## **In The Courtyard Students Speak Out**

I like the idea of staying in the courtyard because it is safer. However it would be nice to have more benches. It is nice most of the days, but if the weather is windy or cold, it's harsh. I do think that staying in the courtyard also gives it a use, because it was hardly used before.

I think it's a good thing that we are blocked from people who can drive down the road. We need more seats where we can sit.

I like the after lunch time by the flagpole better because there are more seats than in the courtyard. I understand why they have us in the courtyard because it is safer. The courtyard needs more seats.

I like having lunch in the courtyard. It's pretty chill. It's different than being in the gym or in front. We should stay in the courtyard.

Lunch in the courtyard is pretty awesome. I really enjoy it and I think it is fun. When the weather is nice, it's a great way to soak up some sun. I found it boring being cooped up in the gym. People seem to have more fun when they are outside. I think we should stay outside from now on.

The courtyard is a safer place to be during lunch but on hot days there is no shade. Even when it's nice outside, after 15-25 minutes it gets intense in the courtyard, too warm and the direct sunlight makes it worse. I do not like the courtyard and when it comes to safety, we should go to the gym or auditorium after lunch.

Sitting in the courtyard is dumb. There aren't enough seats and no one wants to stand up. If they just let us stay in the gym, there would be lots of room to sit.

I think the kids here like going outside after lunch. It's a good thing for kids to get fresh air and all be in the same place at the same time. The only thing is we need more chairs in the courtyard.

I think it's a good idea that we moved to the courtyard because it's safer. One downside is there is barely any place to sit.

I like having lunch break in the courtyard a lot more than in the gym. It isn't as loud or crowded and you get fresh air and you can be loud without an echo and we don't have to be with the little kids.

Being in the courtyard is more fun than being in the gym. We can all talk and be loud and not get in trouble for standing. I would be completely fine with the courtyard if there were more seats.

Summary: Most of the students who shared their opinions like going to the courtyard after they eat lunch. It was almost unanimous that WE NEED MORE PLACES TO SIT in the courtyard. And some shade would be nice too.
