## **INTRODUCTION**

### **Preface**

This handbook is established with the aid and cooperation of parents, teachers, and students.

The primary purpose of this handbook is to acquaint students of Dierks Public Schools with rules, regulations and customs so that they may more readily adapt themselves to the principles of our school. We think it will help each student to become a real part of the activities of the school.

We ask that you read this handbook carefully and after reading, keep for future reference. May you consider this as just another tool that can be used to make your school a better school.

Failure to read and be familiar with this book will not relieve any student of any responsibility for compliance with the rules and regulations stated herein.

### **Pledge of Allegiance**

I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands--one nation under God, indivisible, with liberty and justice for all.

### **School Colors**

Blue and White

### **School Mascot**

Outlaw horse

### **Alma Mater**

Ever will we sing thy praises.

Ever will we think of thee

As a school of pleasant hours

And a school of pleasant memories.

We love you, dear old Dierks High School;

We think you are supreme

Because you're such a grand old school,

We hold with high esteem.

## **School Spirit**

School spirit is hard to define, yet it is a powerful force in any school. It is so important that without it, a school can never be great.

First, it is more than a big noise. It begins in the classroom where we do our best. It is our teams fighting hard to win. It is the courtesy and consideration that we have for each other, the support for fellow students in their respective activities and for others who may be our guests. It is in the halls, in the classes, in the library or wherever one might be.

It is the thrill of victory and the acceptance of honorable defeat. It is that which binds us together and causes us to be proud to be a Dierks High School student.

It is that something that becomes a part of us as a result of its influence, we are good school citizens now and will become good and useful adult citizens.

## **NATIONAL ANTHEM & ALMA MATER POLICY**

All students are required to follow normal protocol for the national anthem and/or the school alma mater (Standing and showing proper respect for song). Any student who does not wish to follow accepted protocol will be sent to the office or a designated classroom at the beginning of the pep rally or assembly and remain there until the end of said assembly. (Board Approved 5/25/06)

## **DIERKS HIGH SCHOOL GENERAL INFORMATION, POLICIES, AND PROCEDURES**

### **SCHOOL LUNCH PROGRAM**

Dierks High School operates hot breakfast/lunch program at minimal cost. Prices may vary from year to year depending on the cost of operation.

Students may pay the lunchroom clerk in the cafeteria. Three classifications of lunches are available: (1) full cost; (2) reduced price; (3) free.

Forms are distributed at the beginning of each school year and are always available in the office explaining the lunch program. Those who feel that they qualify for reduced price or free school lunches may fill out a form and return it to the office. Every effort is made to keep recipients' status confidential.

Students will not run from any school building to the lunchroom, nor will they be allowed to cut in line. Students are to form a single line along the wall of the entrance to the cafeteria. No student will take food or drink from the lunchroom.

Any group or individual using the lunchroom after school hours must obtain permission from the administration. If the kitchen is used a cook must be present and will be paid a fee for assistance.

### **INSURANCE PROGRAM**

Insurance provided by the school covers all students at school activities. This is a supplemental insurance which pays in addition to family insurance. Additional 24-hour coverage may be purchased for students by their parents.

### **WEATHER CANCELLATION**

In the event of weather conditions severe enough to warrant closing or canceling school, a call will be initiated through the School Reach system to all parents and the following area radio stations will broadcast the announcement: KDQN 92.1, B99.5 KNAS, and 88.5. If school must be closed after the school day has begun, the announcement will include the time of dismissal. If school is canceled in the early morning before the school day begins, the announcement will be on the air beginning at 6:30 a.m.

Snow routes have been developed to reduce the number of missed school days, in which the major roads are safe to travel to transport students. A map of the snow routes are included at the beginning to this policy book.

### **GUIDANCE COUNSELOR**

A guidance counselor is employed by the school to assist students in obtaining information about college, technical schools, occupations, and solving personal problems.

The services of the counselor are available to all parents and students. The counselor's time is limited and in the interest of all students, students should not waste the counselor's time.

The counselor has many college pamphlets, catalogs, directories, yearbooks, in addition to trade and vocational information. There are numerous other materials on occupations and careers available in the counselor's office. Students may make arrangements with the counselor to use this material but only on appointment basis since the space is limited. Students who do not conduct themselves properly will be asked to leave.

## **LIBRARY**

The reading of books and research and reference materials is a major part of a student's education. The school strives to provide students with appropriate materials for this task. Teachers and students are urged to use the library.

The library is staffed by student aides/librarian and is open throughout the school day. Traffic to the library is regulated by the librarian and passes issued by the librarian. The following should help in using the library properly:

1. A library pass does not include a restroom pass.
2. The library is to be used for research and using other library material; it is not a visiting or loafing place.
3. Move around as little as possible.
4. All books and materials must be checked out at the desk.
5. Encyclopedias, dictionaries, and the like may not be taken from the library.
6. Lost or overdue books must be returned or payment received before grades are issued.
7. Students must abide by any additional rules the librarian may post which will increase efficiency of the library for all students.
8. Students who refuse to use the library properly will have their library privileges suspended.

## **COLLEGE VISITATION POLICY**

Each senior will have one (1) day of leave to visit the college, vocational school or business school or military enlistment center of his/her choice. A second college visitation day may be granted to students that have taken the ACT Test. Each junior will have one (1) college day that can only be taken during the second semester and must have taken the ACT with principal approval. The following procedure must be followed:

1. Make arrangements with the counselor at least two (2) days before the visitation day.

2. Contact each teacher and notify them of visitation plans in time to do daily assignments.
3. Do not miss a major test.
4. Bring a note from parents requesting visitation day prior to the visit.
5. College visitation must be made by the end of the third 9 week grading period.
6. Students must bring a statement from a college official stating that they visited the college.

**COLLEGE REPRESENTATIVES, RECRUITERS, ETC.**

College representatives, U. S. Military Service representatives, etc., will be allowed to come to the campus to talk to student groups. No student will be allowed to sign with any organization at school without the guardian being present.

**DIERKS HIGH SCHOOL ACADEMIC POLICIES  
SCHOOL RATING**

Dierks High School is a member of the Advance-ED Association of Colleges and Secondary Schools.

To be a member of the association is a great honor for the school and for the community.

For a school to be a member of the Advance-ED, it must have an adequate faculty that meets strict requirements, a physical plant that must pass rigid inspection, a library that contains a plentiful supply of books and materials, and hosts of other things that are essential in order that you might receive a good education.

To you, as a student, this means that your transcript of grades will be accepted by any college without question.

**GRADING SYSTEM**

The grading system in Dierks Public Schools is as follows:

REGULAR SCALE	AP SCALE (Weighted)
A = 90-100 = 4 pts.	A = 90-100 = 5 pts.
B = 80- 89 = 3 pts.	B = 80- 89 = 4 pts.
C = 70- 79 = 2 pts.	C = 70- 79 = 3 pts.
D = 60- 69 = 1 pt.	D = 60- 69 = 2 pt.
F = 59 and Below = 0 pts.	F = 59 and Below = 0 pts.

I = Incomplete (Incompletes automatically convert to an "F" two weeks after the end of the grading period, unless extenuating circumstances exists.)

**GRADING, TESTING AND RELATED REGULATIONS**

All daily, weekly, etc., tests are to be graded on an individual teacher's basis to establish the raw score in points, such as 87 point score. This score is to be recorded in the daily record book and/or in the computer with a backup disk. A letter grade may also be assigned for the student's benefit, but is not necessarily needed. At the end of each nine (9) weeks, a teacher may average daily grades and unit tests for the nine (9) weeks grade. If a teacher feels a nine (9) weeks test is needed, a total of all daily, weekly and other scores are totaled and averaged.

This and other scores are totaled and averaged. This average counts 3/4 on the points score for the nine weeks grade. The nine weeks exam points are added to the average daily score (tripled) for the nine weeks total point score. The final nine weeks letter is then determined by the point score on the letter grade scale. All teachers in all classes will be required to give a semester test at the scheduled test time. The tests may consists of skills proficiency rather than a written exam based upon the curriculum of the course and at the principal's discretion.

To determine a student's semester average, add the two nine weeks grades and divide by two. This average counts 3/4 of the score for the semester grade. The semester exam points (based on a 100 point scale) are added to the nine weeks average and make up 1/4 of the semester grade. The semester grade is then determined by the point score on the letter grade scale.

Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Grades that reflect other educational objectives such as the student learning expectations contained in the curriculum frameworks may also be figured in. It is the objective of Dierks High School that a student's grades reflect only the achievement of educational objectives.

Students transferring to Dierks High School with grades given in Advanced Placement courses shall have the same notation placed on their transcript at Dierks High School. AP courses shall be recognized as AP courses. (Additional quality points may not be awarded unless the course is currently a weighted course at Dierks High School).

#### **SPECIAL EDUCATION SECONDARY**

1. Students enrolled in special education classes receive full credit for the courses.
2. Special education students enrolled in regular classes will not be failed if they have completed assigned work on their performance level. Remedial grades will be given in these classes and the student receives full credit and full value of quality points assigned to the grade that is earned.

#### **REMEDIATION**

Remedial instruction provided during high school years (grades 7-12) may not be in lieu of courses required for graduation, or core subjects for junior high students. Any student who does not score at the proficient level on the criterion-referenced assessments in reading, writing, and mathematics shall continue to be provided with remedial or supplemental instruction until expectations are met or the student is not subject to compulsory school attendance.

#### **WEIGHTED COURSES**

The following courses will be graded on a 5.0 scale: AP classes (Advanced Placement), IB (International Bacc.), and ADE approved honors classes will be graded on a weighted 5.0 scale. Students must take the AP exam to obtain weighted credit and teachers must be properly trained.

### **HOMEWORK POLICY**

The Dierks School District maintains that homework can be an important activity to help students learn. Homework is flexible and is the individual responsibility of each teacher in the Dierks School System. Purposeful homework varies from day to day with each pupil, depending upon his capacity, potential and need. Whenever homework exists in the system, it shall supplement, complement, and reinforce classroom teaching and learning. Homework shall never be used as a disciplinary or as a punitive measure.

Homework should be included as an integral part of the instructional program and a means by which students are provided extended time to master learning concepts and objectives. Homework should be a positive experience and provide students the opportunity to: (1) reinforce skill development, (2) manage learning time away from the school setting, (3) communication to parents learning activities provided during the school day, and (4) involve other adults in helping them to learn.

In the Dierks School District, all homework assignments will be the following:

1. Directly related to the curriculum and the current learning objectives,
2. Explains thoroughly in terms of content, process and expectations,
3. Reasonable and will not preclude pupils from assuming other homework and community responsibilities, and
4. Designed to encourage and support efforts to develop the skills to learn independently.

Parental support and encouragement to complete each assignment is essential to the student's progress in academic work.

