra retests.

USE OF COMPETENCY TEST DATA

De Queen Public Schools use various testing programs throughout the school year. The results of these tests are used to determine strengths and weaknesses in course offerings, to measure learning, to plan curriculum, to aid in scheduling and programs of study, to plan remediation courses for students, and to give performance and achievement comparisons on state and national levels.

ASVAB

All high school juniors will be required to take the ASVAB test. Seniors who wish to take the test again during their senior year will be required to meet the following expectations:

(1) submit a formal request from an official military recruitment officer to the counselor,

(2) notify school officials in advance,

(3) obtain teacher signatures on the appropriate notification form at least two days prior to the absence,
(4) follow homework and make up rules as outlined in Student Personal Leave Policy.

**WRITTEN STUDENT DISCIPLINE POLICIES**

Each school district in this state shall develop written student discipline policies in compliance with the guidelines established by the Department of Education and shall file such policies with the department.

Guidelines shall include minimum standards of quality, experimentation with innovative programs, and a system to judge the effectiveness of the program.

**STUDENT DISCIPLINE**

NOTE: Consequences as assigned by the principal may include a range of minimum to maximum punishment (i.e.: conferences to expulsion).

The De Queen Board of Education has a responsibility to protect the health, safety, and welfare of the District’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

The District’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student’s appropriate due process rights.

The District’s personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the De Queen School Board. The Board shall approve any changes to student discipline policies.

The District’s student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student and his/her parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a

(Act 130 allows a person who is a civil war re-enactor to carry a civil war era weapon onto school property for educational purposes so long as school official grants approval in advance and the weapon is unloaded.) Act 1150 of 1999 requires that parents, guardians or other persons in loco parentis of a student expelled for possessing a firearm or other prohibited weapon sign a statement acknowledging that the parents have read and understand current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property.

For breaches of discipline not specifically listed, an administrator may determine the measure of punishment.

**STUDENT DRESS AND GROOMING**

The De Queen Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

District/School administration shall establish student dress codes for the District’s schools, to be included in the student handbook, and are consistent with the above criteria.

**Student Appearance Code**
The School Board recognizes that among those rights retained by the people under our constitutional form of government is the freedom to govern one’s personal appearance. However, when dress and/or grooming disrupt the learning process for the individual student, other students, or the learning climate of the school, it becomes a matter subject to disciplinary action. Student dress, grooming, and appearance should be the responsibility of the individual and his/her parents under the following guidelines:

1. Dress and grooming should be clean and in keeping with health, neatness, and sanitary practices.

2. Students may not wear clothing or hairstyles that can be hazardous or distractive to them or others in their educational activities.

3. Dress and grooming should not substantially disrupt the educational process.

4. A student shall not wear or use emblems, insignias, badges, or other symbols where the effect thereof is to distract unreasonably the attention of other students or otherwise cause disruption or interference with the operation of the school.

5. Students may not wear clothing which promotes alcoholic beverages, promotes drugs of any type, or exhibits any form of obscenity.

6. Students may not wear inappropriate shorts which includes no cut-offs made from denim jeans and warm-ups, or any item rolled up or without hems, or “cheerleader-type” shorts. No flannel pants, pajamas, or house shoes are allowed.

7. No halters, crop tops, tank tops, spaghetti straps, tube tops, or tops that bare the midriff, or show cleavage, or show the underarm area may be worn.

8. No sunglasses or hats may be worn in the building, except when approved by the principal.

9. No students will be allowed to wear clothing which identifies them as a member of a gang.

10. Shorts and skirts must be fingertip length or longer. Leggings, yoga pants, etc., must be covered by a top, shorts, or a skirt that is at least finger tip length. The only exception is school approved and purchased uniforms. Cheerleaders are permitted to wear their uniforms on game days only.

11. Students may not have any body piercing showing, except approved earrings. No tongue studs will be allowed.

The dress code will be reviewed yearly in order to determine the appropriateness of fashions in the school setting.
LASER POINTERS
Students shall not possess any hand held laser pointer while in school; on or about school property, before or after school; in attendance at school or any school-sponsored activity; en route to or from school or any school-sponsored activity; off the school grounds at any school bus stop or at any school-sponsored activity or event. School personnel shall seize any laser pointer from the student possessing it.

POSESSION AND USE OF CELL PHONES, BEEPERS, ETC.
Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of state originated tests that are administered as part of the Arkansas Comprehensive, Testing, Assessment and Accountability Program (ACTAAP), no electronic, device as defined in this policy shall be accessible by a student at any time during test administration unless specifically permitted by a student's IEP or individual health plan.¹ This means that when a student is taking an ACTAAP assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:
1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to take photographs in locker rooms or bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student’s individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.
Athletes may come by the office and pick up their phones at the beginning of 8th period. All other students will pick up phones at the end of the school day.

Before and after normal school hours, possession of cell phones, any paging device, beeper, or similar electronic communication devices, cameras, MP 3 players, Ipods, and other portable music
devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

Offenses for having electronic devices during school hours

A. 1st Offense – Cell phones will be confiscated if seen during the school day. The parent must pick up the phone at the school.

B. 2nd Offense – The student will spend one day in In-School suspension (ISS) and the parent must pick up the phone at the school.

C. 3rd Offense – The student will be given 3 days of In-School suspension and the parent must pick the phone up at the school.

D. 4th Offense – The student will be given a 3 day suspension from school and the parent must pick the phone up at the school

E. Any further offense – The student will be considered for further suspension or expulsion from school.

Refusal to relinquish the electronic device(s) will be an automatic 3 day suspension from school.

