

Ozark School District

PO Box 135
Ozark, AR 72949

Dear Parent,

The Ozark School District has the opportunity to provide you with the ability to access your student's school information over the Internet through a website called Home Access Center (HAC). Through HAC, you can view a daily summary of your student's attendance, schedule, and classwork, along with interim progress, report card, and discipline. Use the following URL to access HAC:

<http://hac20.esp.k12.ar.us/>

Once the login screen is accessed, you will need to choose "Ozark School District" from the drop-down menu at the top of the screen. You will also be prompted to enter a login id and password which are provided below.

First time users to HAC may be required to compose and answer security questions. These questions and answers should be recorded and kept in a secure location. They will be used to access HAC in case of a forgotten or an expired password.

Additionally, Home Access Center offers another option to view your child's information. The eSchoolPlus Family App is available for parents and students. Attendance, class work, class events, activity calendar events, and student grades can be viewed through this app. There is also the ability to send an email to a teacher by tapping the teacher's name. This app uses the same login and password as used for HAC.

The eSchoolPlus Family App can be downloaded from the iPhone's App Store or the Android's Google Play Store.

If you have any questions or problems with HAC, please call your child's school office.