### **SEMESTER TEST EXEMPTIONS**

### **SCHOOL TRIPS**

**Students participating in school sponsored trips must have a permission slip signed by a parent/guardian prior to the trip. Students must use school approved transportation to travel both to and from the events.**

**Field trips related to academic work will be allowed during the school day. Students making school sponsored trips should make every effort to dress and act as nice as possible. They are representative of the school and many times the school is judged by their actions.**

- 1. Must be approved by the principal.**
- 2. Must have signed permissions slips if traveling by bus or school vehicle.**
- 3. Whenever possible, bus transportation should be provided.**

**Trips taken by classes or organizations which are not classified as an educational field trip must meet the following requirements:**

- 1. No overnight class trips.**

2. **Must be planned through the sponsor and approved by the principal.**
4. **All expenses of the trip will be paid by the class, students, or organization.**
5. **Additional parental chaperones shall be required as necessary.**

### **SOLICITATION OF FUNDS**

**Act 980 of 1993 prohibits solicitation of donations or attempts to sell any items or service on or within ten feet of the highway if there is not a sidewalk along the highway. If there is a sidewalk within ten feet of the highway, no sales or donations can be solicited on or between the highway and the sidewalk. Violation of this Act is a Class C misdemeanor.**

**The Arkansas Department of Education interprets this law to apply to schools and school districts and cautions school personnel to avoid these areas when setting up sales and solicitations, even within city limits.**

**School officials and teachers are not permitted to solicit contributions for the school without special permission from the Board of Education.**

**No collection or solicitation of money for non-school purposes of any kind is permitted in any of the Dierks Public Schools.**

**The sale of articles by any person connected with the school for the purpose of raising funds for school activities must have permission of the principal.**

### **ADVERTISING**

**No advertising of any nature shall be permitted in Dierks Public Schools. This provision, however, shall not prevent the acceptance of book covers containing legitimate advertisements, calendar, or other fees, useful supplies, or the showing of approved motion pictures.**

**There shall be no soliciting or advertising by teachers or students except for the purpose of securing funds for school yearbook, birthday calendar, or programs for the athletic contests.**

### **BEFORE SCHOOL AND AT NOON**

Students are strongly discouraged from arriving at school before 7:40 a.m. Doors will be opened at 7:45 a.m. by the duty teacher. Students will be permitted to enter by permission of the duty teacher to study. Any other teacher that allows students to enter, will supervise them until the duty teacher arrives or the children's homeroom teacher arrives. In extremely bad weather, students are allowed in the study hall.

#### **BOOKS AND MATERIALS**

Pencils, paper, workbooks or any material not furnished as free basic textbooks are the responsibility of the student. Teachers will sometimes require such books or materials in addition to textbooks.

Students are required to bring pencils, paper, or any working materials to class that the teacher may request. Failure to do so will naturally result in loss of classroom activity for the student and disciplinary action.

#### **STUDENT EXCHANGE**

A student exchange is located in the principal's office and is operated by the office. It is open before school, at lunch, and after school. An attempt is made to stock basic supplies needed by the students at the lowest possible cost.

#### **STUDENT TELEPHONE**

The school phones are not to be used by the students for outgoing and incoming calls except in the case of emergency. Students must have permission from the teacher or principal to use the telephone

#### **TESTING PROGRAM**

#### 4.1—RESIDENCE REQUIREMENTS

Definitions:

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having legal, lawful control of the student under order of a court, or persons standing in loco parentis reside. A student may use the residential address of a legal guardian, person having legal, lawful control of the student under order of a court, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, or other persons having lawful control of the person under an order of a court reside within the District<sup>1</sup> and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parents or guardians for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parents, guardians, or other persons having lawful control of him or her under an order of a court, the person must actually reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools.<sup>2</sup> A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.<sup>3</sup>

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.<sup>4</sup>

**Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.**

#### 4.2—ENTRANCE REQUIREMENTS

To enroll in a school District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, who will become five (5) years old during the year in which he/she is enrolled in kindergarten, and who meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.<sup>1</sup>

Prior to the child's admission to a District school:

1. The parent, guardian, or other responsible person shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the department of education.
2. The parent, guardian, or other responsible person shall provide the district with one (1) of the following documents indicating the child's age:
  - a. A birth certificate;
  - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
  - c. An attested baptismal certificate;
  - d. A passport;
  - e. An affidavit of the date and place of birth by the child's parent or guardian;
  - f. United States military identification; or
  - g. Previous school records.
3. The parent, guardian, or other responsible person shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another school district to enroll as a student until the time of the person's expulsion has expired.<sup>3</sup>
4. The child shall be age appropriately immunized from poliomyelitis, diphtheria, tetanus, pertussis, red (rubeola) measles, rubella, and other diseases as designated by the State Board of Health, or have an exemption issued by the Arkansas Department of Health. Proof of immunization shall be by a certificate of a licensed physician or a public health department acknowledging the immunization. Exemptions are also possible on an annual basis for religious reasons from the Arkansas Department of Health.<sup>4</sup> To continue such exemptions, they must be renewed at the beginning of each school year. A child enrolling in a district school and living in the household of a person on active military duty has 30 days to receive his/her initial required immunizations and 12 months to be up to date on the required immunizations for the student's age.

A student enrolled in the District who has an immunization exemption may be removed from school during an outbreak of the disease for which the student is not vaccinated at the discretion of the Arkansas Department of Health. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

#### **Uniformed Services Member's Children**

For the purposes of this policy,

"active duty"<sup>5</sup> members of the uniformed services" includes members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. Section 1209 and 1211;

"uniformed services"<sup>5</sup> means the Army, Navy, Air Force, Marine Corps, Coast Guard as well as the Commissioned Corps of the National Oceanic and Atmospheric Administration, and Public Health Services;

"veteran" means: a person who served in the uniformed services and who was discharged or released there from under conditions other than dishonorable.

This policy applies to children of: active duty members of the uniformed services; members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

An eligible child as defined in this policy shall:

- be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
- be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
- enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
- be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
- be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
- make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
- be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
- be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

## **4.2—ENTRANCE REQUIREMENTS—DHS**

### **ENROLLMENT**

For enrollment in Dierks High School, a student must meet resident requirements. The student must also provide proof of age, a social security number (or a district assigned 9-digit number) and provide current enrollment status with the school previously attended. Documents required for enrollment can consist of one or more of the following: birth certificate, registrar statement, baptismal certificate, passport, affidavit, military ID, or previous school records. If a student attempts enrollment at Dierks High School and has been expelled from his/her previous school for any reason, he/she will not be allowed to attend Dierks High School until that expulsion time expires. A hearing may be allowed for students attempting to enroll that have been expelled from their previous school for weapon possession. Current immunization records must also be provided.

Any student transferring to Dierks High School from a school accredited by the Department of Education shall be placed in the same grade the student would have been in had the student remained at the former school.

Any student transferring to Dierks High School from home school or a school that is not accredited by the Department of Education shall be evaluated by the staff of Dierks High School to determine that student's proper placement. This evaluation may include, but is not limited to educational testing.

## **4.3—COMPULSORY ATTENDANCE REQUIREMENTS**

Every parent, guardian, or other person having custody or charge of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1—RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions.

1. The child is enrolled in private or parochial school.
2. The child is being homeschooled and the conditions of policy (4.6—HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, guardian, or other person having custody or charge of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Department of Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

#### **4.3—COMPULSORY ATTENDANCE REQUIREMENTS~DHS**

##### **Compulsory Attendance Requirements**

The school district will provide the opportunity for each child ages five (5) on or before August 1, to enroll in an accredited school. Each student is required to be enrolled in kindergarten at age five (5) by a parent or guardian. Any six (6) year old child who has not completed a kindergarten program prior to public school enrollment, shall be evaluated by the school district to determine whether placement for the child shall be in kindergarten or the first grade.

A birth certificate or other documents listed below shall be required verifying that a child is five (5) years of age on or before August 1 of the year the child enters kindergarten. Act 462 has changed the dates of enrollment for the upcoming school year. For the school year 2012-2013 any student may enter kindergarten if he or she will attain the age of five years on or before August 1. Materials that may be used to register students include: birth certificate, registrar statement, baptismal certificate, passport, affidavit, military ID, or previous school records.

Immunization records - rules and regulations of the Arkansas State Board of Health - requires the school personnel to refuse admittance to children who do not have adequate immunization records.

All children between the ages of five (5) and through seventeen (17), both inclusive, shall attend school (Act 60 of 1983).

Exceptions-children mentally or physically handicapped (ages 5- 21 inclusive) who require separate schooling or other removal of handicapped children from the regular educational environment shall occur only when, and to the extent that, the nature of the severity of the handicap is such that education in regular classes, even with the use of supplementary aids and services, cannot be accomplished satisfactorily. (Act 102, 1973, as amended in 1975).

#### **4.4—STUDENT TRANSFERS**

**The Dierks School** District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.<sup>1</sup>

The District may reject a non resident's application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school.<sup>2</sup> The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school.

Any student transferring from a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

The Board of Education reserves the right, after a hearing before the Board, not to allow any person who has been expelled from another district to enroll as a student until the time of the person's expulsion has expired.

Except as otherwise required or permitted by law,<sup>3</sup> the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both

#### 4.4 SCHOOL TRANSFERS—DHS

The Dierks School District will not grant transfers in or out of the district after September 15 of the fall semester and January 15 of the spring semester..

### 4.5—SCHOOL CHOICE

#### **Standard School Choice**

##### **Exemption**

The District is under an enforceable desegregation court order/court-approved desegregation plan<sup>1</sup> that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Arkansas Department of Education (ADE).<sup>2</sup> As a result of the desegregation order/desegregation plan<sup>1</sup>, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act of 2004 (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption.<sup>3</sup> The exemption prohibits the District from accepting any

school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.<sup>4</sup>

### **Definition**

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

### **Transfers into the District**

#### **Capacity Determination and Public Pronouncement**

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.<sup>5</sup>

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline and the requirements and procedures for participation in the program. Such pronouncements shall be made in the spring, but in no case later than March 1.<sup>6</sup>

#### **Application Process**

The student's parent shall submit a school choice application on a form approved by ADE to this District. The transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications as they are received in the District's central office. It is the District's responsibility to send a copy of the application that includes the date and time stamp to the student's resident district within ten (10) days of the District receiving the application.<sup>7</sup> Applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

#### **Accepted Applications**

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the

student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.<sup>8</sup>

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who either fails to initially enroll under the timelines and provisions provided in this policy; who chooses to return to his/her resident district; or who enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

### **Rejected Applications**

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.<sup>9</sup>

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

### **Transfers Out of the District**

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 15 of the immediately preceding year. By December 15 of each year, ADE shall determine and notify the District of the net number of allowable choice transfers. **For the purpose of determining the three percent (3%) cap, siblings are counted as one student, and students** **Students** **are not counted for the purpose of determining the three percent (3%) cap** if the student transfers from a school or district in:

- Academic Distress or classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Facilities Distress under A.C.A. § 6-21-812; or
- Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.<sup>10</sup>

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District,, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

### **Facilities Distress School Choice Applications**

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences.

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

### **Opportunity School Choice**

#### **Transfers Into or Within the District<sup>11</sup>**

For the purposes of this section of the policy, a "lack of capacity"<sup>12</sup> is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the ADE Rules for the Standards of Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity<sup>12</sup> at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student who is enrolled in or assigned to a school classified by the ADE to be in academic distress or in a district classified by ADE as in need of Level 5 Intensive Support is eligible to transfer to the school closest to the student's legal residence that is not in academic distress or in a district classified as in need of Level 5 Intensive Support. The student's parent or guardian, or the student if over the age of eighteen (18), must successfully complete the necessary application process by July 30 preceding the initial year of desired enrollment.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection.<sup>13</sup> A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's enrollment under Opportunity School Choice is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.<sup>14</sup>

### **Transfers out of, or within, the District<sup>11</sup>**

If a District school has been classified by the ADE as being in academic distress or the District has been classified by ADE as in need of Level 5 Intensive Support, the District shall timely notify the parent, guardian, or student, if the student is over eighteen (18) years of age, as soon as practicable after the academic distress or in need of Level 5 Intensive Support designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen(18) years of age, an opportunity to enroll the student in any public school or school district that has not been classified by the ADE as a public school in academic distress or school district in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.<sup>15</sup>

### **Unsafe School Choice Program**

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by ADE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

## **4.6—HOME SCHOOLING**

### **Enrollment in Home School**

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to homeschool. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to homeschool shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by email;
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement if the home-school student plans to seek a driver's license during the current school year;
- g. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to homeschool; and
- h. A signature of the parent or legal guardian, which must be notarized if the home-schooled student plans to seek a driver's license during the school year.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

#### **Enrollment or Re-Enrollment in Public School**

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
  - Curricula used in the home school;
  - Tests taken and lessons completed by the home-schooled student; and
  - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-

schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a homeschool:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

#### 4.6—HOME SCHOOLING~DHS

##### **HOMESCHOOLING/STUDENTS TRANSFERRING IN FROM A NON-ACCREDITED SCHOOL**

Students who enter Dierks Public Schools from non-accredited schools or have been schooled at home will be given a test such as Star Math and Star Reading assessments to establish grade level. These students will not be eligible to be ranked because of unavailable grades. Therefore, these students will be ineligible to qualify for honor graduate status if they transfer in after their 8<sup>th</sup> grade year. A student requesting course credit for a specific course offered in grades 9-12 will be tested for that specific course. (For example: A student requesting credit in algebra one will be given a test covering the course objectives for algebra one.) A score of 70% or higher will be required to receive “credit” for the course.

