- ✓ Apply to colleges by February 1 (the Priority Scholarship Deadline for most colleges).

## Juniors: Concurrent Enrollment Options

As you are deciding on what concurrent college courses to enroll in for the Spring 2019 semester, please remember that you can take online courses at WSU Tech for only \$72 per credit hour (\$216 for a 3 credit hour course) which is much less than the cost at Redlands or OCCC. Please check out the elective classes offered online at WSU Tech

before enrolling in a concurrent course. You may be able to save money! Contact Mrs. Burns for more information on enrolling for online courses at WSU Tech.

## Sophomores: Practice With ACT Academy

**ACT Academy**  
Free, personalized practice for the ACT test.

You have completed the pre-ACT and should receive your test results soon. If you need practice to improve your scores before you take the test again, check out **ACT Academy**. It will allow you to enter your test scores and provides personalized practice for you based on the areas in which you most need help. This is a **FREE** tool, so take advantage of it and improve your ACT scores!

## Freshman: Focus on Your Future

If you are interested in Engineering, there will be a Career Tech pre-engineering presentation held sometime in January. The Pre-Engineering program at Canadian Valley, unlike other programs at CVTech, can begin the Sophomore year. More information will be provided when a specific date is scheduled for the presentation.
