**Instructional
Materials and
Technology**

Instructional materials selected for use in the public schools shall be furnished without cost to the students attending those schools. Except as provided by Education Code 31.104(d), a district may not charge a student for instructional material or technological equipment purchased by the district with the district's technology and instructional materials allotment. *Education Code 31.001*

Each instructional material, including electronic instructional material only to the extent of any applicable licensing agreement, purchased as provided by Education Code Chapter 31 for a district is the property of the district. *Education Code 31.102(a)-(b)*

Allotment

A district is entitled to an allotment each biennium from the state instructional materials and technology fund for each student enrolled in the district on a date during the last year of the preceding biennium specified by the commissioner of education. The commissioner shall determine the amount of the allotment per student each biennium on the basis of the amount of money available in the state instructional materials and technology fund to fund the allotment. The allotment shall be transferred from the state instructional materials and technology fund to the credit of the district's instructional materials and technology account as provided by Education Code 31.0212. *Education Code 31.0211(a)*

The commissioner shall, as early as practicable during each biennium, notify each district of the estimated amount to which the district will be entitled during the next fiscal biennium. *Education Code 31.0215(a)*

Additional State Aid
*State-Approved
Instructional
Materials*

For each student enrolled in the district, a school district is entitled to additional state aid for each school year in an amount equal to \$40, or a greater amount provided by appropriation, to procure instructional material that has been reviewed by the Texas Education Agency (TEA); placed on the State Board of Education (SBOE) list of approved instructional materials; designated by the SBOE as being included or capable of being included in an instructional materials parent portal; and acquired from a publisher, manufacturer, or other entity that has not been found to violate Education Code 31.151. *Education Code 48.307(a)*

<p>Allotment Adjustment <i>Change in Enrollment</i></p>	<p>Not later than May 31 of each school year, a district may request that the commissioner adjust the number of students for which the district is entitled to receive an allotment on the grounds that the number of students attending school in the district will increase or decrease during the school year for which the allotment is provided. The commissioner may also adjust the number of students for which a district is entitled to receive an allotment, without a request by the district, if the commissioner determines a different number of students is a more accurate reflection of students who will be attending school in the district. The commissioner's determination is final. <i>Education Code 31.0211(e)</i></p>
<p><i>High Enrollment Growth</i></p>	<p>Each year the commissioner shall adjust the instructional materials and technology allotment of districts experiencing high enrollment growth. <i>Education Code 31.0214(a)</i></p>

Education Code 31.0211(c), (f)

*Technological

**Instructional
Materials and

The commissioner shall maintain an instructional materials and technology account for each district. In the first year of each biennium, the commissioner shall deposit the district's allotment in the account. The commissioner shall pay the cost of instructional materials requisitioned by a district under Education Code 31.103 using funds from the district's instructional materials and technology account.

Money deposited in a district's instructional materials and technology account during each state fiscal biennium remains in the account and available for use by the district for the entire biennium.

A district may not be charged for a cost associated with the selection of an OER instructional material, except for the cost of printing copies of the material. *Education Code 31.073(a), (c)-(d)*

OER Transition
Plan

To qualify for additional state aid under Education Code 48.308 the board must adopt an OER instructional material transition plan to assist classroom teachers in the district who will be using an OER instructional material in a specific subject or grade level for which the teacher has not previously used an OER instructional material.

CMD
(LEGAL)

The plan must ensure that OER instructional materials are used in a manner that maintains the instructional flexibility of a classroom teacher to address the needs of each student.

A district that participates in the program developed and maintained by TEA under Education Code 31.0752 is not required to adopt a transition plan under this provision.

Education Code 31.0751

TEA Assistance
Program

TEA shall develop and maintain a program to assist school districts in adopting and using OER instructional material. Education Code 31.0752

Requisition

A district that selects OER instructional material shall requisition a sufficient number of printed copies for use by students unable to access the instructional material electronically unless the district provides to each student:

1. Electronic access to the instructional material at no cost to the student; or
2. Printed copies of the portion of the instructional material that will be used in the course.