Act 400 of 1997 requires parents to register as home-schoolers only once a year with the superintendent of their resident district, and they may withdraw a student from school mid year or anytime during the year and register to provide a home school then.

Home-schoolers will be tested on the same schedule as public school students and the test will be administered by education service cooperatives; financial responsibility for the testing will be assumed by the Department of Education.

Students who re-enroll in local school districts must attend classes for at least nine months to be eligible to receive a diploma.

#### 4.7—ABSENCES

If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

##### **Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.<sup>1</sup>

2. Death or serious illness in their immediate family;<sup>2</sup>

3. Observance of recognized holidays observed by the student's faith;

4. Attendance at an appointment with a government agency;

5. Attendance at a medical appointment;

6. Exceptional circumstances with prior approval of the principal; or

7. Participation in an FFA, FHA, or 4-H sanctioned activity;

8. Participation in the election poll workers program for high school students.

9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.

10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.<sup>3</sup>

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

### **Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent or legal guardian, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with *(insert number)*<sup>4</sup> unexcused absences in a course in a semester shall not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has *(insert number equal to 1/2 above number)*<sup>4</sup> unexcused absences, his/her parents, guardians, or persons in loco parentis shall be notified<sup>5</sup>. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds *(same number as 4)* unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or

district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.<sup>6</sup>

Students who attend in-school suspension shall not be counted absent for those days.<sup>7</sup>

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.<sup>7</sup>

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

## **4.7—ABSENCES—DHS**

### **High School Attendance**

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. #### **Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement within 5 school days to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.

The absences below will be categorized as "excused other" and will not counted in determining semester test exemptions or extracurricular activity participation. Proper documentation for the these absences must be submitted to principal's office within five (5) school days as well.

2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;

4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal; or
7. Participation in an FFA, FHA, or 4-H sanctioned activity;
8. Participation in the election poll workers program for high school students.

9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

### **Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent or legal guardian shall be considered as unexcused absences. No more than 6 of the allowed absences per semester can be unexcused. Students with 6 unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has 3 unexcused absences, his/her parents, guardians, or persons in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds 6 unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, guardian, or persons in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, guardian, or person in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent, guardian, or person in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences but will not count in the total for loss of credit. These days will be excluded from makeup work privileges.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

Applicants for an instruction permit or for a driver's license by persons less than eighteen (18) years old on October 1 of any year are required to provide proof of a high school diploma or enrollment and regular attendance in an adult education program or a public, private, or parochial school prior to receiving an instruction permit. To be issued a driver's license, a student enrolled in school shall present proof of a "C" average for the previous semester or similar equivalent grading period for which grades are reported as part of the student's permanent record.

### **ABSENCES AND EXTRA CURRICULAR ACTIVITIES**

Students must be present one half day on the day of an activity and in attendance (not tardy) the following day if the next day is the regular scheduled school day. Students that are absent or late two times will be subject to discipline actions, which may include disqualification from participation in the next activity. The principal may grant an exception for some types of absences that may be beyond the control of the student.

Students must meet with teachers the day before they leave for a school sponsored activity to get assignments, which will be due the day following the event, or as required by the teacher.

Teachers and coaches must give other teachers and coaches at least two (2) days' notice when their students will be gone on a school trip or event. They must include a list of the names of all students who will be going on the trip and the dates the students will be gone. This information will be submitted for inclusion in the bulletin two (2) school days prior to the event. This will give teachers time to make copies of the work the students will need to take with them.

Students cannot participate in any extracurricular activity once they have exceeded their 8<sup>th</sup> absence in any one class period. Their also must be no violation of a contractual agreement between administrator, student, and parent/guardian/or person in loco parentis.

#### **4.8—MAKE-UP WORK**

Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules.<sup>1</sup>

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.<sup>2</sup>
2. Teachers are responsible for providing the missed assignments when asked by a returning student.<sup>2</sup>
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.<sup>2</sup>
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.<sup>3</sup>

6. Make-up work which is not turned in within the make-up schedule for that assignment shall receive a zero.<sup>4</sup>
7. Students are responsible for turning in their make-up work without the teacher having to ask for it.<sup>2</sup>

9. As required/permitted by the student's Individual Education Program or 504 Plan.

Work may not be made up for credit for absences in excess of the number of allowable absences in a semester **unless** the absences are part of a signed agreement as permitted by policy 4.7—**ABSENCES**.

#### 4.8—MAKE-UP WORK~DHS

##### MAKE-UP WORK

2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.

7. Students are responsible for turning in their make-up work without the teacher having to ask for it.
8. Students who are absent on the day of a scheduled test, scheduled assignment or make-up work is due, must make up the test, and must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.

Work may not be made up for credit for unexcused absences. Out-of-school suspensions are unexcused absences.

#### 4.9—TARDIES

Promptness is an important character trait that District staff are encouraged to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students

who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

#### **4.9—TARDIES-DHS**

##### **Tardiness Policy**

Almost all tardiness is unnecessary. However, we would prefer to have a pupil tardy rather than absent. A student coming in late in the morning or afternoon must report to the office for an admit slip. If a student is absent more than 10 minutes from a class, they will be considered absent for the entire period.

Students who are tardy to first period will go to the office for an admit slip. They will be assigned a day of detention from the office. Those students who are not in their rooms when the tardy bell rings for all other periods will be turned into the office by the teacher as tardy and assigned to detention by the teacher. If a student is absent more than 10 minutes from class, he/she will be considered absent for the entire period. Tardies will be maintained in the office on a semester basis. The teacher will assign the detention to the students for tardies for all periods except for first period.

#### **4.10—CLOSED CAMPUS**

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

#### **4.10—CLOSED CAMPUS-DHS**

##### **CLOSED CAMPUS**

Students in the Dierks School District shall not leave school premises while school is in session, unless granted permission by the principal, or the superintendent when the principal is not available. Parents must follow the proper checkout procedure.

In case it is necessary to dismiss pupils early, teachers should notify the students at least a day ahead, if possible. Primary pupils should take a note to their parent. Students can be dismissed early only by the superintendent or principal. Teachers should not send the child off the school ground on errands.

In order for a student to check out during their lunch period, their parent or gardian must come to the office to sign them out. Any student who checks out for the lunch period without a parent's consent will be considered truant. If the student that checks out is tardy for fifth period, he/she will be assigned 1 day of ISS on the first offense. The second offense will be assigned 2 days of ISS.

#### **4.11—EQUAL EDUCATIONAL OPPORTUNITY**

No student in the Dierks School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

#### **4.11—EQUAL EDUCATIONAL OPPORTUNITY~DHS**

##### **TITLE IX**

In June 1972, Congress passed Title IX of the Education Amendments, a law which affects virtually every educational institution in the country. The law prohibits discrimination by sex in educational programs that receive federal funds.

The law states in that "no person in the United States shall on the basis of sex be excluded from participating in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving federal assistance...

Male and female students must be eligible for benefits, services and financial aid without discrimination on the basis of sex.

There should be a person designated as the grievance officer for Title IX. For Dierks Public Schools, the grievance officer is Jody Cowart, Superintendent..

#### **4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS**

Non Curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non instructional time;
4. Employees or agents of the school are present at religious meetings only in a non participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non School persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the wellbeing of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program.

#### **4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS~DHS**

##### **DIERKS HIGH SCHOOL STUDENT ORGANIZATIONS**

There are presently no state or federal laws which prohibit student organizations at the elementary or secondary level. Students have the right to join an existing club and should not be restricted for membership on the basis of race, sex, national origin or other arbitrary criteria.

Students may, however, be restricted to membership on the basis of their sex, but only if the organization is entitled to Title IX exemption under the Bayh Amendment. This Amendment gives exemption to organizations that are: (1) voluntary youth service organizations, (2) tax exempt under Section 501(a) of the 1954 Internal Revenue Code (religious and charitable organizations), (3) single sex by tradition, or (4) principally composed of members under the age of 19. School fraternities and secret societies are banned in Arkansas Public School - Act 171, 1929.

The student activity program is determined by the needs and interest of the students. Clubs may be formed by students with a common, worthwhile interest, provided the following regulations are met:

1. The club must be approved by the school principal and the Student Council.
2. No club can be organized which seeks to take members on the decision of its membership rather than upon the free choice of any pupil in the school who is qualified by the rules of the school to fill the special aims of the organization.
3. A member of the faculty of the school to be approved by the principal must be designated as sponsor of the club.
4. Regular meetings of the club shall be held at the school building. Meeting elsewhere must be approved by the principal.
5. The current membership list of the club must be furnished promptly to the principal, and the principal shall be notified promptly of all changes in membership.
6. Only bona fide pupils enrolled in the school shall become members of the club; graduation and withdrawal from school will terminate membership therein.
7. All club activities shall be suspended during the summer vacation period when school is not in session.
8. The club shall refrain from rushing, pledging, possessing passwords, or secret forms and rituals.

Activities and club meetings will be listed on the weekly calendar and will be mentioned during the morning announcements. All activities and meetings must be approved by the principal and placed on the Dierks High School activity calendar located in the principal's office at the high school.

Club meetings are scheduled on a rotating basis. The school will operate a special activities schedule on Wednesday of each week. Meetings are held as scheduled by the principal. Fund raising projects must be approved and scheduled through the principal; fund raisers will be limited to one per year for each organization. (Exemption: The Sophomore/Junior class may have additional fundraisers as needed to fund the Junior/Senior Banquet.

### **OFFICERS**

The term "office" is interpreted to mean any position of honor to which a student is elected by members of the student body. A student is limited to holding one major office and two minor offices. "Main office" is defined as president. "Minor office" is defined as any other elected position.

### **QUALIFICATIONS FOR HOLDING OFFICE**

It is in the best interest of Dierks High School to have as office holders, only those students who are of satisfactory scholarship ability and strong moral character. Any person nominated for any office of a club or

organization, must possess the following qualifications: (a) He/she will be carrying at least four (4) solid units of work, with a "C" average for the preceding semester and the current semester and shall not have failed any subjects. (b) His/her conduct as approved by the office, must be satisfactory of the preceding semester and the current semester. The school administration may remove any officer from his/her elected position for disciplinary reasons.

### **ELECTIONS**

Elections shall be scheduled as follows:

Student Council Officers - Not later than four (4) weeks prior to the end of the spring semester.

Junior and Senior Class - Not later than two (2) weeks prior to the end of the spring semester.

All other Class Officers - Not later than four (4) weeks after the beginning of the fall semester.

Elections are to be held by secret ballot. All membership dues must be paid to be eligible for voting.

