

Dear Parents,

Dayton ISD will continue to update you on any developments we are given through the Harris County investigation. Many are asking what the next steps are as we continue to focus on our children. Dayton ISD encourages parents to discuss the situation with their students in an open, honest, and age-appropriate manner. We encourage you to listen to your student and to contact the school if you feel that your child needs additional support. Counseling referral information is available at each campus. Additional information can be found on the district's website under District Info/Counseling Referrals. In partnership with Bridgehaven, brochures with tips on ways to talk to your child are also available in the front offices of each school.

Dayton ISD staff is committed to our children. We will continue to focus on the safety along with the academic success for all students. If you have any questions, please do not hesitate to contact us. Thank you for your continued support and partnership with our school.

Dr. Jessica Johnson