TARDIES

Promptness is an important character trait that District staff members are encouraged to model and help develop in our schools’ students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

- Students who miss 15 minutes or more of a class period will be counted absent for that period.

- Tardiness will be excused in case of a student's illness, personal emergency, or if the student's bus is late; all other tardiness will be unexcused.
• When a student receives an unexcused tardy, the teacher will not allow the student to make up the work missed.

• In grades K-5, over 15 unexcused tardies and/or unexcused early checkouts during the school year will result in the student’s assignment to All-Day Detention.

• In grades 6-12, excessive tardies will result in progressive discipline

DISRUPTION OF SCHOOL
No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school’s orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal’s designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to teach the students, the class, or with the ability of the student’s classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

SEARCH, SEIZURE, AND INTERROGATIONS
The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student’s consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.
A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

**LOCKER AND PERSONAL SEARCHES**

School districts must create a climate in the schools which assures the safety and welfare of all pupils. School authorities may search and seize any illegal or contraband materials. Lockers belong to the school district; therefore, the locker and a pupil’s property in the locker are subject to periodic administrative searches, and the district reserves the authority to search lockers without the consent of the student if necessary.

Searches should be made under the following conditions:

1. Students should be informed of the conditions governing the use of school lockers when locker assignments are made.
2. Searches should be made by the building principal or an official duly authorized for that purpose by the building principal. The search of a particular locker should be made only under a reasonable assumption that the student is secreting evidence of an illegal act or contraband materials.

3. Blanket searches of every locker should not be permitted except in unusual circumstances such as a bomb threat.

4. The pupil should be given the opportunity to be present when a search of personal possessions of his/her locker is conducted, if such attendance is practical and there is no reason to believe that his/her presence could be a threat to the safety of the pupil or others.

**SNIFF DOGS**

“Sniffing” by the trained dogs in public hallways or automobiles in public lots is not a search. (The Fourth Amendment requirements do not apply). “Sniffing” of a student’s person is a search and will only be done after a search warrant is obtained.

**TOBACCO AND TOBACCO PRODUCTS**
Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy’s prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pips, or under any other name or descriptor.

**DRUGS AND ALCOHOL**

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the De Queen School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who; is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student’s ability to act, think, or respond, LSD, or any
other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, “designer drugs,” look-alike drugs, or any controlled substance.

Selling, distributing, or attempting to sell or distribute, or using over-the-counter or prescription drugs not in accordance with the recommended dosage is prohibited.

WEAPONS AND DANGEROUS INSTRUMENTS
No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are exceptions.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, numchucks, pepper spray or other noxious spray, explosive, or any other instrument or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student’s body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon, other than a firearm, to school including a weapon, other than a firearm, that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.
The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

**STUDENT ASSAULT OR BATTERY**
A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

**BULLYING**
Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

A school principal or his or her designee who receives a credible report or complaint of bullying shall promptly investigate the complaint or report and make a record of the investigation and any action taken as a result of the investigation.

**Definitions:**

**Attribute** means an actual or perceived personal characteristic including without limitation race, color, religion, ancestry, national origin, socioeconomic status, academic status, disability, gender, gender identity, physical appearance, health condition, or sexual orientation;

**Bullying** means the intentional harassment, intimidation, humiliation, ridicule, defamation, or threat or incitement of violence by a student against another student or public school employee by a written, verbal, electronic, or physical act that may address an attribute of the other student, public school employee, or person with whom the other student or public school employee is associated and that causes or creates actual or reasonably foreseeable:

- Physical harm to a public school employee or student or damage to the public school employee's or student's property;
- Substantial interference with a student's education or with a public school employee's role in education;

- A hostile educational environment for one (1) or more students or public school employees due to the severity, persistence, or pervasiveness of the act; or

- Substantial disruption of the orderly operation of the school or educational environment;

**Electronic act** means without limitation a communication or image transmitted by means of an electronic device, including without limitation a telephone, wireless phone or other wireless communications device, computer, or pager that results in the substantial disruption of the orderly operation of the school or educational environment. Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has a high likelihood of succeeding in that purpose.

**Harassment** means a pattern of unwelcome verbal or physical conduct relating to another person's constitutionally or statutorily protected status that causes, or reasonably should be expected to cause, substantial interference with the other's performance in the school environment.

**Substantial disruption** means without limitation that any one or more of the following occur as a result of the bullying:

- Necessary cessation of instruction or educational activities;

- Inability of students or educational staff to focus on learning or function as an educational unit because of a hostile environment;

- Severe or repetitive disciplinary measures are needed in the classroom or during educational activities; or

- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.

**Cyber-bullying of School Employees** is expressly prohibited and includes, but is not limited to:

b. Building a fake profile or website of the employee;

c. Posting or encouraging others to post on the Internet private, personal, or sexual information pertaining to a school employee;

d. Posting an original or edited image of the school employee on the Internet;
e. Accessing, altering, or erasing any computer network, computer data program, or computer software, including breaking into a password-protected account or stealing or otherwise accessing passwords of a school employee; making repeated, continuing, or sustained electronic communications, including electronic mail or transmission, to a school employee;

f. Making, or causing to be made, and disseminating an unauthorized copy of data pertaining to a school employee in any form, including without limitation the printed or electronic form of computer data, computer programs, or computer software residing in, communicated by, or produced by a computer or computer network;

g. Signing up a school employee for a pornographic Internet site; or

h. Without authorization of the school employee, signing up a school employee for electronic mailing lists or to receive junk electronic messages and instant messages.

