## The Voluntary Coverage Plan

This plan allows the school to offer student accident insurance coverage to parents on a voluntary basis. Each student in the District is provided with plan information to take home to their parents. This plan will give the School Board and Administration a method to inform parents that the District is not responsible to pay for medical expenses caused by a school injury.

## Common Questions Answered

1. The Full-Time and School-Time Coverage does not cover participation in UIL activities for students in the 7th grade or above.
2. UIL activities coverage must be purchased with either Full-Time Coverage or School-Time Coverage. It covers all UIL activities injuries except football for students in grades 10-12 and grades 7-9 football if students practice or play with grades 10-12. The cost for football grades 10-12 is an additional \$325.00. Football for students in grades 7-9 is included in the School-Time or Full-Time Coverage with UIL Activities Coverage, unless the student is practicing or playing with grades 10-12.
3. Extended Dental Coverage may be purchased separately and provides coverage during all UIL activities.

This provides a very brief description of some of the important features of the insurance policy. It is not the insurance policy and does not represent it. A full explanation of benefits, exceptions and limitations is contained in the Group Accident Insurance Policy Form GA-2200Ed.11-16 (and any state specific), and any applicable endorsement(s). This policy is considered term accident insurance and is non-renewable. This product may not be available in all states and is subject to individual state regulations.
