CHARITABLE REMAINDER TRUST

The most versatile charitable giving tool, the CRT, can bypass capital gains tax on the sale of highly appreciated assets, generate an increase in income, receive a charitable income tax deduction, and fulfill your philanthropic objectives.

The CRT is a legal trust that can be constructed to produce a predictable annuity payment each year or take advantage of investment growth opportunities in the trust principal.

Charitable Bequests

Next to writing a check, perhaps the best known vehicle for philanthropy is the bequest. A bequest establishes your wishes today without relinquishing needed assets during your lifetime. Bequests can transfer a specific asset. You can also give a percentage of the estate after costs and taxes. Another good idea is to transfer property to a testamentary trust.

WAYS TO MAKE YOUR CHARITABLE CONTRIBUTION

We can make a difference—now, and for the future!

It is the generous spirit of friends that will help the Douglass Community Foundation grow. This generosity is evident in countless ways, including gifts of financial support. And while giving may seem a straightforward discussion, there are many ways that friends choose to make a gift. Some careful planning will ensure that your objectives are met. This brochure is designed to provide an overview of some of the most common ways to make a gift to the Douglass Community Foundation.

Current Gifts

The most common way to make an immediate gift is by writing a check. This type of cash gift provides immediate liquidity for charity and generates a charitable income tax deduction for the donor in the year of the gift.

Giving stocks or bonds may provide greater tax benefits. If you have owned securities for more than one year and the fair market value has increased since you purchased them, you can avoid capital gains tax and receive a charitable income tax deduction equal to the fair market value.

A gift of real estate that has been held for more than a year also has the advantage of providing you with a charitable deduction based on the current fair market value, as well as bypassing capital gains tax on the appreciation.

Selected artwork, books and antiques are examples of gifts of personal property that can, in certain situations, be an appropriate gift. To ensure that any tangible personal property qualifies for a favorable charitable tax deduction, please contact us.

Planned Gifts

The term “planned gifts” refers to specific strategies that (in most cases) benefit charity at some point in the future while offering immediate benefits to the donor.

The gift of a paid-up life insurance policy is a good example. By designating a qualified charity such as the Douglass Community Foundation as owner and beneficiary of such a policy, you will receive a charitable income tax deduction that, in most cases, is equal to your cost basis in the policy.

Gifts That Generate Income For You

The Gift Annuity is a great example of how a gift generates income for the donor. This is actually a contract between a donor and the Douglass Community Foundation that is part gift and part annuity. In addition to the annuity payment, the donor receives a charitable income tax deduction and a portion of each annuity payment may be tax-free.

The Deferred Payment Gift Annuity in which annuity payments are delayed for a number of years offers rates that make it an attractive supplement to retirement income.