Examples of "Bullying" may also include but are not limited to a pattern of behavior involving one or more of the following:

1. Sarcastic comments "compliments" about another student’s personal appearance or actual or perceived attributes,

2. Pointed questions intended to embarrass or humiliate,

3. Mocking, taunting or belittling,

4. Non-verbal threats and/or intimidation such as “fronting” or “chesting” a person,

5. Demeaning humor relating to a student’s race, gender, ethnicity or actual or perceived attributes,

6. Blackmail, extortion, demands for protection money or other involuntary donations or loans,

7. Blocking access to school property or facilities,

8. Deliberate physical contact or injury to person or property,

9. Stealing or hiding books or belongings,

10. Threats of harm to student(s), possessions, or others,

11. Sexual harassment, as governed by policy 4.27, is also a form of bullying, and/or

12. Teasing or name-calling based on the belief or perception that an individual is not conforming to expected gender roles (Example: “Slut”) or conduct or is homosexual, regardless of whether the student self-identifies as homosexual (Examples: “You are so gay.” “Fag” “Queer”).
Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal. The report may be made anonymously. Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the principal. Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the principal. The principal shall be responsible for investigating the incident(s) to determine if disciplinary action is warranted.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred.\footnote{1}

Notice of what constitutes bullying, the District’s prohibition against bullying, and the consequences for students who bully shall be conspicuously posted in every classroom, cafeteria, restroom, gymnasium, auditorium, and school bus. Parents, students, school volunteers, and employees shall be given copies of the notice.

Copies of this policy shall be available upon request.

**Gangs and Gang Activity**

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;

2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;

3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or

4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.
STUDENT SEXUAL HARASSMENT
The De Queen School District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

Believing that prevention is the best policy, the District will periodically inform students and employees about the nature of sexual harassment, the procedures for registering a complaint, and the possible redress that is available. The information will stress that the district does not tolerate sexual harassment and that students can report inappropriate behavior of a sexual nature without fear of adverse consequences. The information will take into account and be appropriate to the age of the students.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment as defined in this policy. Any student found, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, or other personally offensive verbal, visual, or physical conduct of a sexual nature made by someone under any of the following conditions:

1. Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;
2. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
3. Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances. Depending upon such circumstances, examples of sexual harassment include, but are not limited to: unwelcome touching; crude jokes or pictures; discussions of sexual experiences; pressure for sexual activity; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual; and spreading rumors related to a person’s alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of
sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students who file a complaint of sexual harassment will not be subject to retaliation or reprisal in any form.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals, who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

**SEXUAL HARASSMENT POLICY**

1. **Purpose**—Sexual harassment is sex discrimination under Title IX. It is the policy of the De Queen School District to maintain learning and working environment that is free from sexual discrimination, including sexual harassment.

2. **Authority**—It shall be a violation of this policy for any member of the District staff to harass a student through conduct or communications of a sexual nature as defined below. It shall also be a violation of this policy for students to harass other students or staff members through conduct or communications of a sexual nature as defined below.

3. **Definitions**—Unwelcome sexual advances, requests for sexual favors, and other inappropriate oral, written, or physical conduct of a sexual nature when made by any student or staff member to another student or staff member constitute sexual harassment when:

   a. submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;
   b. submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or
   c. such conduct has the purpose or effect of substantially interfering with an individual’s academic or professional performance or creating an intimidating, hostile or offensive academic environment. Sexual harassment, as defined above, may include but is not limited to the following:
      - Verbal harassment or abuse
      - Pressure for sexual activity
      - Repeated remarks to a person with sexual or demeaning implications
      - Suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning one’s grades, job, etc.
      - Inappropriate patting or pinching
      - Intentional brushing against a student’s or an employee’s body
      - Any sexually motivated unwelcome touching

4. **Procedures**—Any person who alleges sex discrimination or sexual harassment by any staff member or student may use the District’s equity complaint procedure (detailed below) or
may complain directly to the building principal, guidance counselor, or to the assistant superintendent who is the Equity Coordinator designated to receive such complaints. Filing of a complaint or otherwise reporting sexual harassment or sex discrimination will not reflect upon the individual’s status nor will it affect future employment, grades, or work assignments. Use of the reporting forms provided is optional.

Upon receipt of a report of sexual harassment, the building principal or guidance counselor or other staff member shall immediately notify the Equity Coordinator without screening or investigating the report. If the report is given verbally, the principal or his/her designee, counselor or staff member will report it in a written form within 24 hours and forward it to the Equity Coordinator. Failure to report any sexual harassment report or complaint as provided will result in disciplinary action taken against that employee. If the complaint involves the building principal, counselor or the equity coordinator, the complaint may be filed directly with the Superintendent. If the complaint involves the Superintendent, the complaint may be filed with the Equity Coordinator. The Equity Coordinator shall immediately authorize an investigation, which may be conducted by school officials. A written report on the investigation will be provided to the Equity Coordinator within ten school days of the complaint or report of sexual harassment. The investigation may consist of personal interviews with the person filing a complaint, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident or circumstances surrounding the complaint. In addition, the District may take immediate steps, at its discretion, to protect the person filing the complaint, students and employees pending the completion of the investigation. The Equity Coordinator shall make a report to the Superintendent within two days of the completion of the investigation.

A. Upon receipt of a recommendation that the complaint is valid, the District will take such action as appropriate based on the results of the investigation. If the harasser is a student, disciplinary action may include suspension or expulsion. If the harasser is an employee, disciplinary action may include termination or non-renewal.

B. The result of the investigation of each complaint filed under these procedures will be reported in writing to the person filing the complaint by the District. If the harasser is a student, the report will document the action taken as a result of the complaint to the extent permitted by the Family Education Rights and Privacy Act. If the harasser is an employee of the District, the report will document the action taken as a result of the complaint to the extent permitted by law.