Education Code 31.103(d)

Parent Portal

An entity that hosts an instructional materials parent portal must comply with requests regarding parental access to the portal made by a district in compliance with Education Code 31.154 or Education Code 26.006 [see EFA]. *Education Code 31.154(e)*

- b. In the provision of instructional materials, the district protects students from obscene or harmful content as necessary for compliance with the Children's Internet Protection Act (Pub. L. No. 106-554) [see CQ], Education Code 28.0022 [see EMB], Penal Code 43.22, and any other law or regulation that protects students from obscene or harmful content [see EF]; and
2. The district used money allocated to the district or school under the instructional materials and technology allotment only for purposes allowed under Education Code 31.0211.

To determine whether each student has instructional materials that cover all elements of the essential knowledge and skills, a district may consider:

1. Instructional materials adopted by the SBOE;
2. Instructional materials developed, purchased, or otherwise acquired by the district; and
3. OER instructional materials and other electronic instructional materials included in the repository under Education Code 31.0722.

Ownership

Except as otherwise provided, a student must return all instructional materials to the teacher at the end of the school year or when the student withdraws from school. At the end of the school year for which OER instructional material that a district does not intend to use for another student is distributed, the printed copy of the OER instructional material becomes the property of the student to whom it is distributed.

This provision does not apply to an electronic copy of OER instructional material.

Education Code 31.104(c), (g)-(h)

Responsibility for Instructional Materials and Equipment

Each student or the student's parent or guardian is responsible for all instructional material and technological equipment not returned in an acceptable condition by the student. A student who fails to return in an acceptable condition all instructional materials and technological equipment forfeits the right to free instructional materials and technological equipment until all instructional materials and

technological equipment previously issued but not returned in an acceptable condition are paid for by the student, parent, or guardian.

As provided by board policy, a district may waive or reduce the payment required if the student is from a low-income family. [See FP] The district shall allow the student to use instructional materials and technological equipment at school during each school day.

If instructional materials or technological equipment is not returned in an acceptable condition or paid for, a district may withhold the student's records. A district may not prevent the student from graduating, participating in a graduation ceremony, or receiving a diploma. [See FL and GBA regarding student and parental right to access records; and FD, FFAB, and FL regarding a district's duties to provide records to another district]

The board may not require an employee of the district who acts in good faith to pay for instructional materials or technological equipment that is stolen, misplaced, or not returned by a student. [See DG]

These provisions do not apply to an electronic copy of OER instructional material.

Education Code 31.104(d), (e), (h) [See also EF]

Printed instructional materials are considered to be in acceptable condition if:

1. The cover, binding, pages, spine, and all integral components of the instructional materials are wholly intact and the instructional materials are fully usable by students; and
2. No component of the instructional materials is soiled, torn, or damaged (whether intentionally or by lack of appropriate care) to the extent that any portion of the content is too disfigured or obscured to be fully accessible to other students.

Electronic instructional materials are considered to be in acceptable condition if:

1. All components or applications that are a part of the electronic instructional materials are returned;
2. The electronic materials perform as they did when they were new;

Sale or Disposal

The board shall determine how the district will dispose of discontinued printed instructional materials, electronic instructional materials, and technological equipment.

The board may sell printed instructional materials on the date the instructional material is discontinued for use in the public schools by the SBOE or the commissioner. The board may also sell electronic instructional materials and technological equipment owned by the district.

Use of Proceeds

Any funds received by a district from a sale must be used to purchase instructional materials and technological equipment allowed under Education Code 31.0211.

Disposal

The board may dispose of printed instructional material before the date the instructional material is discontinued for use in the public schools by the SBOE if the board determines that the instructional material is not needed by the district and the board does not reasonably expect that the instructional material will be needed. A district must notify the commissioner of any instructional material the district disposes of under this provision.