### **STUDENT COUNCIL**

The Student Council is the governing body of the student government. Operating within its constitution, it serves as a forum for the free expression of student opinion and as a channel of cooperation between faculty and students. Other functions are: to unify the school and its various organizations; to assist in the development of

the school; to promote self-discipline; to encourage thoughtful observation of school regulations on the part of the student body; to initiate regulations on the part of the student body; to initiate and carry out all projects which will benefit the school as a whole; and to encourage interschool relations.

### **FUTURE FARMERS OF AMERICA**

The purposes of the band are many, but generally and briefly they are:

1. To provide the students a basic knowledge and appreciation of music; therefore, providing a medium through which they may learn self-expression.
2. To help educate the student physically, mentally, emotionally and socially.
3. Any student in Dierks High School may become a member of the band if he/she desires.

#### 4.13—PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days<sup>1</sup> of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (hereinafter "PII") from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or

other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.<sup>2</sup>

For purposes of this policy, the Dierks School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.<sup>3</sup>

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements.<sup>4</sup> "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance,<sup>5</sup> his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a

specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.<sup>6</sup>

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

Family Policy Compliance Office  
U.S. Department of Education

#### **4.13—PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION~DHS**

##### **STUDENT RECORDS - NOTICE OF PRIVACY RIGHTS**

Student records are records which are directly related to a student and are maintained by the school. This data may be recorded in any medium, but limited to handwriting, print, tapes, film, name, address, telephone number, date of birth, ability data, achievement data, health information, attendance information and "directory information".

Student records do not include records of instructional, supervisory and educational personnel which are accessible to only the maker of these records and his/her substitute.

The term "parent" includes a parent, a guardian, or an individual acting as a parent of a student in the absence of a parent.

The intent of this policy is to establish procedures for granting request of eligible persons to have access to records, the proper use of this data, and facilitate their transmittal within a time period of not more than forty-five (45) days.

The student's parent or an eligible student (18 years of age or older) may obtain a copy of this policy in the office of the Superintendent of Schools at Missouri Avenue, Dierks, Arkansas.

The district will limit the disclosure of information contained in a student's educational records except: (a) by the prior written consent of the student's parent or the student's parent or the eligible student, (b) as directory information, or (c) under certain limited circumstances, as permitted by law.

##### **RESPONSIBILITY FOR RECORDS**

The building principal for each school shall have the responsibility for the proper maintenance and use of student records as described in the policy and the laws of the State of Arkansas and U.S. Department of Education regulations.

Any person not presently in attendance at this school and wishing to review student records, should make their request in writing to the principal of the building last attended.

## **ACCESS TO STUDENT RECORDS**

The parent, as previously defined, will have access to these records, upon written request to the principal maintaining these records within the school system. Those eligible persons will, upon written request, have the opportunity to receive an interpretation of those records, have the right to question the data, and if a difference of opinion is noted they shall be permitted to file a letter in said record stating his/her position. If further challenge is made to the record, the normal appeal procedures established by the school policy will be followed.

School personnel having access to those data are defined as any person or persons under contract to the district and directly involved in working toward either the affective or cognitive goals of the district "and has an approved need to know".

Eligible persons have the right to obtain copies of student records where failure to provide the copies would effectively prevent them from exercising the right to inspect and review the educational records.

Either parent will have the access to student records unless the district has been provided evidence that there is a court order restricting parental access,

Each request for disclosure of personally identifiable information shall contain as minimum the following: (a) The date to be released; (b) The purpose for the disclosure, (C) To whom the disclosure is to be made; (d) The date of the disclosure, and (e) The signature of the parent or eligible student.

Upon request by the authorizing person, the school shall provide a copy of the record which is disclosed to the parent of the student or the eligible student if so requested by the student's parents. This request will be filed and become a part of the student's record.

## **RELEASE OF STUDENT DIRECTORY INFORMATION**

Prior consent for the release of personally identifiable information is not required for the following:

1. To the parent of a student who is not an eligible student or the student if he/she is eligible.
2. To other school personnel as described in the above-statement of this policy.
3. To officials of another school system in which the student intends to enroll upon the request from the said school. Upon request, a copy of those records will be made available to the eligible party and the procedures for a hearing will be explained if needed.

6. To state and local officials or authorities to whom information is specifically required to be reported or disclosed pursuant to state statute adopted prior to November 19, 1974.
7. To organizations conducting studies for this district for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction.
8. To accrediting agencies.
9. To parents of dependent student(s), as defined in Section 152 of the Internal Revenue Code of 1954.
10. To comply with a judicial order of lawfully issued subpoena; provided the person(s) responsible for the release of information makes a reasonable effort to notify the parent of the student or the eligible student of the order or subpoena in advance of compliance.

### **PROCESS FOR MODIFICATION OF STUDENT RECORDS**

Should the parents or guardian, upon review of their child's school records, find what they believe to be inappropriate, misleading or inaccurate information contained therein, the following course of action may be taken:

1. The parent may ask for a conference with the building principal in charge.
2. The parent should be able to furnish documented evidence that the records are in error.
3. Communication and interaction by those parties involved, inclusive but not limited, to the teaching staff should take place.
4. Upon presentation and study of all facts and evidences by both parents and staff, a recommendation for change, deletions or additions will be drafted and presented to the superintendent of schools.

Dierks High School will also publish honor roll information in the area newspapers to recognize student performance.

If you do not wish for Dierks High School to release your student's names and addresses (jrs and srs only) to the military and/or you do not want your student's name published in an honor roll, send a note to the principal's office indicating your request and we will honor it.

Any parent or student who does not want to have the student identified as an honor student, valedictorian, or salutatorian of his/her graduating class shall submit a written request to the principal of the school requesting that the student not be identified. (Act 390 of the Regular Session, 2005)

## **4.14—STUDENT PUBLICATIONS AND THE DISTRIBUTION OF LITERATURE**

## **Student Publications**

All publications that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored publications. School publications do not provide a forum for public expression. Such publications, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial control of the District's administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations.

1. Advertising may be accepted for publications that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.

4. Prohibited publications include:

## **Student Distribution of Nonschool Literature, Publications, and Materials**

A student or group of students who distribute ten (10) or fewer copies of the same non school literature, publications, or materials (hereinafter "non school materials"), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly educational environment. A student or group of students wishing to distribute more than ten (10) copies of non school materials<sup>1</sup> shall have school authorities<sup>2</sup> review their non school materials at least three (3) school days<sup>3</sup> in advance of their desired time of dissemination. School authorities shall review the non school

materials, prior to their distribution and will bar from distribution those non school materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution.<sup>4</sup> Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non school materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non school materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur<sup>5</sup>; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.<sup>6</sup>

The Superintendent, along with the student publications advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and timelines for the review of materials.

#### **4.14—STUDENT PUBLICATIONS AND THE DISTRIBUTION OF LITERATURE~DHS**

##### **DISTRIBUTION OF LITERATURE**

Students have a right to distribute and possess literature including, but not limited to, newspapers, magazines, leaflets and pamphlets. Copies found to cause substantial disruption of school activities may be prohibited. The principal must initial materials to be distributed.

##### **SCHOOL PUBLICATIONS**

The yearbook is prepared by the yearbook staff for commercial printing.

All orders must be placed by the announced deadline. Books are usually distributed in August.

##### **UNOFFICIAL PUBLICATIONS**

Students are entitled to express in writing their personal opinions. The distribution of handwritten, duplicated or printed material on school premises must be with the prior consent of the principal and may not interfere with or disrupt the educational process. Written expressions which are distributed must be signed by the authors.

Students who edit, publish or distribute handwritten, printed or duplicated matter among their fellow students within the school, must assume responsibility for the content of such publications.

Libelous and obscene matter and personal attacks are prohibited in all publications.

#### **4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL**

##### **CONTACT BY PARENTS**

Parents wishing to speak to their children during the school day shall register first with the office.

##### **CONTACT BY NON-CUSTODIAL PARENTS**

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and noncustodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

##### **CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER**

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release

of the student, the principal or designee shall give the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a

message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

#### 4.16—STUDENT VISITORS

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

#### 4.16—STUDENT VISITORS~DHS

##### VISITORS ON CAMPUS

Parents, guardians and authorized adult visitors are welcome to visit the campus at any time. Non-adult visitors are not allowed.

All visitors should stop by the principal's office when visiting the school campus.

Unauthorized visitors will be asked to leave the campus. If said person or persons continue on campus or insist on coming back onto campus after they have been asked to leave, the person's name will be given to some type of law enforcement officer.

**NOTE: Act 75-HB 78 passed by the Arkansas State Legislature, 1971, makes loitering on or near school grounds during school hours, or loitering at sponsored activities such as ball games, or dances, without lawful purpose a misdemeanor, subject to a fine of \$50.00 to \$250.00; defines loitering as used in ACT to mean lingering on or within 100 feet of public school grounds unless on own property or on way to destination or transacting lawful business near school or at school.**

Parents or visitors will not be allowed in the classroom unless they receive permission from the principal's office. Each teacher may reserve the right to refuse admittance to any visitor who interferes with normal class instruction.

Insurance salesmen may contact teachers only after school or during a teacher's conference time. A designated place will be available for these meetings.

Class time lost due to ordering/sales of class rings, invitations, caps and gowns, and pictures will be kept to an absolute minimum. Whenever possible, these will be scheduled at some time other than regular school hours.

#### 4.17—STUDENT DISCIPLINE

The Dierks Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school sponsored function, activity, or event; going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or

endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The District's licensed personnel policy committee shall review the student discipline policies annually and may recommend changes in the policies to the Dierks School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

#### **4.18—PROHIBITED CONDUCT**

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following:

#### **4.18—PROHIBITED CONDUCT~DHS**

### **DIERKS PUBLIC SCHOOL DISTRICT CONDUCT AND DISCIPLINE**

#### **INTRODUCTION:**

This portion of your handbook has been prepared for the purpose of outlining to you the expectations of Dierks School District in regard to student conduct.

The District recognized that students are guaranteed full rights of citizenship by the United States Constitution and these rights may not be denied except in accordance with due process of law. The District further recognized that with these rights there are responsibilities which are designed to help all participants acquire the full benefits of the educational program regardless of race, sex, creed or national origin.

It is impossible to list in this handbook all of the rules and guidelines for students and staff use. Therefore, the contents of this handbook should not be construed to limit or deny your rights and responsibilities on your own campus as a member of the student body or as a citizen, neither should be construed limiting or denying the school administration right and responsibility to develop such necessary rules and regulations that are not inconsistent with federal and state laws and Board of Education policies and regulations.

Each student will receive a copy of the policy handbook and will be required to sign a statement of receipt.

### **WHO IS RESPONSIBLE FOR STUDENT CONDUCT**

Freedom is a constitutional right but it does not mean the absence of reasonable rules and regulations which serve to guide the actions of individuals. Along with freedom comes the responsibility to act in such a manner as to insure that all participants may enjoy the same freedom. To obtain the greatest benefit to the students, teachers, administrators, parents, Board of Education and the entire community, it is essential that all work together to insure that all persons are treated equally and with dignity in respect to their rights and responsibilities.

#### **Students**

Students have the responsibility to pursue their education in the Dierks School District in a manner that shows respect for other students, faculty members, parents and other citizens. Students should be aware that they have a responsibility to cooperate with and assist the school staff in the orderly and efficient conduct of the schools by abiding by rules and regulations established by the Board of Education and implemented by teachers and school administrators. Each student is responsible for his/her own conduct at all times.

#### **Parents Or Guardians**

Parents and guardians are responsible for exercising the required controls so that their children's behavior at school will be conducive to their own progress and not disruptive to the school's educational program. They are responsible for alerting school personnel when they have reason to believe that their children are experiencing difficulties at school or at home, and that by actively soliciting the help of the school, behavior standards may be maintained.