5. Reprisal-The District will discipline any individual who retaliates against any person who reports alleged sexual harassment or who retaliates against any person who testifies, assists, or participates in an investigation proceeding related to a sexual harassment complaint. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

6. A process is in place for resolving parental concerns. Parents are first asked to discuss the issue with the child’s teacher. If the issue is not resolved, a meeting is scheduled with the Principal and other stakeholders. If additional assistance is needed, the parent is encouraged to contact the Superintendent. After this step, parents may request to be heard by the School Board.
EARLY MORNING DETENTION

Early morning detention will be held as needed in De Queen High School beginning at 7:15 am. Students who are assigned are required to attend and failure to do so may result in other disciplinary measures as listed here. If students arrive after 7:15 am, they will not be allowed to enter and will be considered absent from detention for that day which will result in being assigned in school suspension.

IN SCHOOL SUSPENSION (ISS)

In order to provide an additional alternative for discipline, a program has been developed to help eliminate suspensions. Instead of reporting to regular classes, students so assigned will report to In School Suspension for a period of from one to five days, designated by the Principal.

Some reasons for referral to In School Suspension are listed under the Behavior Code in this chapter. In In-School Suspension, the student will work on class assignments prepared and graded by his/her regular classroom teachers, as well as working on other assignments as directed by the instructor of the In School Suspension room. Those assigned to this detention will comply with rigid disciplinary expectations which will be posted in the detention room. Privileges enjoyed by students will not be granted those assigned to this alternative to regular classrooms. All students in detention will eat as a group in the cafeteria. Students may bring their lunch but must eat with the group in the cafeteria. Students will not be allowed to attend pep rallies, assemblies, or recess during their period of detention. In order to receive credit for the day, a student assigned to In School Suspension must be in attendance from 7:55-3:10. Tardiness or failure to report to the room by the specified time, unless excused by the administrator making the assignment, will result in an additional day’s assignment to In School Suspension. Any student who is assigned to the In School Suspension must complete the days assigned before he/she will be reinstated in regular classes.

For purpose of attendance policy, days assigned to the In-School Suspension will not be computed as absences from school.

If a student fails to comply with rules and regulations of the In-School Suspension or fails to comply with directives of the instructor, the referring Principal may assign the student additional days in detention, refer the student to Parkhill Secondary Center, or may suspend the student and/or recommend expulsion.

CORPORAL PUNISHMENT

The De Queen School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or his/her designated staff members who are required to have a state-issued license as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.
All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

Reasonable discipline may include the administering of corporal punishment to a student by a certified employee using sound discretion, provided that corporal punishment shall not be excessive or unduly severe. The Board directs that corporal punishment will be administered according to the following requirements:

- This method may be used only after other alternatives, including but not limited to counseling, have failed or in unusual circumstances as deemed necessary by teachers or administrators.
- It will be administered in the presence of a licensed administrator.
- It will not be administered in the presence of other students nor in a spirit of malice or anger nor will it be excessive.
- Before corporal punishment is administered, the student should be advised of the rule and infraction for which he/she is being punished in the presence of the witness. If the student claims innocence, the certified employee will permit the student to state his/her position which shall be considered prior to punishment. School officials are not required to conduct formal hearings prior to corporal punishment.
- Refusal to take corporal punishment may result in suspension or other disciplinary measures.
- A written report shall be filed in the principal’s office.
- Parents must be notified by phone or letter if corporal punishment is administered.

Act 904 of 1977 authorizes any teacher or principal to use corporal punishment in a reasonable manner against any pupil for good cause in order to maintain discipline and order within the public schools. In 1977, the U.S. Supreme Court held that spanking children as a means of maintaining school discipline did not constitute cruel and unusual punishment in violation of the Eighth Amendment of the U.S. Constitution.

**SUSPENSION FROM SCHOOL**

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the
removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student’s readmittance to class will be given to the parent(s), legal guardian(s), or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), or to the student if age 18 or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents’ or legal guardians’ responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number
- The contact may be by voice, voice mail, or text message
- An email address
- A regular first class letter to the last known mailing address

The district shall keep a log of contacts attempted and made to the parent or legal guardian.

During the period of their suspension, students serving out-of-school suspensions shall not be permitted on campus except to attend a student/parent/administrator conference.

Students serving out-of-school suspension shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

A suspended student will receive zeros for all graded assignments.

A suspended student will be readmitted to school after being suspended for 10 school days including the day upon which the suspension was initially imposed, even if the appeal process has not been completed.

This policy, however, does not prohibit a Principal or Superintendent from recommending the expulsion of the pupil if a satisfactory pupil, parent, and principal conference has not been held. In this event the suspension will be treated procedurally as a recommendation for expulsion and the notices will be given by the Superintendent or his/her designee provided under the policy for expulsion.

**Emergency Suspension**

Notwithstanding the policy concerning suspension and expulsion procedure, students may be suspended indefinitely without notice, hearing, and the other rights provided herein in cases where the school is undergoing a violent upheaval, or where orderly educational processes have otherwise been substantially disrupted. This would apply only in rare instances such as when riots are taking place and where emergency circumstances make it unreasonable for the administration and board to consider the case under their usual time. In all such cases, notice, hearings and other rights shall be provided in accordance with the normal provisions at the earliest practical date that the restoration or order permits.

**Suspension**
A teacher may, for disciplinary reasons, dismiss any pupil from his/her class for the remainder of the semester. The teacher will, when practical, accompany the student to the office of the Principal and will, as soon as practical, file with the Principal a written statement of the reasons for the pupil's dismissal from class. (Appendix for Chapter Eight) The principal or his/her designee shall determine whether to reinstate the pupil in class, reassign the student, or take other disciplinary action.

