Policy on School Closings Due to Bad Weather

It is that time of the year again to remind everyone of our school closing policy:

If adverse weather conditions exist which threaten student transportation safety before school begins, the announcement will be sent out on the districts automated SCHOOL MESSENGER SYSTEM. School Messenger allows us to make an actual recorded phone call to every parent phone number in our school data base. We also make calls to several radio and television stations who will announce the closing information on the air.

Every effort will be made to finalize the decision no later than 5:30 a.m. of school closing due to adverse weather conditions. On mornings when icing is a concern, and forecasts suggest clearing, school may be delayed with a late start time of 10:00 a.m.

Decisions on school closings are made at the district level based on National Weather Service Data, county-wide school weather hotline, and early morning observations by the superintendent and transportation director. Please do not call before 5:30 a.m., as we will be analyzing data, making observations and preparing to make the decision.

School will not be dismissed due to storm conditions that arise during the day as long as it is feasible for students and staff to remain at school safely. The district is extremely reluctant to dismiss school early if the weather is severe.

Listed below are the radio and television stations that will be notified:

SEAL ELEMENTARY ART SPOTLIGHT

Creative greetings from the art room! I blinked and it became fall. Which means the next time I blink, it will be winter. This is always exciting for art because winter art is really fun to make. However, it's not winter yet and autumn is still upon us. Halloween is just around the corner and this time of year is pumpkin time! There were pumpkins everywhere in the art room. And they turned out amazing!

Every year that I teach the kids art, the finished projects just get better and better. So this has brought me to adopt something new in my art routine. I am taking the best all around project from each grade and hanging them – art gallery style – in the hallways. I made sure they were up before parent teacher conferences, but if you didn't swing down the art room hallway, please feel free to take some time to enjoy the "gallery" if you're in the school for a visit. I plan to always have some form of art hanging up now. I think it brightens the hallways and lets the kids know that all their hard work is worthy of being viewed. I can't even count how many times I've seen a kid walk by and spot their piece and say, "Look! There's mine!" What a great feeling!

Soon we will go back to our second round of art and begin the fun process of creating Christmas presents and all sorts of fun winter themed projects. Snow is incredibly fun to make with oil pastels and paint and I utilize these mediums often. I hope you enjoy the artwork that is coming home to you so far. I tell the kids that if they make something awesome or beautiful, that it is "fridge worthy". This means that it's so great that they should hang it on the refrigerator for everyone to enjoy, because everyone uses the fridge at least once a day for the most part and it's the perfect place to display it. (At least, it is in my house.)

This month's first round of Best In Show art has been chosen and is on display on my art board in the hall. I encourage you to see them in color sometime. As always, stay safe and thanks for letting me make art with your kids.

MIDDLE SCHOOL SCHOLARS' BOWL SEASON Begins 2nd Semester

It will soon be time to begin this year's middle school scholars' bowl season! For those of you new to the sport, scholars' bowl is a scholastic competition where teams are asked questions from the categories of math, science, social studies, language arts, fine arts, and miscellaneous, which includes sports and current events. Teams of five students compete to answer the sometimes very difficult questions.

Practice will begin Wednesday, 1/4/23. Practices are held before **and** after school, Monday through Thursday until our first meet. After our first meet, practices will be Tuesday and Wednesday only. Students are not required to attend all practices and may choose to come to morning (7:30 - 7:50) or afternoon practices (3:25 - 3:45). KAY Officers Attend Regional Conference

On Tuesday, November 1st the Douglass High KAY Officers attended the Area 6 Regional Conference hosted by Maize High School. The conference was held at the new Maize Performing Arts and Aquatics Center.

This year the focus of the conference was working together to make a difference. KSHSAA Director Annie Diederich shared an uplifting message, “Everyday in KAY, students have tremendous opportunities to step forward and be a leader, not because they “have to,” but because they “get to.” Officers in attendance shared ideas with KAY members from area schools and learned about new service opportunities during break out sessions.

Through their participation in KAY activities, club members develop lifelong skills and experience the joy of helping others!

Junior & Senior Community Service Day

Due to the arrival of much needed rain on November 4th, the 2022 DHS Community Service Day looked a little different than in past years. By adjusting to locations with indoor service work, juniors and seniors still had the opportunity to serve six non-profit groups in the area. Nine staff members and 70 students helped with a variety of tasks such as cleaning, sorting, organizing, etc. to help the various organizations in carrying out their missions. Later this year, it is hoped that freshmen and sophomores will also get the opportunity to complete community service as a group.

The students are off to a great start maxing out at the end of the 1st 9 weeks in the weight room. Here are the results of the top 10 male and females for each grade level at the high school. It is easy to see the strength numbers and hard work that is being done in the weight room. Although, the most important part of this room is the team atmosphere where students cheer each other on, count each other's repetitions, clean up after one another, and truly want the people next to them to succeed. We are so proud of all of our team, if you see one of these students tell them great job for all their hard work so far!