#### **Teachers**

All teachers are responsible for the supervision of the behavior of all students in the school. This includes not only the students who are regularly assigned to the teacher, but all other students with whom the teacher comes in contact. Each teacher is expected to maintain the kind of atmosphere and decorum which will promote the learning process and to utilize sound techniques which seem appropriate. Those techniques include conferences with student and parents, referrals to counselor or referral to other supportive service personnel of the District. The teacher is authorized to administer corporal punishment according to guidelines established by District policy. When the teacher is unable to assist the student to maintain proper controls of his/her behavior, the student is to be referred to the principal. After the second out of class referral a parent conference must be scheduled before the student can return to class.

### **Principal**

The principal of the school is expected to disseminate to all students at the beginning of the year, and to each new student upon registration, the rules and regulations currently in effect. The principal is expected to inform the parents or guardian of any student whose behavior is in serious conflict with established laws, rules and procedures.

### **Superintendent**

The superintendent is responsible for exercising leadership in establishing all necessary procedures, rules and regulations to make effective the Board of Education policies relating to standards of student behavior.

### **Board Of Education**

The Board of Education of the Dierks School System, acting through the superintendent, holds all school employees responsible for the supervision of the behavior of the students while legally under the supervision of the school. The Board expects all employees to be concerned with student behavior and when and where unacceptable behavior occurs, to take appropriate action.

They will be assigned detention for being tardy.

### **STUDENT CONDUCT NOT PERMITTED**

Teachers are charged with the responsibility of supervising students and providing an orderly environment of learning. Teachers are responsible for student discipline in all sections of the school. The greatest number of problems confronted by a teacher are from those students whose behavior is mischievous, disconcerting, or disturbing and/or time consuming. The consequences for infractions which fall into this category will range from a warning for a first offense to teacher discipline for second and third offenses and finally a trip to the principal's office.

However, students sometimes engage in more serious behavior problems. The following activities are considered major infractions of proper conduct and will subject the student to disciplinary action including, but not limited to, suspension or expulsion from school and/or notification of law enforcement officials. The violation of a rule will occur whether the conduct takes place on the school ground at anytime, off the school grounds at a school supervised activity, function, or event, or enroute to and from school.

Below each rule is a standardized list of disciplinary actions to be taken. The administration may exercise more extreme action in severe situations or in situation where a student has been involved in other rule infractions. The concept of equity, as defined by the Arkansas Department of Education, recognizes that some students must receive differential treatment in order to achieve fairness within the educational system.

The underlying goal for a school district's disciplinary policies and procedures is to change inappropriate behavior into appropriate behavior and to assist the student in becoming responsible for, and able to control his/her own behavior. This may be accomplished through counseling and/or disciplinary measures.

Consequences will be chosen according to the severity of the infraction from consequences listed. The disciplinary action may include one or more of the consequences, not necessarily in the order listed. Consequences from least to greatest severity are as follows: Warning, Teacher Discipline, Detention, Parent Conferencing, Corporal Punishment, One to ten days ISS, One to ten days OSS, and Permanent Expulsion.

### **Disregard of Directions or Commands**

A student shall comply with reasonable directions or commands of teachers, student teachers, substitute teachers, teachers' aides, principals, drivers or other authorized school personnel. This includes non-certified staff and volunteers.

10. If you must cross the road after leaving the bus, go to a point on the shoulder of the road ten feet in front of the bus. Cross the road only after the driver or student patrol has signaled you to do so.

Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. #### **4.21—STUDENT ASSAULT OR BATTERY**

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

#### **4.22—WEAPONS AND DANGEROUS INSTRUMENTS**

No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are excepted.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, numchucks, pepper spray or other noxious spray, explosive, or any other instrument or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student's body or in an area under his/her control. If, prior to any questioning or search by any school personnel, a student discovers that he/she has accidentally brought a weapon, other than a firearm, to school including a weapon, other than a firearm, that is in a vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.<sup>1</sup> Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property.<sup>2</sup> Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

#### **4.24—DRUGS AND ALCOHOL**

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Dierks School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. Failure to complete the alcohol/drug counseling may be grounds for expulsion.

##### **Selling or transfer of any prescription medication, diet pill or over-the-counter medication.**

Students shall not sell or transfer (give) any prescription medication, diet pill, or over-the-counter medication to any other student.

#### **4.25—STUDENT DRESS AND GROOMING**

The Dierks Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

#### **4.25—STUDENT DRESS AND GROOMING~DHS**

Shorts are discouraged; however, shorts and skirts are acceptable as long as the hem is no shorter than four (4) inches from the bend of the knee. This includes jeans with holes in them above the appropriate 4 inch length for shorts. This policy is effective for school and for school-sponsored events.

#### **4.26—GANGS AND GANG ACTIVITY**

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. #### **4.27—STUDENT SEXUAL HARASSMENT**

The Dierks School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District's written grievance procedures for complaints of sexual harassment;<sup>1</sup> that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without

fear of adverse consequences; the redress that is available to the victim of sexual harassment;<sup>2</sup> and the potential discipline for perpetrating sexual harassment.

“Sexual harassment” means conduct that is:

1. Of a sexual nature, including, but not limited to:
  - a. Sexual advances;
  - b. Requests for sexual favors;
  - c. Sexual violence; or
  - d. Other personally offensive verbal, visual, or physical conduct of a sexual nature;
2. Unwelcome; and

  - b. Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
  - c. Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature that has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;

- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will provide assistance on the complaint process. Under no

circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

Complaints will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to: individuals who are responsible for handling the District's investigation to the extent necessary to complete a thorough investigation; the extent necessary to submit a report to the child maltreatment hotline; the Professional Licensure Standards Board for complaints alleging sexual harassment by an employee towards a student; or the extent necessary to provide the individual accused in the complaint due process during the investigation and disciplinary processes. Individuals who file a complaint have the right to request that the individual accused of sexual harassment not be informed of the name of the accuser; however, individuals should be aware that making such a request may substantially limit the District's ability to investigate the complaint and may make it impossible for the District to discipline the accused.<sup>3</sup>

Students, or the parents/legal guardians/ other responsible adult of a student, who file a complaint of sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats, intimidation, coercion, or discrimination. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who filed the complaint:

- The final determination of the investigation;
- Remedies the District will make available to the student; and
- The sanctions, if any, imposed on the alleged harasser relevant to the student.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following an investigation, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

## **4.29—INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY~DHS**

### **Technology Acceptable Use Policy**

The Dierks School District believes that technology is a tool for lifelong learning, and that access to Local Area Network (LAN) and Wide Area Network (WAN) is one of the resources that promote educational and organizational excellence. We believe the responsible use of network resources will propel today's schools into the information age allowing students and staff to significantly expand their knowledge by accessing and using information resources, and by analyzing, collaborating and publishing information.

Students and staff should use network resources in a responsible, efficient, ethical and legal manner in accordance with the mission of Dierks School District. The use of technology is a privilege, not a right, which may be revoked at any time for inappropriate behavior. Users assume responsibility for understanding the policy and guidelines as a condition of using available technology. Staff members are accountable to teach and use technology responsibly. Use of technology resources that are inconsistent with this policy may result in loss of

access as well as other disciplinary or legal action. This will be at the discretion of the faculty and the administration of the Dierks School District.

### **Network Access**

The following individuals are authorized to use the Dierks Public School Network (including, but not limited to e-mail and internet):

0. Dierks School employees are issued an individual network account.
1. High School students at Dierks High School (grades 7-12) may be issued an account with email and internet privileges upon return of a contract signed by parent and student. This will depend upon the class and instructor.
2. Seventh and eighth grade students are issued network accounts without internet and email access.
3. Elementary students have access to the school network only under their teacher's direct supervision using a classroom account. Individual elementary students will be issued an account upon the discretion of the teachers and the administration.
4. Others may be issued Guest Accounts based on their need for doing network business. (Examples of such accounts would be adult education classes and college students needing to do research.)

### **Acceptable Internet Use Guidelines**

Staff members are expected to teach responsible use to students when students are accessing the Internet and to provide guidance and supervision of students using the Internet in the following ways:

- \* Teachers and other supervising adults will discuss the appropriate use of technology resources with their students, monitor their use, and intervene if the resource is not being used appropriately.

Computers that allow access to the Internet should only be placed in areas where adults are present.

Content filtering is provided by the state to help limit access to inappropriate material. Even with filtering, it is possible that students may find materials on the Internet that parents consider objectionable. Although students may be supervised when they use the Internet, this does not guarantee that students will not access inappropriate materials. District guidelines for accessing the Internet prohibit access to materials that is inappropriate access of materials to a teacher, other staff persons or their parents. Parents are encouraged to discuss responsible use of the Internet with their children and how this responsibility includes using the Internet at school, as well as from home.

### **Unacceptable Use**

The following uses of technology are unacceptable and may result in suspension or revocation of network privileges. Unacceptable use is defined to include, but not be limited to, the following:

- \* Violation of School Board Policy, District Administrative Rules, or any provision in the Student Handbook.

System administrators may investigate complaints regarding email that may contain inappropriate or illegal material.

### **Web Content**

The content on the Dierks School District website shall be consistent with its purpose of supporting and enhancing learning and teaching that prepares students for success. Dierks' website includes information about the district and functions as a communication tool.

Staff members who publish pages on Dierks School District's website should use criteria appropriate to selecting material that enriches the learning environment. In addition to applying the principles used to establish a rich educational environment, web page content should be designed to reflect the following criteria.

- \* Authority
- \* Accuracy
- \* Objectively
- \* Currency
- \* coverage

### **Internet Privacy Protections and Considerations for Students**

The school district has an obligation to protect student safety and to balance this with the need for open communications when using the Internet. There are documented instances of students being inappropriately identified via the Internet and thereby becoming subjected to unhealthy situations or unwelcome communications.

The purpose of these guidelines is:

0. To inform school staff of the possible dangers of allowing students to publish identifying information on the Internet.

1. To recognize that there are potential advantages of allowing students to publish identifying information on the Internet.
2. To provide to schools a recommended set of guidelines governing how student identifying should be allowed in publishing on the internet.

It is clear that there are significant risks, as well as significant advantages, involved with allowing students to be identified on the Internet. Therefore, students should not be easily identifiable from materials they might publish on the Internet.

### **Guidelines**

- \* Only first name shall be used in published student work.
- \* Pictures that are a part of student publishing should not include identifying information.
- \* Under no circumstances should a student's home address or phone number be included.
- \* If replies to published student work are appropriate, the sponsoring teacher's address should be the email address displayed, not the student's.
- \* In special circumstances with parent-signed release, identifying information can be added.

**Guidelines:** To make this determination the submitting high school students and the supervising staff member must carefully weigh the potential for risk against the perceived advantage of posting this identifying information. Students are required to seek guidance and approval from school staff and are encouraged to involve parents in instances where there is uncertainty before posting identifying information.

### **Copyright and Plagiarism**

Adherence to federal copyright law is required in both the print and the electronic environments. All users of the Dierks network are expected to adhere to the provision of Public Law 94-553 and subsequent federal legislation and guidelines related to the duplication and/or use of copyrighted materials. District guidelines permit copying specifically allowed by copyright law, fair use guidelines, license agreements or proprietor's permission. The following are not permitted:

Filtering will be provided for all Internet-enabled computers used by students, patrons, and staff.

Filtering will be disabled only for bona fide research or other lawful purposes.

Online activities of minors will be monitored for appropriate use.

Safe and secure use by minors of direct electronic communications (including e-mail, chat rooms, and instant messaging) will be monitored by staff and checked by filtering product.

Unauthorized online access, including "hacking" and other unlawful activities, is prohibited.

Unauthorized disclosure, use, and dissemination of personal identification information regarding minors is prohibited.