When a student has been dismissed from 1 class, the student will be assigned to study hall for the remainder of the semester and receive an F for the class. The parent(s) of the student will be notified of this action. If a student is dismissed from two classes, the student will be suspended from school and a recommendation made to the superintendent of schools that the student be expelled for the remainder of the semester. The study hall to which the student has been assigned will be considered a second class.

**EXPULSION**

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District’s written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct deemed to be of such gravity that suspension would be inappropriate, or where the student’s continued attendance at school would disrupt the orderly learning environment or would pose an unreasonable danger to the welfare of other students or staff.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District’s records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days* following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board Attorney, Hearing Officer, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, or student if age18 or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.
Except as permitted by policy 4.22 in the policy book, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm or other weapon prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student. Hearings may be waived by the student and parents in writing.

COMPLAINTS AND GRIEVANCES

If a student, teacher, school employee or the parent of a student involved in a disciplinary ruling wishes to contest a disciplinary ruling, he/she must state a complaint in writing to the school principal asking that the ruling be changed. If that fails, an appeal is possible to the superintendent and then to the board of education.

GROUP HEARINGS FOR SUSPENSION OR EXPULSION

When two or more students are charged with violating the same rule and have acted in concert and the facts are basically the same for all such students, a single hearing may be conducted for them if the president of the board believes the following conditions exist:

A. A single hearing will not likely result in confusion, and
B. No student will have his/her interest substantially prejudiced or compromised by group hearing.

If during the hearing the president finds that a student’s interest will be substantially prejudiced by the group hearing, a separate hearing may be ordered for that student.

DISCIPLINARY RECORD

A student and/or student’s parent or guardian may challenge any part of a student’s disciplinary record maintained by the school district on the grounds that it is an accurate record or that his/her conduct did not warrant the discipline assessed. The principal will receive any evidence tendered on behalf of the student on the issue and will make such other investigations as he/she deems necessary. If the record is found to be inaccurate, it will be corrected, or if it is found that the student’s conduct did not warrant the discipline assessed, the record will be amended to reflect that finding. Except for expulsions, disciplinary actions will not be entered on the student’s
permanent record card. Individual records shall be treated as confidential and disclosed only with permission of the pupil if an adult; pupil’s parent or guardian, if pupil is a minor; or under court order to public authorities requesting information in the course and scope of their legal duties.

DUE PROCESS

Every student is entitled to due process in every instance of disciplinary action for which the student may be subjected to penalties of suspension or expulsion.

1. Due process is afforded to students in disciplinary cases of same magnitude such as:
   
   (a) suspension  
   (b) expulsion  
   (c) statements removed from students’ records and  
   (d) clearing one’s reputation

2. The due process rights of students and parents are as follows:

   (a) Prior to any suspension, the school principal or his/her designee shall advise the pupil in question of the particular misconduct of which he/she is accused, as well as the basis for such accusation.  
   (b) The pupil shall be given an opportunity at the time to explain his/her version of the facts to the school principal or his/her designee.  
   (c) Written motion of suspension and the reason(s) for the suspension shall be given to the parent(s) of the pupil.  
   (d) Any parent(s) or legal guardian of a pupil suspended shall have the right to appeal to the superintendent of schools.  

   Discipline for IEP Students

   IEP students who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge the right to free appropriate public education. The De Queen School District will adhere to guidelines established by IDEA.

TRANSPORTATION

All school buses are owned and operated by the School District. Transported students are under the supervision and authority of the bus driver and are responsible to the driver for their conduct.

Disciplinary problems created by transported students will be handled in the office of the principal. In the event of a serious infraction, the driver will notify the principal immediately after completing his/her route. Drivers will 1) notify the principal of the problem as soon as they get off the route; and 2) submit a discipline report to the principal by 8:00 a.m. Suspensions will be handled through the offices of the principal and/or the superintendent.
CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

Students are subject to the same rules of conduct while traveling to and from school as they are while on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. Disciplinary measures for problems related to bus behavior shall include suspension or expulsion from school, or suspending or terminating the student’s bus transportation privileges. Transporting students to and from school who have lost their bus transportation privileges shall become the responsibility of the student’s parent or legal guardian.

PASSENGER REGULATIONS

1. Students are reminded that the Code for Student Behavior, which is presented in the policy manual as well as this student handbook, is in effect during transportation to and from school.
2. Students are expected to conduct themselves in such a manner that they will not distract the attention of their driver or disturb other riders on the bus. They should keep their hands to themselves, attend to their own matters, let other riders alone, and be reasonably quiet. Students should stay seated while the bus is in motion and must not move while it is stopped except as the driver directs. Pupils are not to put their hands, arms, heads, or bodies out of the window. They are not to yell at anyone outside the bus.
3. Students are not to deface the bus or any school property by writing on the walls or seats, damaging the seats, etc. There is to be no eating, drinking, or use of tobacco or alcohol. Students are to keep the aisles of the buses clear of books, lunches, coats, etc. They should not put their feet in the aisles.
4. Students are not to tamper with any of the safety devices such as door latches, fire extinguishers, etc.
5. Students may not ride any bus except their own assigned bus. Visitors are not allowed except in case of an emergency. Permission must be secured from the transportation supervisor, administration, or teacher. Students should not ask to be discharged from the bus at any place other than their regular stop.
6. Students should be at the bus stop at the scheduled time and stand back about 10 feet from the bus stop and wait until the door is opened before moving closer to the bus. Students are encouraged not to play on the highway or road. Those who miss the bus should not attempt to hitch-hike a ride or walk to or from school.
7. While loading or unloading, students will enter or leave the bus orderly and quickly.
8. Students who must cross the road, street, or highway to enter the bus should wait on the correct side of the street or roadway to enter the bus. If they arrive at the stop just as the bus approaches the stop, they should wait until the bus has come to a complete stop and the driver has signaled that crossing is safe.
9. Passengers who must cross the roadway after leaving the bus in the afternoon must go to a point on the shoulder of the road 10 feet in front of the bus and cross the road only after the driver has signaled for them to do so.
10. Students are not to bring knives, weapons, or sharp objects of any kind onto the buses. Pets and other living animals will not be allowed.
11. No balloons or glass containers will be allowed on buses at any time. If a student has a ball of any type, it must be inside a bag and will not be played with on the bus.

