

SHELTON AMI DAYS 13 - 21

KeyCode, Career Development, Survey of Business, and Social Media

Please answer all questions in sentence form on a separate sheet of paper. Any assignment that involves technology can be written out. If at all possible, email me your assignments daily.

These are no longer required. If you would like to continue to complete them to raise your 3rd quarter grade, please do so. If you receive modifications, please complete half of the assignment. Assignments that can't be halved (memes, for example), can be replaced with a journal entry of what your family did during that quarantine day.

Day 13

Please answer with full sentences. (If you receive modifications, answer 2 for each scenario)

Journaling Activity

Think about a time when you were on a team and one member of the team wasn't contributing. How was the situation handled? What might have been done differently? If you are a team leader, what can you do to help all team members contribute?

When it comes to decision making, there are some people who like to make decisions by themselves, while others like to talk things through with someone else. Which type of person are you? Give an example or two. What are some pros and cons associated with each type of decision-making? (List at least 2 each)