Educating minors about appropriate behavior, including interacting with other individuals on social networking websites and its chat rooms and cyberbullying awareness and response will be taught and enforced.

CONSEQUENCES - Loss of computer privileges for a period of time determined by the teacher, loss of computer privileges for a longer period of time determined by the suspension, 1-10 days of Out of School suspension, parent conference, loss of computer privileges for the remainder of the school term, loss of computer privileges for one year, expulsion.

### **4.30—SUSPENSION FROM SCHOOL**

Students not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,<sup>1</sup> including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5<sup>th</sup>) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

1. the student shall be given written notice or advised orally of the charges against him/her;

2. if the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. if the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's readmittance to class will be given to the parent(s), legal guardian(s), or to the student if age 18 or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), or to the student if age eighteen(18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the parents' or legal guardians' responsibility to provide current contact information to the district which the school shall use to immediately notify the parent or legal guardian upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:<sup>2</sup>

- A primary call number
  - The contact may be by voice, voice mail, or text message
- An email address
- A regular first class letter to the last known mailing address

The district shall keep a log of contacts attempted and made to the parent or legal guardian.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference.<sup>3</sup>

During the period of their suspension, students serving in-school suspension shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities.<sup>3</sup>

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

#### **4.30—SUSPENSION FROM SCHOOL~DHS**

##### **SUSPENSION AND EXPULSION**

###### **SUSPENSION PROCEDURE:**

0. A teacher may temporarily dismiss for disciplinary reasons any student from class.
1. The teacher shall, when feasible, accompany the student to the office of the principal or designee and shall, as soon as practical, file with the principal a written statement about the student's dismissal from class.
2. The principal or designee shall determine whether to reinstate the student in class, reassign his/her or take other disciplinary action.
3. The principal of any school or designee is authorized to suspend students from school for disciplinary reasons up to ten school days, including the day upon which the suspension was initially imposed.
4. Prior to such suspension, the principal or designee, shall inform the student either orally or in writing about the infraction.
5. If the student denies the charges, the principal shall explain to him/her the evidence that forms the basis of

- the charges and shall permit the student to present his/her side of the story.
6. When the principal considers that a suspension is proper, he/she shall send the student home with a suspension notice.
  7. Additionally, the parent will be mailed a copy of the suspension notice which shall include the reasons for the suspension, its duration, the manner in which the student may be readmitted to school, which shall include a student/parent/principal or designee conference, and the procedure for review of the suspension.
  8. When a student has been notified that he/she is suspended from school, he/she shall remain away from school premises until the principal or designee reinstates him/her, except that a suspended student may return to the school premises when accompanied by his/her parent or guardian for a student/parent/principal or designee conference. This includes all extra-curricular activities.
  9. The suspended student or his/her parent or guardian may request a hearing before the superintendent.
  10. The superintendent of schools or designee shall have the authority to revoke, terminate, or otherwise modify the suspension.
  11. Notwithstanding the policy concerning suspension and expulsion, students may be suspended indefinitely without notice, hearing and other rights provided herein having been first given if the process has otherwise been substantially disrupted. This would apply only in rare instances such as riots or where emergency circumstances make it unreasonable for the administration and board to consider the case within the usual time. In all such cases, notices, hearings and other rights shall be provided in accordance with the normal provisions at the earliest practical date after order is restored.

#### **4.31—EXPULSION**

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5<sup>th</sup>) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents or legal guardians (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days<sup>1</sup> following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property.<sup>2</sup> The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

#### **4.31—EXPULSION~DHS**

##### **EXPULSION PROCEDURE TO BE USED:**

0. The principal or designee may recommend that a student be expelled from school. A written recommendation to the superintendent shall include a statement of the charge against the student.
  1. If the superintendent concurs with the recommendation, he/she shall schedule a hearing before the school board.
  2. The school board may expel a student for more than 10 days, the remainder of the semester, for the remainder of the school year, or permanently for conduct it deems to be of such seriousness as to make a suspension inappropriate where it finds that the student's continued attendance at school would be unacceptable disruptive to the educational program or would be attended with unreasonable danger to the other students and faculty members.
  3. Permanent expulsion is appropriate only for those instances in which serious bodily harm occurred or reasonable could have been expected to occur to another person.
  4. The superintendent or designee shall give written notice mailed within ten calendar days from the alleged incident, which caused the expulsion recommendation, to the student if he/she is an adult. Such a hearing will be conducted not earlier than three calendar days or more than seven calendar days following the date of the notice except that the superintendent and the student and the student's parent may agree in writing.
  5. The notice also will state charges against the student in clear and concise terms, the names of witnesses who will appear against the student and a brief statement concerning the nature of their testimony.
  6. In every case of a hearing held by a school board regarding the expulsion of a student, the president of the board shall preside at the hearing. The student shall be entitled to representation by a lawyer or lay counsel.

##### **HEARING FORMAT:**

1. After the meeting is called to order, the purpose of the hearing is to be stated.

2. The student is to be asked if he/she is to represent themselves, if they are an adult, if his/her parent is to represent them if they are a minor, or if they have other representation.
3. It is them to be determined, by the student if he/she is an adult or by the parent if the student is a minor, if the hearing is to be “open” or “closed”. “Open” means that anyone, including the press, may be present. “Closed” means that only those directly involved in the hearing may be present. If the hearing is “closed” then everyone is to be removed from the room except: the student; the student’s parents; the student’s representative, if they have any; the superintendent; the principal, if involved; the board’s attorney, if they have one; and the board.
4. The superintendent will then to state the recommendation.
5. The superintendent or other person (such as the principal or teacher) will then set out the facts surrounding the reason for the recommendation.
6. The Board President will then inform the student that the student or his representative may then question the person making the statement. Only questions and not statements are to be permitted. Only one individual may question any given witness. Questioning of a witness from more than one individual will not be permitted. However, different individuals may question different witnesses.
7. When the administration’s presentation in support of the recommendation of expulsion is completed, the student (or parent or representative) will then be permitted to go forward with their witnesses, one at a time. When the original questioning of the witness is concluded, the school board members, the principal or the superintendent may ask questions.
8. After the witness in support of the student has been concluded, the student (or their parent or representative), may make a closing statement, as may wither the principal or superintendent.
9. If the hearing was an “open” hearing, the board must remain in open session to discuss the recommendation before voting. If the hearing was a “closed” hearing, the board should excuse themselves to executive session to discuss the recommendations before voting. Irregardless of whether the session was “open” or “closed” the board must vote in open session.
10. The board may accept, reject, or modify the recommendation of expulsion. Any modification may not exceed the recommendation of the administration.
11. The board shall briefly state its findings in writing within ten days after the hearing.
12. The board shall make a record of the evidence taken at the proceedings by use of a court reporter.
13. If the student wishes, the record will be transcribed and a copy furnished the student. Copies of all statements used, as evidence will be included with the record.
14. The president of the board or the presiding officer has the authority to limit unproductively long or irrelevant questioning by non-board members.

#### **4.32—SEARCH, SEIZURE, AND INTERROGATIONS**

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student’s consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Department of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, custodian, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, or other person having

lawful control by court order, or person acting in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

#### **4.32—SEARCH, SEIZURE, AND INTERROGATIONS—DHS**

##### **SEARCH AND SEIZURE**

Students have the right to be protected from unreasonable search and seizure by either state, federal or school officials.

School administrators have the responsibility to make a determination of the point at which the student's right to protection against unreasonable search and seizure is in conflict with the administrator's official duty to maintain a safe, orderly and efficient school. Search and seizure by the administrator and/or his designee may occur when suspicion exists.

Search and seizure by law enforcement officials shall occur when a warrant exists. School administrators have the responsibility to make students aware of search and seizure procedures involving school property and/or person.

Notification required in the above section is not required if school personnel make a report or file a complaint based on suspected child maltreatment as required under Arkansas Code 122-12-507 or if a law enforcement officer, Department of Arkansas State Police Crimes Against Children Division investigator or Department of Human Services investigator or personnel member interviews a student during the course of an investigation of suspected child maltreatment. (Act 1415 of the Regular Session, 2005)

### **LOCKER, PERSONAL, AND AUTOMOBILE SEARCHES**

School districts must create a climate in the school which assures the safety and welfare of all students. School authorities may search a student's locker, automobile, or make a personal search and seize any illegal or contraband materials.

A search should be limited to a situation in which the administration has reasonable belief that the student is concealing the evidence of an illegal act, contraband, or has violated a school rule. Dangerous items (such as firearms, weapons, knives), controlled substances as defined by Act 590 of 1971, as amended, and other items which may be used to disrupt substantially the educational process will be removed from the student's possession and will be reported and transmitted to the proper authorities.

#### **Locker**

Lockers belong to the school district; therefore, the locker and a student's property in the locker are subject to periodic administrative searches, and without the consent of the student if necessary. Searches should be made under the following conditions:

1. Students should be informed of the conditions governing the use of school lockers when locker assignments are made.
2. Searches should be made by only the building principal or an official duly authorized for that purpose by the building principal with a witness present. The search of a particular locker should be made only upon a reasonable assumption that the student is secreting evidence of an illegal act or contraband materials.
3. Blanket searches of every locker should not be permitted except in unusual circumstances, such as a bomb threat.
4. If practical, the student should be given the opportunity to be present when a search of personal possessions of his/her locker is conducted, and if there is no reason to believe that his/her presence would be a threat to the safety of the student or others.

#### **Personal**

Personal searches should be made under the following conditions:

1. An adult witness will be present when a personal search is conducted.
2. Students should be asked for their consent prior to a personal search. A search warrant should be obtained if a student objects to a personal search, unless there is reasonable cause to believe that a dangerous weapon such as a gun or knife is being concealed.
3. A pat down search of a student's person should be done by a school official of the same sex and with an adult witness present.

#### **Automobile**

Warrantless searches of student automobiles are generally valid upon a showing of probable cause.

#### **4.33—STUDENTS' VEHICLES**

A student who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

#### **4.33—STUDENTS' VEHICLES~DHS**

##### **VEHICLES**

Only legal, licensed insured drivers will be allowed to drive on the school campus. Proof of license and insurance are to be kept on file in the principal's office. Any student driving on campus without a valid license or insurance will lose his/her driving privileges until a legal license and proper insurance is obtained. Parents will be notified and the authorities will be informed. Proof of license and insurance must be turned in at the beginning of the school year. Students receiving their license during the school year must notify the principal's office immediately upon gaining their license and they must supply the appropriate insurance papers to the principal's office.

The following rules will apply to any student who drives a motor vehicle to school:

1. Cars, motorcycles, scooters, or bicycles are to be parked in designated student parking areas upon arrival in the morning.
2. Students are not allowed to sit in parked vehicles at any time during the school day.
3. Drivers will observe the 15 MPH speed limit in the immediate area of the campus, both elementary and high school.
4. Students are not to block the driveway to the agri building.

A student's privileges to operate a motor vehicle in the school area may be terminated for any driving, operating or using that vehicle in an improper manner. Repeated violations may result in the vehicle being towed away at the owner's expense.

Traffic regulations for the street to the high school set the speed limit at 25 MPH and 10 MPH in the parking area.

Do not cruise around in or on a motor vehicle in the vicinity of school during noon hour. This driving creates an extremely dangerous condition, and we feel that student's lives and property must be protected. Students should only be leaving if they check out or arriving if they are just getting to school.

Students will observe proper laws and procedures when arriving on campus as buses are being loaded and unloaded. No driver shall pass a school bus with its lights on while it is loading or unloading students. Anyone that does will be turned over to the police for a ticket. It is very important that safety procedures are followed around school buses.

In accordance to Act 37 of the 2011 State Legislature, no one shall use a handheld wireless telephone while operating a motor vehicle when passing a school building or school zone during school hours when children are present and outside the building, except for an emergency purpose.