PRIMARY SCHOOL CONSEQUENCES FOR BUS INFRINGEMENTS

Primary student consequences have six steps in order to give parents and staff more opportunities to teach bus rules. The order of consequences for infractions of the bus rules by (K-2) Primary School students follow:

1st infraction—1 day in D-Hall
2nd infraction—2 days in D-Hall and parent conference
3rd infraction—2 days suspension from bus
4th infraction—5 days suspension from bus
5th infraction—10 days suspension from bus
6th infraction—Suspension from bus for remainder of year

ELEMENTARY SCHOOL CONSEQUENCES FOR BUS INFRINGEMENTS

The order of consequences for infractions of the bus rules by (3-5) Elementary School students follow:

1st infraction-1 day in D-Hall
2nd infraction-2 days suspension from bus
3rd infraction-5 days suspension from bus
4th infraction-10 days suspension from bus
5th infraction-suspension of bus transportation for the remainder of the year

Extreme discipline problems will result in modifications in the consequences at the principal’s discretion.

MIDDLE SCHOOL, JUNIOR HIGH AND HIGH SCHOOL CONSEQUENCES FOR BUS INFRINGEMENTS

Bus infractions will result in progressive discipline.
**BUS ROUTES**

Buses shall be routed to provide the best service for the greatest number of students. Bus routes are planned to get at least within 1 mile of the home location of each student if other factors permit. No school bus shall deviate from its established route except on instructions from the superintendent, assistant superintendent, or supervisor of transportation. Buses on their regular routes will not stop for food or refreshments. The bus drivers are also not to arbitrarily reverse their routes unless there are extenuating circumstances.

**STUDENTS’ VEHICLES**

A student who has presented a valid driver’s license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student’s building principal.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel. It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

**COMPUTER USE POLICY**

The De Queen School District makes computers and/or computer Internet access available to students, to permit students to perform research and to allow students to learn how to use computer technology. Use of district computers is for educational and/or instructional purposes only. It is the policy of this school district to equip each computer with Internet filtering software designed to prevent users from accessing material that is harmful to minors. For the purposes of this policy “harmful to minors” is defined as any picture, image, graphic image file, or other visual depiction that—

(A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

(B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and

(C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

No student will be granted Internet access until and unless a computer-use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the computer use agreement is incorporated by reference into board policy and is considered part of the student handbook.
Student use of computers shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their computer use, including email, and that monitoring of student computer use is continuous. Students who misuse district-owned computers or Internet access in any way, including using computers except as directed or assigned by staff or teachers, using computers to violate any other policy or contrary to the computer use agreement, attempting to defeat or bypass Internet filtering software, or using the computers to access or create sexually explicit or pornographic text or graphics, will face disciplinary action, as specified in the student handbook and/or computer use agreement.

In an effort to help protect student welfare when they navigate the Internet, the district will work to educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber-bullying awareness and response.
Student Email Permission Form
De Queen Public School District

De Queen Public School District has created email accounts for all students in grades 3-12 to allow for collaborative sharing using Google Apps for Education. These accounts will be used at school for school related projects but may be used outside of school for personal email by students with their parents’ permission. The mastery of effective and proper email communications by students is included in the PreK-12 Instructional Technology Standards, in addition to allowing access to the wealth of collaborative tools available to students and teachers once these accounts are assigned.

No student will be assigned an email account without parental or guardian approval. The email naming convention will be firstname.lastnameXX@dequeenleopards.org. If students are not given email permission, they will still have access to the other features of Google Apps for Education (Google Docs and Google Calendar) under the dequeenleopards.org domain. As with any educational endeavor, we feel that a strong partnership with families is essential to a successful experience. Therefore, not only are we asking your permission to provide an email account to your child, but we would like to share the password so that you may participate in how your child uses this technological tool. Once the permission slip is returned, we will send a letter with the password and instructions on how to access the account. Please fill out and return the permission slip to your child’s homeroom teacher by August _____th.

Philosophy
The De Queen Public School District encourages the use of student email as an effective and efficient way to improve communication between students, faculty members and administrative staff. The primary purpose of student email is to support teaching and learning. De Queen Email accounts are housed on a Google mail server, thereby giving student access to Google Docs (word processor, spreadsheet, and presentation software) and also allowing teachers and students to share information housed in these file areas with others.

1. Official Email Address
All students in grades K-12 will be assigned a dequeenleopards.org email account. This account will be considered the student’s official De Queen Email address until such time as the student is no longer enrolled in De Queen Public Schools.

