

# IPHONE NOTES APP = SCANNER

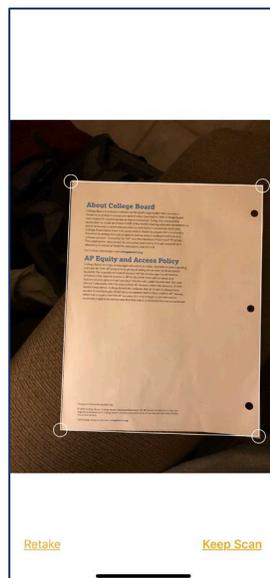

Open the notes app and tap the new note icon

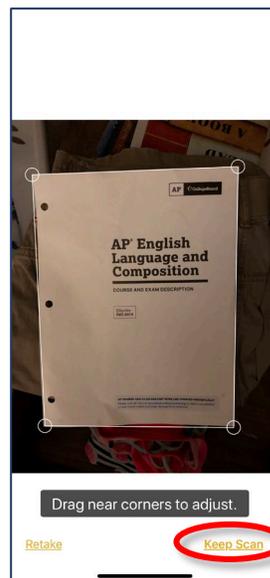

Tap the camera icon to scan a document

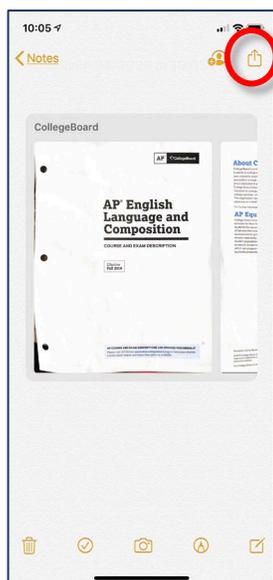

Tap Scan Documents

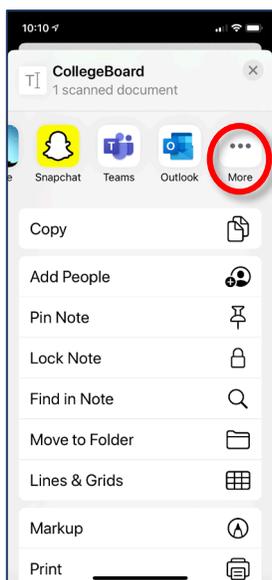

Position the document and click the camera button (like you are taking a picture)

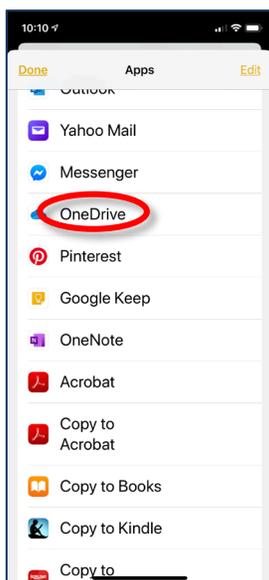

Tap Keep Scan and add another page if needed.

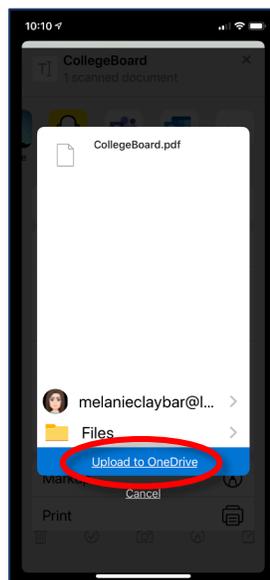

Once you have all document pages scanned, tap the upload icon in the top-left corner

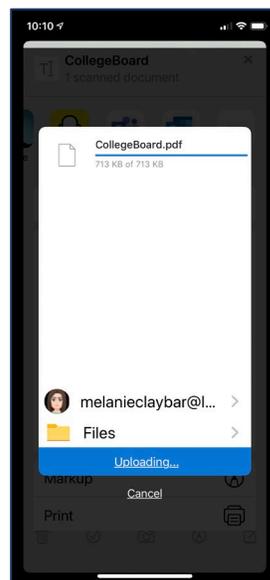

Tap more (may need to scroll over to see this option)  
From this screen you can also email the file.

Tap OneDrive

Tap Upload to OneDrive (You can browse for a specific folder before saving)

Now that your file is saved in OneDrive you can upload this to a Teams assignment,