### **Student Automobile Use**

The following rules will apply to any student who drives a motor vehicle to school:

1. Cars, motorcycles, scooters or bicycles are to be parked in designated student parking areas upon arrival in the morning.
2. Students are not allowed to sit in parked vehicles at any time during the school day.
3. Drivers will observe the 15 MPH speed limit in the immediate area of the campus, both elementary and high school.
4. Students are not to block driveway to the agriculture building.
5. Only legal, licensed, insured drivers will be allowed to drive on the school campus. Students will provide a copy of their driver's license and proof of insurance at the beginning of each school year.
6. All vehicles must give right-of-way to buses at all times.

CONSEQUENCES: Suspension of driving privileges for ten (10) days to one semester, corporal punishment, 1-10 days in-school suspension, 1-10 days out-of-school suspension, conferencing, permanent expulsion, parent conference, detention.

### **4.34—COMMUNICABLE DISEASES AND PARASITES**

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: chicken pox, measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally).<sup>1</sup> A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

The District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

#### **4.34—COMMUNICABLE DISEASES AND PARASITES~DHS**

##### **AIDS**

Because of the changing nature of the problem of AIDS, the Dierks Public School District chooses not to adopt a policy but rather to establish and rely on the following administrative guidelines:

All cases are decided on individual basis. The name of the child is not to be revealed except to those involved in the decision as to whether or not school attendance is appropriate.

Upon notification that a student with AIDS is enrolled or about to enroll, the Board of Education is notified and the Arkansas Department of Education AIDS Advisory Committee is notified. A panel is convened to examine the information about the case. The panel consists of the superintendent, principal of the student's school, the student's teacher, the school nurse, the student's parents and physician, and personnel from the County Health Department and AIDS Advisory Committee.

School district personnel rely on medical personnel to determine whether the student's presence in school is likely to pose a threat to other students. Medical personnel rely mainly upon the guidelines of the Centers for Disease Control. If it is determined the student is not a likely threat to other students, he/she is allowed to attend. School district personnel will request the assistance of the Arkansas Department of Health, the Arkansas Department of Education AIDS Advisory Committee and other groups of individuals knowledgeable in the handling of such cases.

Staff development and student awareness of AIDS will be provided as the need arises. The content of such programs, if needed, will be tailored to the various audiences and will be based on the latest information.

Due to public concern regarding AIDS, should a case be reported and/or made public, the superintendent is the only member of the district staff authorized to discuss particular case(s) with the media.

#### 4.35—STUDENT MEDICATIONS

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

##### **Option One**

The only Schedule II medications that shall be allowed to be brought to the school are methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse).<sup>1</sup>

For the student's safety, no student will be allowed to attend school if the student is currently taking any other Schedule II medication than permitted by this policy. Students who are taking Schedule II medications which are not allowed to be brought to school shall be eligible for homebound instruction if provided for in their IEP or 504 plans.<sup>2</sup>

##### **Option Two**

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse)<sup>1</sup> shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence<sup>1</sup> shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation.<sup>2</sup> A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically

authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.<sup>3</sup>

The district's supervising registered nurse shall be responsible for creating both on campus and off campus procedures for administering medications.

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District may:

- 1) Self-administer either a rescue inhaler or auto-injectable epinephrine;
- 2) Perform his/her own blood glucose checks;
- 3) Administer insulin through the insulin delivery system the student uses;
- 4) Treat the student's own hypoglycemia and hyperglycemia; or
- 5) Possess on his or her person:
  - a) A rescue inhaler or auto-injectable epinephrine; or
  - b) the necessary supplies and equipment to perform his/her own diabetes monitoring and treatment functions.

Students who have a current consent form on file shall be allowed to carry and self-administer such medication while:

- In school;
- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. an IHP that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. a current, valid consent form on file from their parent or guardian.

When the nurse is unavailable, the trained volunteer school employee who is responsible for a student shall be released from other duties during:

- A. The time scheduled for a dose of insulin in the student's IHP; and
- B. Glucagon or non-scheduled insulin administration once other staff have relieved him/her from other duties until a parent, guardian, other responsible adult, or medical personnel has arrived.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

#### Emergency Administration of Epinephrine

The school nurse or other school employees designated by the school nurse as a care provider who have been trained<sup>1</sup> and certified by a licensed physician may administer an epinephrine auto-injector in emergency situations to students who have an IHP developed under Section 504 of the Rehabilitation Act of 1973 which provides for the administration of an epinephrine auto-injector in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee certified to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from [and](#) a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been trained<sup>1</sup> and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and regulations.<sup>2</sup>

#### **4.35—STUDENT MEDICATIONS~DHS**

##### **FIRST AID**

It is the policy of the board that no drug or medication preparation, except for medicines or medications approved for first aid by the Arkansas school first aid guidelines, will be administered to a student by school personnel unless the student required the medication to attend school and unless a current valid doctor's prescription and instructions, as well as a written request form from the child's parents are received by the school. The Medication Administration Release Form may be obtained in the office of the principal.

##### **HEALTH SERVICES**

Rules and regulations of the Arkansas State Board of Health require the school personnel to refuse admittance of children with communicable diseases. Communicable diseases common to children are chicken pox, colds, diphtheria, measles, meningitis, mumps, poliomyelitis, scarlet fever, smallpox, typhoid fever, whooping cough, skin disease, lice, pinkeye, trench mouth, ring worms and contagious conjunctivitis.

Teachers should always be alert to symptoms of illness, and children with evidence of communicable diseases should be sent to the principal's office. If the child is to be sent home the parents should be notified of the child's condition and the reason for sending the child home. All pupils who have been absent with a communicable disease must present a written release from the doctor.

Oral medications for pupils given by the staff is prohibited by the law.

The administration of first aid, however, is permitted and expected. Although schools are not liable for injuries incurred on the school premises when proper supervision is provided, the teacher and other staff members are obligated to see that an injured child receives proper attention.

When an injury or illness of serious nature occurs, the parent or guardian should be notified immediately. When the parent or guardian cannot be located, the school may refer the child to the physician authorized by the parent.

The Dierks Public School does not assume liability for doctor's fees or accident or injuries occurring at school.

No student will be allowed to clean up any bodily fluids. The parent/guardian of a student who needs to carry an asthma inhaler or auto-injectable epinephrine, or both shall provide the school with written authorization for the student to carry an asthma inhaler or auto-injectable epinephrine, or both, on his or her person for use while in school, at an on-site school sponsored activity, or at an off-site school sponsored activity as stated in Arkansas code 6-18-707. (Act 1694)

#### **4.36—STUDENT ILLNESS/ACCIDENT**

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.<sup>1</sup>

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

Tornado drills shall also be conducted no fewer than three (3) times per year with at least one each in the months of September, January, and February. Students who ride school buses,<sup>1</sup> shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct an active shooter drill and school safety assessment for all District schools in collaboration with local law enforcement and emergency management personnel. Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.<sup>2</sup>

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of an earthquake or terrorist attack that might include the use of biological or chemical agents. Students shall be included in the drills to the extent practicable.<sup>2</sup>

#### **4.37—EMERGENCY DRILLS-DHS**

A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received<sup>2</sup>.

#### **4.39—CORPORAL PUNISHMENT**

The Dierks School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or his/her designated staff members who are required to have a state-issued license as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

#### **4.39—CORPORAL PUNISHMENT~DHS**

##### **CORPORAL PUNISHMENT**

Act 904 of 1977 authorized any teacher or principal to use corporal punishment in a reasonable manner against any pupil for good cause in order to maintain discipline and order within the public school.

In 1988, the U.S. Supreme Court held that spanking children as a means of maintaining school discipline did not constitute cruel and unusual punishment in violation of the Eighth Amendment to the U.S. Constitution.

Reasonable discipline may include the administration of corporal punishment to a student in the exercise of a sound discretion by a certified employee, provided that corporal punishment shall not be excessive or unduly severe.

1. It may be used only after other alternatives, including but not limited, to counseling, have failed or in unusual circumstances.
2. It will be administered in the presence of at least one certified employee in addition to the person dispensing it.
3. It will not be administered in the presence of other students, with malice or anger or in excess.
4. Before corporal punishment is administered, the student should be advised of the rule and infraction for which the student is being punished in the presence of the witness. If the student claims innocence, the certified employee will permit the student to state his/her position.

5. Refusal to take corporal punishment may result in suspension or other disciplinary measures.

#### 4.40—HOMELESS STUDENTS

The Dierks School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
  - Are enrolled in school;
  - Have opportunities to meet the same challenging State academic standards as other children and youths; and
  - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.<sup>1</sup>

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

- Continue the child's or youth's education in the school of origin for the duration of homelessness:
  - In any case in which a family becomes homeless between academic years or during an academic year; and
  - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or

- Enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;

- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.<sup>2</sup>

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

1. Are:

- Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;

- Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;

- Living in emergency or transitional shelters;

- Abandoned in hospitals.

2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

4. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.<sup>3</sup>

#### **4.41—PHYSICAL EXAMINATIONS OR SCREENINGS**

The district conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

#### **4.42—STUDENT HANDBOOK**

It shall be the policy of the Dierks school district that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and counselors shall also review Policies 4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS and the current ADE Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

#### **4.43—BULLYING**

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

**All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7<sup>th</sup>) grade, or when a seventh (7<sup>th</sup>) through twelfth (12<sup>th</sup>) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record.<sup>1</sup> This policy is to be included in student handbooks for grades six (6) through **twelve (12)** and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.**

**While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. **This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year **as part of the annual school district support plan development process**<sup>3</sup> to determine if changes need to be made to better**

serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

1. REQUIRED COURSES FOR GRADUATION

4 units	English
4 units	Math Core Requirements are Algebra I, Geometry, Financial Algebra, Algebra II, Trigonometry or Algebra III
3 units	Science Core Requirements are Biology, Physical Science, Chemistry, Physics, Environmental Science, or Computer & Mathematics

Students attending Dierks High School that complete the required 24 credits will be allowed to graduate at the end of the school year in which they attain the 24 credits if the student desires to graduate early. The early graduation is in accordance with Act 275 passed in 1997 by the State Legislature. It is understood that this Act only applies to graduation and does not affect Prom attendance, Sr. rings, etc. Act 275 passed in 1997 by the state legislature allows students to graduate early if they complete the required courses. Students of Dierks High School that complete the required 24 credits (both state and district requirements), will be allowed to graduate at the end of the school year in which they complete the required credits. Due to scheduling problems, no student will be allowed to enter senior level classes before their senior year. (This may not apply to students that transfer

to Dierks High School from other schools. They may have already taken some of our required senior classes elsewhere.) Therefore, to graduate early, there are certain classes students will be required to take outside the regular school day. These are English IV, , and Personal Finance/Investments and Securities and a 4<sup>th</sup> Math. These classes may be taken at any college and the student must request credit for these college classes via the concurrent credit system. Classes that may be substituted are Composition I and Composition II for English IV. Success Strategies may be substituted for Intro to Finance only if a student is attempting to graduate early.

2. The Dierks School District will attach seals to the transcripts and diplomas of students who complete the core curriculum with a 2.75 GPA. (Act 977 of 1977)

3. ELECTIVES

All students must take 8 subjects each semester. No high school diploma will be awarded to any student having an insufficient number of quality points based on the following:

- A four points (five points for weighted courses)
- B three points (four points for weighted courses)
- C two points (three points for weighted courses)
- D one point (two points for weighted courses)
- F no points (no points for weighted courses)

When two or more students have the same number of quality points their rank in the graduating ranking shall be the same.

The Valedictorian and Salutatorian are determined at the end of the eighth semester of work by the total number of quality points obtained. (Grade point is not a consideration). No student shall be eligible for Valedictorian or Salutatorian who has not attended Dierks High School the last three (3) consecutive semesters before graduation.