2. Prohibited Conduct
Student email may not be used in the following ways:
- Unlawful activities—including harassment and/or bullying
- Commercial purposes
- Personal financial gain
- False identity in email communications
- Misrepresentation of De Queen Public Schools
- Interference with De Queen Technology operations through
A. Electronic chain letters
B. Unsolicited electronic communications
C. Disruption of electronic communications

3. **Access Restriction**

   Access to and use of student email is considered a privilege accorded at the discretion of De Queen Public School District. The District maintains the right to immediately withdraw the access and use of student email when there is reason to believe that violations of law or District policies have occurred.
   - First violation: An oral and written notice will be sent to the parent and the child will lose privileges for a minimum period of 30 school days.
   - Second violation: An oral and written notice will be sent to the parent and the child will lose privileges for a minimum period of 90 days.
   - Third violation: An oral and written notice will be sent to the parent and the student will forfeit privileges for the remainder of their school career.

4. **Security**

   De Queen Public School District cannot and does not guarantee the security of electronic files located on the Google Mail system. Although Google has a powerful content filter in place, the District cannot assure that users will not be exposed to unsolicited information.

5. **Privacy**

   The general right of privacy will be extended to the extent possible in the electronic environment. De Queen Public Schools and all electronic users should treat electronically stored information in individuals’ files as confidential and private. There is an acknowledged trade-off between the right of privacy of a user and the need of system administrators to gather necessary information to ensure the continued functioning of these resources. In the normal course of system administration, system administrators may have to examine activities, files, and electronic mail to gather sufficient information to diagnose and correct problems with system software or hardware. Users of student email are strictly prohibited from accessing files and information other than their own. The District reserves the right to access the dequeenleopards.org Google Mail system, including current and archival files of user accounts when there is reasonable suspicion that unacceptable use has occurred.

Please return the portion below ASAP.

RESOURCE OFFICERS

Two resources officers are cooperatively employed by the City of De Queen and the school district. These officers are a resource for the school, the students and the parents. The officers work interactively with students and teachers in an effort to maintain a safe and wholesome environment that is conducive to learning. They will be involved in law enforcement, instruction and counseling.

SCHOOL NURSE

The school nurse is responsible for the maintenance of health records; parental contact concerning health problems, vision, hearing, and scoliosis screening as appropriate. The nurse will administer first aid and minor treatments for students, and first aid for staff in case of emergencies. Please be sure to contact the school nurse if your child has any unusual health problems. Please call the school nurse at 1-870-642-4272 (Grades 6 through 12), 870-584-4311 (Grades 3-5), 870-642-3100 (Grades K-2) if your child is absent from school due to a communicable disease. The school nurse will be on call for any emergency which occurs regarding student health.

COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood-borne, food-borne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

The District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.
A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student’s return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up from school as soon as possible. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

**STUDENT MEDICATIONS**

Prior to the administration of any medication to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer, students are not allowed to carry any medications, including over-the-counter medications or any perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student’s medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-medication, must be in the original container and be properly labeled with the student’s name, the ordering provider’s name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given over-the-counter medications to the extent giving such medications are included in the student’s IHP.

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g.
Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation. A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

The district's supervising registered nurse shall be responsible for creating both on campus and off campus procedures for administering medications.

Students who have written permission from their parent or guardian and a licensed health care practitioner to self-administer either a rescue inhaler or auto-injectable epinephrine, or both and who have a current consent form on file shall be allowed to carry and self-administer such medication while in school, at an on-site school sponsored activity, while traveling to or from school, or at an off-site school sponsored activity. Students are prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler or auto-injectable epinephrine, or both does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler or auto-injectable epinephrine, or both on his/her person shall provide the school with the appropriate medication which shall be immediately available to the student in an emergency.

Students may be administered Glucagon in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. an IHP developed under Section 504 of the Rehabilitation Act of 1973 which provides for the administration of Glucagon in emergency situations; and
2. a current, valid consent form on file from their parent or guardian.

**Emergency Administration of Epinephrine**

The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student’s emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

CAFETERIA PROGRAMS

School breakfasts and lunches will be made available to all students in the school cafeteria. Breakfasts and lunches served will fulfill the guidelines established by the National School Lunch Program. Those who qualify as eligible may eat in the cafeterias at free or reduced prices. Applications for free or reduced meals are made available to the families of all students at the time of school registration.

SCHOOL LUNCH SUBSTITUTIONS

The district only provides substitute meal components on menus to accommodate students with handicapping conditions meeting the definition of a disability as defined in USDA regulations. A parent/guardian wishing to request such a dietary accommodation must submit a Certification of Disability for Special Dietary Needs Form completed by a licensed physician to the district’s Director of Child Nutrition, Sonya Farley.

The district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

FOOD SERVICE PREPAYMENT

The district does not offer credit for food items purchased in the school cafeteria; payment for such items is due at the time the food items are received. Parents or students choosing to do so may pay weekly or monthly in advance for students’ meals.

RESCHEDULING ACTIVITIES

Rescheduling of any event must have the approval of the principal. When an event or activity is rescheduled on a date when a previous event has been scheduled, the event previously scheduled has priority for student participation.

ATHLETICS AND OTHER EXTRACURRICULAR ACTIVITIES

De Queen Public Schools will emphasize academics with athletics and non-athletic organizations complementing the academic program. Athletics and other extracurricular activities are to be considered a privilege and not an inherent right of the student. These activities are an extension of the classroom education of the students of De Queen. When students participate in athletics or other extracurricular activities, students are representing De Queen Public Schools and must conduct themselves in a manner that reflects favorably upon the school. Participation in extracurricular activities will require adherence to state/national guidelines as well as to any additional requirements approved by the De Queen School Board. All extracurricular activities must adhere to the AAA guidelines.

Every effort will be made to limit the disruption of instructional time. All students at De Queen Primary and De Queen Elementary School are encouraged to participate in extracurricular activities as long as the eligibility requirements for the individual activity or club are met. However, participation may be denied for safety or disciplinary reasons (such as suspensions) at the discretion of the teacher and/or principal. Extracurricular activities require extra rules as follows:
1. Ninth graders may not participate in senior high sports unless their age has made them ineligible to participate in junior high sports. All students in grades 7 & 9 must participate at grade level for the duration of the season. After the season is complete, they may participate at the higher level with the coach’s permission. Ninth grade students may participate in any senior high sport if there is not a junior high team in that sport. (tennis, golf, baseball, soccer, and softball).

2. Students must attend at least four consecutive class periods preceding an extracurricular activity or event, including practice, in order to participate in that event unless the absence has been approved by the principal. The absence must be an excused absence.

3. Administrators and teachers exercise the same authority over students at these activities as at school, and students must respect authority.

4. Unsportsmanlike conduct of students at extracurricular activities will not be tolerated, and offending students may lose their right to participate in or attend future activities.

5. If transportation to activities is provided by the school, students will be required to use that transportation. Students may ride with parents or legal guardians only if prior arrangement is made with the principal, coach, or teacher involved in the activity. After the activity, the only way they may be released is by parent or legal guardian in person. Students who change campuses for school activities during the school day will be transported by bus, unless special permission has been obtained from school authorities. Students who do not have personal transportation may not ride with other students without prior approval from the teacher/sponsor and principal.

6. Students’ regulations on drugs, alcohol, behavior, etc., apply to all extracurricular activities.

7. Extracurricular activities require extra effort and sometimes extra discipline on the part of the student because of the demands made upon the student by rules of the coaching or sponsoring staff and the stress of the activities. Students should make themselves aware of these demands and be prepared to make required personal adaptations before participating in athletic or extracurricular activities.

8. The importance of a weight program cannot be stressed enough in the De Queen athletic program. Therefore, it is mandatory that athletes involved in the five major sports (football, basketball, track, soccer, and baseball) be involved in an off-season weight program. This will include grades 8-12. The athletic director will coordinate these programs in all sports.

*See the athletic policies posted on the website for more information.

**HOMECOMING**

**Definition of homecoming:**
An annual celebration for the current students and alumni at De Queen High School.
**Traditional aspects of homecoming:**
Homecoming at De Queen High School is traditionally celebrated during fall semester at a home football game in October. This is traditionally a formal event. It is traditional that senior football players walk homecoming court maids during an afternoon ceremony and pep rally, and homecoming court maids are walked by a family escort in the evening ceremony before the football game. The queen is traditionally crowned by the De Queen Athletic Booster Club president and given flowers by the previous year’s homecoming queen.

**The Homecoming Court will consist of the following:**
1. Queen
2. Junior Maids
3. Sophomore Maids

Senior maids will be determined by the number of senior football players on the team. If there are five or fewer senior football players, all maids will be chosen from the senior class.

**Selection of Maids:**
The DHS football team will choose the Queen. The Queen will be a senior girl.

Two maids from each class (junior and sophomore) will be chosen by class vote. All girls will be voted on. A class list will be provided. The top two totals will be maids that meet all criteria.

Senior maids will be determined by a vote of the senior class based on the number of seniors on the football team. The top totals will be maids that meet all criteria.

All girls will have the opportunity before voting to remove their name from the ballot by completing a removal of name form and turning it into the office before a designated deadline.

**Criteria for participating in Homecoming:**

Academics:
All participants will have a minimum of the following credit hours and GPA:
- 6 credits for Sophomore
- 12 credits for Junior
- 18 credits for Seniors

**GPA must be a 2.0 or higher based on previous semester**

Attire:
All participants will be required to abide by the attire criteria for the event.
Girl: The Queen will wear a white formal dress and all maids will wear a formal dress the color of their choosing except white or shades of white. All dresses will be school appropriate.

Boys: All boys will wear matching black tuxedos which will be ordered from the same vendor to assure same attire.

All participants are financially responsible for own attire.

PARTICIPATION IN THE JUNIOR-SENIOR PROM

To participate in the Junior-Senior Prom, a student must be considered a junior by the end of the fall term. Only members of the current junior and senior classes at De Queen Schools may attend the prom.

SENIOR TRIP INFORMATION

In order to include a class day trip in their annual activities, the senior class must submit a proposal for the trip, including budget, to the De Queen School Board for approval. The class must have sufficient funds in the school account to meet its budget. If the funds are not sufficient, the senior trip will be canceled for the year, and an executive committee of the class will make decisions regarding existing funds. Only those eligible to take part in graduation as determined at the end of the fall semester are eligible to go on the class day trip. Early graduates will not be allowed to go on the senior trip.

NEW MEAL CHARGING POLICY FOR STUDENTS

It is policy of the De Queen School District to allow students to charge meals only on occasion when money is unavailable and the student would have to miss meal service. This is a courtesy to the student and should not occur on a regular basis.

More than one week breakfast and lunch in charges will be considered excessive and will not be permitted.

Any student denied meal service due to excessive charges will be encouraged to apply for free and reduced price meals.

Payment reminders are sent out monthly and when the charge limit is reached the Child Nutrition Director or Principal will contact the parent/guardian requesting a meal be provided by the parent for the student.

ON LINE PAYMENTS

We now have on line payment service. The student/students ID number will be needed to set up an account. You will be able to pay for all children and view their accounts. Parent can go to the school web site at www.dequeenleopards.org under Food Service and there will be a link for the EZ school payment option. Payments can also be made at the cafeteria or Food Service Directors office at the Administration office building.

STUDENT HANDBOOK
It shall be the policy of the De Queen school district that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.