Participation in graduation exercises will be limited to those students who are receiving diplomas.

The Valedictorian and Salutatorian and Honor Students will be determined after eight (8) semesters. Beginning with the Class of 2005, all students who have a 3.50 cumulative grade point average at the end of the eighth semester of work will be recognized as Honor Students at graduation. This shall be based on a 4.00 grade point. (No weighted quality points will be added to help a student achieve a 3.50) cumulative grade point average means for all work from the ninth grade through the second semester of the 12th grade. (See Concurrent Credit Policy) Also, for a student to be recognized as valedictorian, salutatorian, or honor graduate, he/she will have completed the Smart Core curriculum and the graduation requirements for Dierks High School. Beginning with the graduating class of 2020, these honors must be earned by taking at least two (2) advanced placement courses as well.

For the purpose of arranging the honor students only to march in at graduation, they shall be arranged according to quality points obtained at the end of the eighth semester of work. Quality points for weighted classes will count for graduation walking arrangements. The remainder of the class will march in, in alphabetical order. For the purpose of walking, students wishing to graduate early will walk at the end of this year's class or the end of the honor graduates, whichever applies to that student.

**SCHEDULE CHANGES FOR 9-12**

Schedules may only be changed during the first week of each semester through the counselor's office, only if the student and parent meet with the counselor and shows due cause. After the first week has expired, any subject dropped must be approved by the principal. Unusual cases involving dropping a course, will require permission from principal's office.

For students to change their schedule in the fall or at midterm, will require that: (a) They pick up a drop-add form from the counselor; (b) They have the form signed by both the losing teacher, the gaining teacher, and the counselor; and (c) The counselor will decide if the schedule is to be changed.

4. Act 1326-Graduation--Math and Science School Seniors

Students who attended school at the Dierks School District prior to acceptance to the Arkansas School for Mathematics and Sciences may elect to participate in graduation activities.

Students attending the Math and Science School will be sent a questionnaire at the beginning of their fourth year of high school in which they are to indicate which activities they plan to attend. The questionnaire will be sent to the last address of record in school district records. Failure to return the questionnaire by October 1 will constitute a waiver of the election to participate. Students who will graduate early and who intend to participate in any activities must notify the senior high principal, in writing by October 1 that they will graduate early and plan to participate in graduation activities.

Math and Science students will be responsible for the costs of these activities to the same extent as Dierks students, and agree by participating to abide by the Student Handbook of the Dierks School District at these functions. Math and Science students may be barred from attending one or more future events upon recommendation of senior high school principal, subject to appeal to the superintendent, whose decision shall be final.

Math and Science students who participate in the graduation ceremony are not eligible to be recognized as valedictorian or salutatorian, but upon presentation of an official transcript from the Math and Science School, at least, 7 school days before graduation, will be recognized as honor graduates. Math and Science students who choose to participate in graduation ceremonies will not receive diplomas issued by the Dierks School District, but will instead be presented with certificates of recognition.

5. Participation in Graduation

Students fulfilling all graduation requirements will receive a diploma from Dierks High School.

Students not fulfilling all requirements for graduation may be permitted to participate in graduation only under the following conditions:

A student may fail up to two required courses during the spring semester of the graduation year, but this student must have made-up all required courses for graduation, that has been failed during the 9th, 10th, 11th, and the 1st semester of the 12th grades, by the end of the fall semester of the graduation year. Also, this student must have at least 23 credits completed by the end of the spring semester of the graduation year. The student will receive a certificate of attendance until all graduation requirements have been successfully completed.

6. Rules Regarding the Graduation Ceremony Students will be required to sign a behavioral contract prior to graduation insuring proper behavior. All diplomas will be withheld until the week after graduation (an empty folder will be presented during the ceremony). Appropriate attire (dress pants or skirt with dress shoes-no flip flops, tennis shoes or jeans/shorts )will be strictly enforced. If students are not dressed appropriately they will be denied the right to walk and will be escorted from the building. If students misbehave during the ceremony they will be escorted out of the gym: Their diploma will be withheld until they serve in school suspension through the end of the last regular day of school.

**4.45.1—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2021 AND THEREAFTER**

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, both a *Smart Core Informed Consent Form* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7<sup>th</sup>) grade,

or when a seventh (7<sup>th</sup>) through twelfth (12<sup>th</sup>) grade student enrolls in the district for the first time and there is not a signed form in the student's permanent record. Parents must sign one of the forms and return it to the school so it can be placed in the students' permanent record.<sup>1</sup> This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the requirements of their IEP (when applicable) to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the time they are required to sign the consent forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year.<sup>2</sup> Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process<sup>3</sup> to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:<sup>4</sup>

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.<sup>5</sup>

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS.

### **GRADUATION REQUIREMENTS**

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. The additional required units may be taken from any electives offered by the district.<sup>6</sup> There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

### Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format.<sup>7</sup> In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased<sup>1</sup> which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than 30 days after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook;<sup>2</sup> any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

### **4.49—SPECIAL EDUCATION**

The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, as required under the Individuals With Disabilities Education Act

("IDEA"), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities.<sup>1</sup> Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

#### **4.49—SPECIAL EDUCATION~DHS**

#### **4.50 SCHOOL MEAL MODIFICATIONS**

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request such a dietary accommodations for their student with a disability must submit a Certification of Disability for Special Dietary Needs Form completed by a State licensed health care professional which includes:

- Physicians, including those licensed by:
  - The Arkansas State Medical Board;
  - The Arkansas State Board of Chiropractic Examiners (Chiropractors);

- The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student’s disability that is sufficient to understand how the disability restricts the student’s diet;
2. An explanation of what must be done to accommodate the disability, which may include:
  - a. Food(s) to avoid or restrict;
  - b. Food(s) to substitute;
  - c. Caloric modifications; or
  - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district’s Director of Child Nutrition<sup>1</sup> shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student’s disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child’s disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District’s 504 Coordinator<sup>3</sup>, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

## **4.50—SCHOOL MEAL MODIFICATIONS~DHS**

### **SCHOOL LUNCH PROGRAM**

Dierks High School operates hot breakfast/lunch program at minimal cost. Prices may vary from year to year depending on the cost of operation.

Students may pay in the office or pay the lunchroom clerk in the cafeteria. Three classifications of lunches are available: (1) full cost; (2) reduced price; (3) free.

Forms are distributed at the beginning of each school year and are always available in the office explaining the lunch program. Those who feel that they qualify for reduced price or free school lunches may fill out a form and return it to the office. Every effort is made to keep recipients' status confidential.

Students will not run from any school building to the lunchroom, nor will they be allowed to cut in line. Students are to form a single line along the wall of the entrance to the cafeteria. No student will take food or drink from the lunchroom.

Any group or individual using the lunchroom after school hours must obtain permission from the administration. If the kitchen is used a cook must be present and will be paid a fee.

## **4.51— FOOD SERVICE PREPAYMENT~DHS**

### **CHARGES**

Lunch charges will be limited to any amount equal to two (2) days of meals. When the amount reaches this level, no more meals may be charged until payment is received.

All charges, fees, or fines must be paid at the end of each grading period before report cards are issued. Charging privileges will be suspended a few days before the end of each 9-weeks period while accounts are paid up.

## **4.52—STUDENTS WHO ARE FOSTER CHILDREN**

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the ADE, and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.<sup>1</sup>

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise, or DHS grants a request to transfer under Foster Child School Choice , ensure that the foster child remains in his/her current school, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.<sup>2</sup>

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.<sup>3</sup>

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.<sup>4</sup>

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

### **Foster Child School Choice**

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by ADE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:<sup>5</sup>

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:

- The Foster Child School Choice Act;
- Opportunity Public School Choice Act of 2004;
- The Public School Choice Act of 2015; or
- Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child’s school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child’s transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

#### **4.53— PLACEMENT OF MULTIPLE BIRTH SIBLINGS**

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14<sup>th</sup> calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
  - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
    - Detrimental to the educational achievement of one or more of the siblings;
    - Disruptive to the siblings’ assigned classroom learning environment; or
    - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

#### **4.54 - STUDENT ACCELERATION**

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. It can

allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school<sup>1</sup> Gifted and Talented Program Coordinator who shall convene the individuals necessary to make an informed decision which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented (GT) Program Coordinator<sup>1</sup> will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator<sup>1</sup>. The District's GT Coordinator<sup>1</sup> and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

## **4.54 - STUDENT ACCELERATION~DHS**

### **ACCELERATION OF A STUDENT**

The following are the criteria a student must meet to be eligible for acceleration to a higher grade:

1. Request by parent
2. 99% on an Achievement Test
3. 130+ on an Intelligence Test
4. Psychological Test
5. Recommended by a panel of teachers
6. High School students must meet all graduation requirements

## 4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents or guardians shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents and teacher(s) of a student in kindergarten through eighth (8<sup>th</sup>) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.<sup>1</sup> If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference between the building principal, the student's teacher(s), counselor, a 504/special education representative (if applicable), and the student's parents shall be held before a final decision is made. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Beginning with the 2018-2019 school year, each student<sup>2</sup> shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- § The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- § Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.<sup>2</sup>

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention or graduation of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment. The Superintendent or designee may wave this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.<sup>3</sup> Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.<sup>6</sup>

## **4.55—STUDENT PROMOTION AND RETENTION~DHS**

### **CORRESPONDENCE WORK**

The Dierks High School does not encourage correspondence work toward graduation, but in some instances feels that it is necessary to permit a student to use this means to achieve a diploma. Listed below are guidelines that may be used in determining whether a student is eligible to take correspondence work:

No one will be allowed to take correspondence toward a degree if he/she can attend regular classes.

Students who drop regular class work at the school's request, will be permitted to take four units of correspondence work.

Students who fail will be permitted to make up this deficiency while attending a regular term. A student will not be allowed to take over two units of correspondence work.

If a physical disability keeps a child from attending school, he may take an unlimited amount of correspondence.

Any course of correspondence must be approved by the school administration and all such work must be from an accredited institution.

Students doing correspondence work toward a degree from Dierks High School, must meet all the graduation requirements of regular students.

Students will not be permitted to take correspondence courses for the purpose of making quality points to overtake other students in quality points. Quality points will only be counted for correspondence courses if needed to meet the minimum required for graduation.

Students, who complete their school work by correspondence after their scheduled class graduates, will receive a diploma but will not be permitted to take part in graduation exercises. Students must be in attendance in order to take place in graduation ceremonies.

## **4.56—EXTRACURRICULAR ACTIVITIES – SECONDARY SCHOOLS**

Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by ADE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

#### **4.59—ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOL STUDENTS**

The District allows private school and home school students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered in grades 7-12<sup>1</sup>. The District will place a list of courses that a private school or home school student may request to attend on its website by:<sup>2</sup>

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home school student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:<sup>2</sup>

- a. August 1 for Fall semester courses; or
- b. December 1 for Spring semester courses.

The District may reject a private school or home school student's request for attendance if the District's acceptance would:<sup>3</sup>

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cause the District to provide educational services the District does not currently provide; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home school student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home school student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home school student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home school student shall:

- Indicate the course(s) the private school or home school student is interested in attending;
- If the course(s) the private school or home school student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home school student intends to attend the physical course or the digital course;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS. In addition to the documentation methods provided in Policy 4.57, a home school student may submit a letter to the superintendent, or designee, stating an objection to immunizations and listing the immunizations the student has received, if any.

A private school or home school student who fails to attend an academic course by the eleventh (11) day of class shall be dropped from the course.

The responsibility for transportation of any private school or home school student attending academic courses in the District shall be borne by the student or the student's parents.
